Easter Greetings

The season of the Resurrection and their Moderator extend joyful Easter greetings to all the students and faculty of Marian college. We sincerely hope the blessings of Easter will extend to each of you through Love Sunday and that the occasion days will be brightened by the dazzling white appearance of the newly risen Savior.

In the early days of Christianity all of Easter Week was one continuous feast. A Special Mass of the sixth century shows three Masses for each day of the Easter Octave. Priests in France used to celebrate two Masses every day during Easter Week. In the days of the Roman Empire services at morning, noon and night attracted many people to the churches.

Easter Week is called “White Week” in the Western Church and the “Week of New Garments” in the Oriental Church to express the idea of new life received in Baptism on Holy Saturday and in the Resurrection of Easter Sunday. The new Christian wore their white baptismal robes all week and on the Sunday after Easter they were solemnly discarded from their special place in the sanctuary.

That day, “White Sunday,” was for centuries, and still is in many parts of Europe, the time when children, dressed in white and lighted candles, received their First Holy Communions.

Because Easter lasted for eight days, including two Sundays, Easter and White Sunday, the words “high” and “low” were sometimes used. The primary Sunday was Easter and the secondary, called “Low,” was another name for White Sunday.

Advisory Board Organizes;
Meets to Choose First Officers

Creation of a Marian College lay advisory board has been announced by the chairman of the Board of Trustees, Mother Mary Cephas, O.S.F. The purpose of this board is to advise and assist the College Board in matters concerning the college’s welfare, business administration, and development. A nominating committee in consultation with the president, Father Boie, selected the nominees.

Comprising the board are: Mr. John K. Ruckelshaus, acting chairman, senior partner of the Craig, Reilly, and O’Connor law firm; Mr. George A. Bischof, president, Bischoff Insurance company; Mr. Hugh V. Brady, assistant vice president, Indiana National Bank; Mr. Thomas P. Carney, vice-president, Research Development and Control, Eli Lilly and company; Mr. Mark Gross, president, Mark Gross and Associates, a national public relations and advertising firm.

Other appointees are: Mr. Karl F. Johnson, chairman of the board and president, Steel Parts corporation; Miss Josephine Madden, a journalist such as Cerebral Palsy and Travelers’ Aid; Mr. Albert L. Nearns, president and managing editor, Electric League of Indianapolis, Inc.; Mrs. Joseph L. Ritter (Mary Jane Henry), ’48, Sequin company; an employee worker for the Catholic Charities bureau.

Also advising will be: Mr. Fred J. Schoettle, chairman of the board, Seaboard plant of the United States Rubber company and founder-director, United Home Life Insurance company; Mr. Frank J. Travis, vice-president in charge of Securities Investment, American United Life Insurance company; Mr. Charles E. Wagner, president, Burnet Lumber company, Inc.

Late Flash: At the organization dinner-meeting this afternoon Mr. Ruckelshaus was elected chairman, Mr. Bischof, vice-chairman, and Miss Madden, secretary.

Regional N.F.C.C.S. Members Elect Sophomore Paul Fox New President

Elimination of red tape and overstructure in organization of the National Federation of Catholic College Students was accomplished by the Congress of the Fort Wayne Region, held at Notre Dame university, April 6-7.

Toward this end, the regional structure has been condensed (from the ineffective and involved committee system, necessitating a committee for each type of campus club, to a flexible program freely adjustable to local situations, thus reaching more students.

All activities will now fall under two general classifications, Student affairs and Religious affairs, coordinated by a regional officer over each.

Elected to guide the region in its activities during the coming year are: Paul Fox, Marian college, president; Jack Conroy, Notre Dame university, vice-president; Student affairs: Lee O’Connor, St. Mary of-the-Woods college, vice-president; Religious affairs: Catholic, Aquinas college, secretary; and John Burns, Aquinas college, treasurer.

Mothers to Sponsor May 8 Card Party

Anyone for bridge? The Marian Guild card party is to be held May 8 at 8 p.m. in L. S. Ayres auditorium and at 8 p.m. on our campus.

Pretty and practical aprons made by members will be given as table prizes. A hand-made quilt, donated by the Sisters at Oldenburg, and a set of silverware will be special attractions. Proceeds from the card party will help defray the cost of equip-8ing offices for faculty members. Tickets may be purchased for $1. Co-chairmen of the party arrangements are: Mrs. Alfred Beede and Mrs. Charles Doelter.
Student Proxy Speaks

It is once again that time of the year when the student body elects its student managers, those who will represent its interests in student government.

It is imperative, then, that the students desire that their interests be furthered to the highest degree, that they elect capable, and more important, responsible people to every lower office.

When voting for student officers, the students are urged to consider these elections in the light of the high degree to which they expect to accomplish, for the college and themselves, in the coming year.

Leaving the hands of students who are considering placing themselves in the running for an office are obligated to meet the demands placed on them and the devotion they will be required to make with the acceptance of this honor. If you have accepted and are elected, whatever the office, you have the obligation to meet the demands of that office, many times at a sacrifice of personal benefit.

Old Men of Marian

Stand Ready to Serve

By Bill Brady and Joe Hertz

Establishment of Marian College as a coeducational institution of higher learning has also seen the birth of a new and exclusive campus club. The community is now blessed with The Marian College Veterans’ Association, whose membership is restricted solely to those light-hearted lads more commonly referred to as the “old men.”

M.C.V.A. was organized with a two-fold purpose in mind—first, to organize the veterans into an effective social body from which they will further their mutual benefits, and secondly, to give their support and encouragement, wherever practically possible, to many worthwhile project of the college community.

Beck, Organizer, First President

This difficult and thankless task of organizing the club was spearheaded by sophomore Dick Beck, who, on his own initiative, spent many weeks of canvassing, recruiting and “talking it up” among the faculty and potential members. Dick was organizing the club was spearheaded by Doherty, secretary; and Larry Ittenbach, treasurer.

World Travelers

Moving to a lighter side, a quick poll of the present 21 charter members shows not only a representation of the Army (13), Navy (5), and Air Force (3), but also of the miles traveled and countries visited. This mileage has taken them to the far corners of the world, free of charge, which includes 5 continents and 35 countries. Some were even sent to the U.S. to complete high school.

The number of places visited is equaled by the variety of John held by the members of the club. They ranged from infantry men, engineers, and medical to demolition experts, instructors and chaplains’ aides. With their travels and experience, any of these men would well qualify as after-dinner speakers.

We hope the “Marian Family” will welcome the youngster club on campus and take advantage of its offer to serve “outside uniform.”

The faculty and students extend their sympathy to Rosemary and Joe Archer, freshman and junior respectively, who are mourning the death of their father.

Prayers are being offered.

What Every Student Should Know

by Bernard F. Dower

If you still haven’t decided upon a place to spend your summer vacation, let me suggest Vaduz, the capital of Liechtenstein.

You say you have never heard of Liechtenstein? Well it is a beautiful little country between Austria and Switzerland. It’s 15 miles long and 5 miles wide, and situated in a valley surrounded by snow capped mountains. Vaduz has a population of 2500, and you can stay in the best hotel (at the time) in town for $5 a week, including meals.

The Prince who rules the tiny country, lives in a “fairy tale” castle that sits on a cliff overlooking the city. You will most likely meet him in the town’s restaurant; he often eats there in the evening. Your visit to the principality will be a national affair since very few tourists ever go there. The country has not been commercialized and the tourist potential was rewarded for his efforts by being elected the first president of the M.C.V.A. His capable assistants for the remainder of 1957 are Bill Brady, vice-president; Phil Allen, secretary; and Larry Ittenbach, treasurer.

Scene from "Better City" Project

In "Better City" Project

The winter months are through. Why? Because it’s spring!

Glance around the campus.

Pupils will be encouraged to clean up and practice to carry into May, the Blessed Mother’s month, and into our future lives.

You Can Make History

Subscribers to the 1957 edition of The Marian will be pleased to hear that the yearbook will be here the second week in May. At least, that is what the printer has promised.

The time and work the staff has put into the book is almost complete. Their reward will be to see their finished product and hope that every student will be proud of it.

A look at last year’s book can only bring a feeling of gratitude to the present seniors for establishing so worthwhile a precedent.

To make noble contributions for next year’s book, let’s not forget that there is a month and half of classes and the students will be busy preparing for the spring examination.

It is customary to replace the yearbook with an improvement campaign. This project which begins Apr. 28, continues to May 11, when a parade of school floats depicting achievements is scheduled to take place at 1:30 p.m.

Public and parochial schools will participate under the direction of their teachers. Pupils will be encouraged to clean up and beautify their school grounds and home lawns.

Marian has offered its services by developing plans to beautify the campus and by welcoming visitors to the grounds. The conservation and M-Club groups are giving penalties, and works of charity, for which Lent has been a preliminary preparation.

Not only is the student gaining untold graces, but he is developing the habit of daily Communion—a practice to carry into May, the Blessed Mother’s month, and into our future lives.

—A. M. H.

Fasting Laws Present

Added Opportunities

It is appropriate that the new Enchiridion fast laws be published in this Easterner. All Catholics have the opportunity to receive Holy Communion frequently and take advantage of special graces of the season.

A word of thanks is due to our priests on campus who are sacrificing time and are fasting to offer 11:30 a.m. Mass. They also distribute Holy Communion daily after 7 a.m. Mass at intervals until 8:15 a.m. Mass.

Students unable to attend Mass before classes can take breakfast, and after a three-hour fast from solids and two hours from liquids except water, have the opportunity to receive Communion before lunch.

In return for this privilege, the Catholic should compensate with sacrifices, penances, and works of charity, for which Lent has been a preliminary preparation.

Caskets, Canoes To Add Variety In Frosh Summer

by Nancy Heiskell and Diane Wolf

After taking a poll among the freshmen to discover what they are planning this summer, it is quite evident that the majority of our co-eds will be office workers, pounding away on that marvelous invention—the typewriter. Many of the fellows will be developing their muscles and acquiring a tan while doing construction work. Of course, a summer "vacation" would not be complete without various trips. Florida seems to be the most popular destination for some who are fortunate enough.

Balls, More Balls

On the weekends, some of these same girls will change from the office attire into hula-hooping gowns for friends' and relatives' weddings.

School bells, summer school, that is, will be ringing for some of the more industrious ones. Among them are: Atha, Alter and Bob Rhinehold, who will be attending I.U. extension. Ann Gintner, who is planning to major in French at the University of Ottawa in Canada; and Manolita Portela, who will study Latin at Notre Dame. The most industrious ones will be ringing for Cornelis Howe on Aug. 24 in Cleveland, Ohio, when he will become a lucky bridegroom. Among the more popular activities are: Anita Alter and Bob Tierney.

Sophomore Marguerite Branday, a native of Jamaica introduced her country to the members of the C.S.M.C. at a recent meeting. As a new attraction to the Wednesday afternoon gatherings, foreign students are invited to present information concerning their homes. Acquainting students with news from other cultures in this manner aids in stimulating mission activity on campus.

Although definite information has not yet been received, the Hungarian student is expected to arrive on campus before school reopens for summer vacation.

From Sewing to Camping

For something unique, take a trip to Connersville, where you will find Mary Rita Schlichte sewing satin linings inside caskets.

On the more adventurous side was a trip to Tippin French, where William Thomas will endeavor to drill the scales to music pupils while still other pupils will be able to work in line with their majors and further explore those fields.

If you should happen to be near the Marion campus this summer and in need of baby-sitters, you might notice a group of students departing with a more or less dedicated air about them. They are members of the Red Cross unit and their destination is the Juvenile center on Keystone ave.

With the new center having been opened, the students of Marion have a job to fill. The Red Cross unit and their destination is the Juvenile center on Keystone ave.

C.S.M.C. Club Heats Foreign Students Talk On Their Homelands

Latin American customs, peoples, and progress of Catholicism was the topic of discussion at the April 19 C.S.M.C. meeting. Pat Tracey, chairman, conducted a panel including Emile Clevergne and Joe Tierney.

SPORTS LEADERS POOL IDEAS FOR FIELD DAY

Field Day is now under discussion at A.R.A. meetings and is scheduled for Wednesday, May 14. Under the direction of both the M.C. and the A.A.A., the day will include the usual picnics and wide variety of contests.

Members of the A.R.A. attended a weekend Sports Day held at Butler. The program was highlight of a swimming party on May 29 and various activities on the 30th.

A.R.A. PRESIDENT Erna Gibson suggests practices as the women move into spring sports.
