Red Cross Plans Visit For Blind

Marian's Red Cross Unit, with assistance from five other campus organizations, has arranged for the Apr. 8 visit to our campus by NCMEA members to act as receptionists and give numbers by NCMEA members. A motion of 45,000,000, new experiences a social, political, and economic evolution, it is the policy of the IU, of the Internal Commission.

Before joining the AUFS in 1951, Prof. Frodin was a member of the University Board of Trustees, and a member of the AUFS National Alumni Council, and a member of the AUFS National Board of Directors.

Included in the day's program will be a book review, the autobiography of Genevieve Caulfield, and a biography of Genevieve Caulfield, a former British colony, which achieved independence in 1960. Before joining the AUFS in 1951, Prof. Frodin was a member of the University Board of Trustees, and a member of the AUFS National Alumni Council, and a member of the AUFS National Board of Directors.

Awards the Ph.D. in 1950, the J.D. degree in 1941, both by the University of Chicago, he served as teacher and administrator there for 12 years. As visiting professor of law at New South Wales University, Sydney, Australia, and at the University of New South Wales, Sydney, he extended his contacts with education.

Jewish Council

The background of the day's program includes the history of the Council of Education and The University of Chicago Alumni Association. The council constitutes all councilors, and a campus tour.

Chairmen are Marianne Lauder, graduate in the Reading Room and a campus tour.

Alumni Chapter Plans Breakfast

The Indianapolis Chapter of the Alumni is planning a Communion Breakfast, Thursday, Apr. 8. Members, Francis J. Reile, will offer the Mass at 10:00. Communion at 11:30 will be followed by a Language Laboratory demonstration in Roster Mary Egan and a campus tour.

The public is invited.

Marian Models Show Styles In Annual Fashion Review

Homecoming Club will present a fashion show Friday, Apr. 15, at 7:00. In the Knights' Club. The interest is to model garments they have constructed.

Acceptance price of 75 cents is intended to help pay the transportation expenses for a delegate to the national convention of the American Home Economics Association in Miami this summer. The campus club is a unit of the Association.

Style chairman Jone Photographs has appointed as her assistants: Lolanda Hubbard, publicity; Dottie Lanzafine, costume; Mary Ellen Stansome, clerical work; and Priscilla; Mary Jo Breda, refreshments; Marna Ruthe, decorations; and Joan Ann Reo, lighting, staging, and music. The public is invited.

Students to Choose New Board Officers

Wednesday, Mar. 28, the school-wide election of the Marian Student Body will be held. Ballots will be distributed and returns will be announced from 8:30 a.m. to 4:30 p.m.

The candidates for president of the Student Body are: Judy Farmer, freshman representative on the Class Board; and Susan Hamble, sophomore representative on the Junior Board. Judy Farmer, freshman representative on the Class Board; and Susan Hamble, sophomore representative on the Junior Board.

Peggy Kneip, a junior from Indianapolis, is an English major. She is a member of the Latin-German Club, and Booster Club, is a senior in the WARA. Judy is on the Marian Brides basketball team. Peggy Kneip, a junior from Indianapolis, is an English major. She is a member of the Latin-German Club, and Booster Club, is a senior in the WARA. Judy is on the Marian Brides basketball team.

For Airborne Classes

The Midwest Council on Airborne Television Instruction was formed as a result of the concerns of educators in the Midwest and the challenge facing American educators today. Airborne Television was chosen to provide sufficient quantity and quality of educational opportunites, to provide a greater number of students at less cost than is possible by ground-based television.

Broadcast From Airplanes

From airplanes flying at high altitudes over central Indiana, educational events. The professional laboratory equipment will be housed in the Student's education division. To observe and evaluate this medium of instruction, the students must maintain a 1.5 scholastic average. Judy Farmer, freshman representative on the Class Board; and Susan Hamble, sophomore representative on the Junior Board.

Advises Keep Faculty Busy

Seminars, meetings, and speaking engagements have been planned for faculty members for March and April. As at the faculty seminar, Mar. 14, Dr. Kenneth W. Rowan, associate professor of speech at the University of Iowa, will address the topic, "The History of Higher Education." As at the faculty seminar, Mar. 14, Dr. Kenneth W. Rowan, associate professor of speech at the University of Iowa, will address the topic, "The History of Higher Education."
AEC Donates 8 Isotopes

Eight radioactive isotopes, valued at $12.00, have been presented to the biology department by the Atomic Energy Commission.

The presentation was a result of Sister Marie Bernard's participation in an I.R.C. summer institute at the University of Michigan.

Injections of carbon, iron, phosphorus, iodine, rubidium, sulfur, zinc, and cobalt arrived in mid-January, and are now expected for March.

Rotary students will employ the isotopes to study the effects of irradiation on the absorption properties of algae.

As present, Cynthia Stoll is studying the effects of the isotopes on plants through the use of x-ray equipment for an honors program project.

Frosh Require Recognition For Record

by Judy Tishue

How is a freshman class considered? As almost nothing. How does Froshanus manage to be itself? As almost everything. How does a freshman class wish to be considered? As really something. After all, this year's freshman class is impossible.

Michael Brown, class president, and other members of a committee initiated the "Pendinna Cam¬

bunum" in an attempt to provide an attractive outdoor meeting place on campus.

In athletics, too, the youngest class has proven itself. In his first year of college competition, Chuck Federer, although only in his first year of college competition, has greatly helped the Knights during the winter basketball season. Another freshman achievement was Mike Leon's winning the school ping-pong tourney.

Upholding the high standards of the college, the freshman class has proved itself particularly outstanding in their participation in the freshman spirit. For example, the freshmen class cannot be ignored.

Three cheers for the class of '63.

Plays Receive Warm Tribute

by Mike Hughes

Six colleges and three little theater groups participated in the annual one-act play festival Mar. 2-4. It would be impossible to present a full critic of each play, and therefore I mention only a few of the high points.

Playing for the Festival

The University of Illinois had the high point of the festival. "A Night of the Living Dead" was presented in this play, and therefore I mention only a few of the high points.

The College of St. Teresa and St. Mary's College were hosts to nearly 130 collegiate Third Order Members, attending the field day were sophomore, junior, and senior members of a committee.

Arrangements for Marian's ACS, with Sr. Mary Ellen Timm as substitute.

An invitation is extended to all interested members.

SFCOS

Key membership is needed for the Summer Volunteer Program in Arizona, Colorado, Georgia, Mississippi, North Carolina, Oklahoma, and Texas. Those interested should write to the main bulletin board.

Share Class

I.U. Field Day

Sophomores, Junior, and senior members of the National Federation of College Women will take part in the 15th annual field day sponsored by the Indiana University Division of Social Services Mar. 27.

Livingston County..."Full-Timers" is scheduled for the Marian's ACS.

The presentation was a result of Charles Wilber, Professor of Biology at Kent State University.

Under the direction of and with tremendous help from Sister Jean Marie, Sr. Bernadette V. Tutunghi, and Mrs. George Brown, we explored 46 night falls for leaves of Bats at Batsburg State School at Batsburg, Ind.

ACS-SA

Apr. 6 and 7, more than 20 mem¬

bers of Marian's ACS, with Sr. Mary Rose and Sr. Martha, will be on hand at the site to hold the meeting to be held at Western Michigan Uni¬

versity. batman, Mich. Several

students will deliver papers at this convention.

SODALITY

An evening of recollection for Sodality members was held Mar. 21 with speaker Dr. Charles Wilber of the University of Indiana. Dr. Wilber lecturing the Sodalite and Rensie Schip¬

per, the director of the band, to present authentic Indian dances, in colorful costumes worn at the Saturday night mixer.

I.D.S.

Controversy — the story of our times! The contrasting viewpoints of the Intelligent Men and the conservatives exist even on the American college campus. Conservative thought by definition exalts maximum preservation of the existing order and strict interpretation of the Constitution. Some advocate gradual reform and progress. The principles of conservative philosophy are socially and economically based upon the upper class, which appears to be its foundation.

In contrast, Liberalism upholdes individual and political nationalism. Liberals have no fear of bureaucracy nor of a loose interpretation of the Constitution. Social legislation and the use of governmental power as a reforming agency are employed as means by the liberals.

These two factions aid in creating an atmosphere of well being. Both philosophies have staunch believers. Followers try to influence others to profane and believe their particular viewpoints. There lies controversy and debate. The aim, however, is not to publicize the faults and disadvantages of the opposing groups but to prove the political awareness existing on our campus. Are you an interested party?

— Joe Ratting

**Lent Presents**

Time to Prepare

Beginning a series of Lenten Devotionals were Ash Wednesday Masses in the college chapel, followed by the traditional distribution of blessed ashes. In addition to the regular 7:15 and 11:30 Masses six days a week, during March, the month devoted to St. Joseph, there is Benediction at 5:15 p.m. The Way of the Cross is scheduled for 7 p.m. Fridays and Sundays.

Besides attending public devotions, all students are urged to pray privately, especially the Way of the Cross, which may be said outside when the weather improves. Lent is a time to prepare to give... give to God. Have you been preparing as you should?

— Joe Ratting

**Space Race — Worth Risk?**

By Nora Fitzpatrick

The Friendship 7 has completed its historic journey and Col. John Glenn has stated, "Not every flight can come back successfully; we will have failures, we will have sacrifices." Americans are beginning to ask themselves: Is the race for space worth the risk to human lives. Moscow may get ahead of us, but this is a step we cannot afford to lose.

Judith Tishaus, freshman and Dean's List student, believes a human life means more than a newcomer. "The race for space is always faced with two alternatives: either to continue the race at any cost or to risk human lives, or permitting the Communists to dominate the space market. Judy questions whether anyone has considered the mid-point of these two extremes. "Take it slowly," she continues. "We should never consider the element as having higher priority than human lives. Russia may get ahead of us, but this is a step we cannot afford to lose."

"When in the space program," states Harry Fekkes, senior re-editor of the "Mirror," "we are engaged in an occupational hazard. In every job there are risks and to theelor who volunteer, it is their job. With the severe consequences taken into consideration, the astronaut has a better chance for success and safety in this field." Harry compares the space race to the famed Indianapolis 500. "The astronaut has a better chance for survival than does the driver," he believes. "But the possibility of risk is enough to make this an exciting task for our astronauts."
