Easter

Easter is the greatest feastday of the year, for on this day we commemorate Christ's Resurrection, the cornerstone of our faith and the cause of our hope. By rising from the grave, Christ gave glorious proof of His divinity and thus divine guarantee of the truth of His words. The simple task we are to undertake is that faith is not vain. Because Christ rose from the dead, the firstborn of the living, we can with unshakable confidence expect also to conquer sin and death, and because resurrection and the life holds us hope that we who believe in Him shall not taste death forever.

With good reason we sing our Alleluias. It is a day to prove that this day we should rejoice and be glad, for by the accomplishment of the paschal mysteries our faith is confirmed and our hope renewed. Therefore let us sing with that joyous words: "He has risen! He is not here! We praise that our ancient faith and unfailing hope bring us in fullest measure the Easter blessing of the risen Saviour. "Peace be to you."

Easter Message

April 13, 1960

THE MARIAN PHOENIX

Lent, Our Life; Easter, Our Heaven

"When God loves, He seeks nothing else but to be loved in return, for He knows that those who love Him will find in that love the perfection of all the joy of life." So said St. Bernard, and so have proved countless saints. There is no time in the Church year like Pentecost during which the liturgy so poignantly evokes the theme of love.

The hill of Calvary is the altar of love, for on the cross Christ summed up in one sacrificial act His whole life and His whole love. In His life and love His death of love, He will find in that love the perfection of all the joy of life.

That is why Christ suffered and died to give us this all-redeeming love. He showed us how to make our consecrated sufferings purify and revere, to give us the grace, the help, to return to Him through sorrow, the prayer, and love. For He knows that those who so imitate Him will inevitably find in that love the delight, rest, peace, order, and perfection of the deepest and fullest kinds joy beyond all understanding.
