School to Adopt Official Ring; Students Select Style by Ballot

Selection of an official school ring has been decided at Marian college is nearing completion.

Seniors, taking the initiative several months ago, proposed the design to be incorporated in the ring. Stella Haite, senior and chairperson of the sketching tent committee, arranged for tentative designs. Working on these as a basis, Herff-Jones submitted drawings of a number of styles, three of which are being considered.

In an effort to determine the most popular style, a straw-ballot was opened to all students and sophomores.

Sodalists Depict Mary As Universal Helper

Sodalists presented a one-act play, "When Mary Walked Upon the Earth," at the general assembly, Jan. 18.

In four scenes, acted partly back-stage and presented as a radio program, they portrayed Mary as universal helper of Nazareth villagers during the boyhood of Christ.

Leaders were played by Georg Hayn (Mary) and Patricia Flider (Elizabeth, the village boy). Other speaking parts were taken by Catherine Chamberlain, Mary Jane O'Boyle, Rosemary Sullivan, Rebecca Maritain, Dorothy Gillman, Sheila McAdams, and Theresa Schenkel, Patricia Wessel, Joan Kaltenbach, Gina Santarossa, Adeline Valdez, Martha Baase, and Helen Ried.

Ruth Burchard was radio announcer; Mary Jo Doberty and Mary Stieff were the radio-announcers.

An idea for Vincent A. Bohlen, acting Sodality prefect, was general chairman.

Frost Set Precedent in First Formal Dance

The first formal dance in four years was given by the freshmen in Madison hall Jan. 4. Rosemary Sullivan was general chairman. Music was provided by the orchestra of Helen Nelles, assisted by Marjorie Markham. Dancing was from nine until midnight.

Refreshments of punch and cookies were planned by Mary Helen Kuzma, chairman, Martha Boles, Mary McCarthy, and Pat Peterson.

George Schleein and her committee, consisting of Sandra Page, Betty Ann Sullivan, and Mary Pat Sullivan, were responsible for the decorations carried out in the holiday and winter theme. A novel idea of this committee was the calendar dance which in partnership were chosen by lot.

The traditional grand march started in the gallery and came through the reception room into Madison hall.

Chaperones were: Mr. and Mrs. Arthur McCarthy, Mr. and Mrs. George Spencer, and Mr. and Mrs. Thomas Sullivan.

The program was one of the season's most popular events, and as evidence of the enthusiasm shown during the first session, the second session was immediately filled.

Msgr Doyle Appraises UNO in Radio Address

"The United Nations Organization, the only present reliable instrument conducive to world peace" was the theme of a radio address given by the Very Rev. Msgr. John A. Doyle, Jan. 18.

Msgr. Doyle was guest speaker on "Religion vs. War," a radio lecture program presented each Sunday and Wednesday evening over Station WIBC.

Msgr. Doyle presented peace as the normal state of the world and the recognition of the universal brotherhood of man as the basis for that peace. He referred the audience to international agreement for proof of that and pointed out that awareness of this dynamic trend would prove a move toward peace.

Though he admitted that the UNO is not a perfect society of states, he said that the only substitution if we are to achieve international harmony. He views the atomic bomb as a powerful means of establishing world peace, if the bomb be placed in the hands of the United Nations.

The radio series, consisting of 26 lectures, eight of which have been allocated to Catholic speakers, is sponsored by the Junior Legion at the request of the Holy See. The program was a sound, serious one which will remain an asset to the people of the world.

Simplicity is the keynote of this series, and as the program continues, the audience may anticipate a deepening of this keynote in the future.

Proms Dominate Soph Activites

Sophomores will inaugurate the wearing of their class pins at the formal dinner to be held early in February.

A committee, composed of Doreen Bensh, Jacqueline Byrne, Rosemary Doyle, Sheila McIntyre, and Mary Sundstrom, is completing arrangements for the occasion.

The pentagon-shaped pins are yellow gold, the initials MC in gold, being centered on the slightly raised black onyx set. The guard, similar to the pin, bears the class year, '48.

Of uniform design, some pins are plain others, set with pearls, according to the choice of each student.

College Passes Goal In Victory Drive

Ten hospital units now carry dollar-in-a-lunch, "Marian College, Indianapolis 44, Indiana." Martin reached and passed the $30,000 mark in its recent Victory Loan Drive to finance equipment for the care of disabled veterans. The hospital campaign total to date is $30,260, with more returns coming in.

Students and faculty received special congratulations from the Educational Division of the Tuscan Department. Comments rated the record made and the enthusiasm shown during the first sessions.

Legionnaires Mark Formal Admission

Having completed the probation period of three months, thirteen members of the Mary Immaculate province of the Legion of Mary took the English Promise on Thursday, Jan. 24. The pledge, which constitutes the formal admission into the Legion, is addressed to the Holy Ghost. It is designed to work within the Legionaries a more serious attitude toward the performance of their undertaking.

Members of the province participated in a ray of Rosadile at St. Vincent's hospital, Sunday, Jan. 27.

Classes Sponsor Phoenix Edition

Introducing a new policy, this issue of The Phoenix has been sponsored by the sophomore class.

Co-editors, Lois Tenbing and Marjory Gibb, chosen by vote from the sophomore English class, have worked with the regular staff in preparing this edition. Lois is an assistant editor of The Phoenix and has written recognition of her poetry. Marjory has been a copy editor for The Phoenix and does part-time work on the Indiana Catholic.

Reporters of the special staff are: Jane Costello, Joan Rauzen, Jane Gaughan, Noma Velders, Sara Malan, and Adalinda Va­ dor; business managers, Mary Sundstrom and Joan Kaltenbach; photographers, Dorothy Rethun and Jannula Vachon.

Subsequent issues—February, March, and April—will represent freshmen, seniors, and junior class leadership, respectively.

By the appointment of parallel editorial and business staffs, the processes of editing and publishing a school paper are made clear to a greater number of students. It is hoped not only that potential Phoenix staffs will be discovered, but that lasting journalistic interests will be fostered.

Pope Asks Help

Queen Motherhood is the title of the latest encyclical of His Holiness, Pope Pius Xll.

Dated Jan. 6, 1946, the encyclical is an appeal to the people of the world to "assure more eagerly, at the present time, the care of needy children." In it His Holiness also requests that a day of prayer be set aside in every parish for the success of this special cause.

Broadcast Stresses Shortage of Teachers

"It is predicted that at the close of this year there will be 1,900 teacher vacancies in the elementary schools of Indiana; 267 college men and women will complete their training and be ready to fill these positions. In the high schools there will be only 891 new teachers ready to fill 1,800 vacancies." Mary McNulty presented this fact to the radio public Saturday, January 16. In her short, simple, but vigorous speech, part of a Marian college program, she was an appeal directed to high school pupils, who might consider elementary-school teaching as a career.

Dr. Clement T. Malan, State Superintendent of Public Instruction in Indiana, had asked the cooperation of all the colleges and universities to save the threatened educational crisis.

The program was one of the re­Continued on Page Four
Crusade Castle--- Mary's Shrine

By DOBIE AIKEN

To residents of Cincinnati, Crusade Castle is an impressive and famous landmark, situated on a plateau overlooking the Ohio River and its valley. In the minds of the Catholic students' Allison Cronin, it was the answer to a long cherished dream; for, as a youth, she had often visited the castle in imagination, and it was there that the plans for the castle, now so familiar to the students of Marian, were first conceived.

As my grandmother and her family, however, Crusade Castle means far more; it was there that the family, which had been so little known to the world of students, was suddenly enshrined under its roof.

Built Ninety Years Ago

The house was built ninety years ago by my great-grandfather Jacob Buell, with my great great-grandfather John Buell, and Mr. Wester. A large stone barn was first erected, and it was here the family first resided. The house was restored to its original state, the larger one for the great vats of wine.

My great-grandfather's business was wine making. He purchased the hill behind the house, the site of the present building, in 1854. To-day, the stone walls of the house still stand, and the wine vats are still in use.

The pin-wearer at Marian is recognized as a faithful servant of the Church, and this recognition is due to the faithful service of the pin-wearer.

With most of the new year ahead of us, we must start thinking early in the new year about the selection of the selection of the pin-wearer. We must consider the following:

1. The pin-wearer must be a faithful servant of the Church.
2. The pin-wearer must be a faithful servant of the Church.
3. The pin-wearer must be a faithful servant of the Church.
4. The pin-wearer must be a faithful servant of the Church.
5. The pin-wearer must be a faithful servant of the Church.

Starting the Day

We don't forget to powder our noses and straighten the seams in our stockings, but we do forget to ask God for the courage, perseverance, and faith essential to live the day we are going to spend it. We do.

For the greater mass of the working public, the period of annual splitting heads begins the week around March 15, as the job of inserting the right figures in the right boxes of the income-tax blanks is tackled. But for Marianites, that experience broke with the dawn of Jan. 22, when we attempted to fit the right figures to the right examination questions.

Church's Mission Embraces All Men

"All power in heaven and earth has been given to Me. Go, therefore, and make disciples of all nations..."

The universality of the Roman Catholic Church was reaffirmed by His Holiness Pope Pius XII in the creation of 22 new cardinals, giving the College of Cardinals full complement of 75 cardinals. The new cardinialates in 19 countries, scattered over six continents, proclaim the world-wide character of the Church.

The 233,000,000 Catholics are receiving the new leadership the Pope feels necessary if the Church is to achieve its true mission in the momentous history to come.

Significant change among the distinguished leaders of the faith was Bishop Thomas Mons, who becomes China's first cardinal. The honor bestowed is in harmony with the great strides made by the Chinese Catholics. They have been given to one from five million in the last 20 years.

Marianites Hurdle Exam Schedules

Hobbies Are Fun’

Dona Bush, a sophomore, who has been a mem-
ber of the Red Cross Canteen
association, presented the following im-
portant facts.

New Aides Prepare
For Canteen Service

The Red Cross canteen course,
conducted by Mrs. Lester M. Huet,
will be completed sometime in Feb-
uary.

In an interview Dona Bush,
sophomore, who has been a mem-
ber of the Red Cross Canteen
corps for a year and a half, de-
scribed the canteen in operation.
Dona spends a few hours every
other Sunday at Stunt field.

The workers, she explained, are
transported to and from the field in station wagons. The canteen
“hut” provides refreshments and

Leitch collaborates with her sister on one of the most
usual hobbies. They collect stickers
of all kinds, penal excepted. Among
their treasures are St. Patrick’s
day seals, and even funeral seals.
Lois claims to be the “finding”
partner of the organization.

Practical minded Joan Dippel
sees the sense in saving a
few dollars near a phonograph. Her
collection of records includes popu-
lar tunes and classical favorites.

It’s easy to see that Catherine
Gardner and Theresa McConnell
consider ping-pong fun. Tricky
shots and fast playing make these
two a match for even the best
pinisters.

Leah Krohngood’s hobbies include
her sister on one of the most
usual hobbies. They collect stickers
of all kinds, penal excepted. Among
their treasures are St. Patrick’s
day seals, and even funeral seals.

TA \22
**Class Ideal Emerges In Sophomore Balloting**

The ideal Marian soprano as envisioned by her fellow classmates would have the sunny disposition of Joan Gauhan, the personality of Virginia Connor, and the intelligence of Gladys Gonzales, and Jane Costello’s grace of manner.

As general physical attributes she would have the figure of Mary Schmidt, the laugh of Rosemary Doyle, and the speaking voice of Norma Volders. Her nose would be Clio Foshake’s.

If she had the blue eyes of Joan Gaughan, she would have Rosemary Green’s blonde hair. With Pat Ward’s green eyes, she would have the auburn hair of Sara Jo Mahan. To compliment the brown eyes of Teresa Van Benten, she might have either the brown hair of Pat Creddin or the black hair of Eileen Gouhan. Any of the specified eye-hair combinations would off-set the complexion of Joan Wolff. Her hands would be those of Virginia Wade; her legs, those of Pat Dufour.

Unquestionably, this girl is purely imaginary.

**Newsmaker to Speak**

The Bernadette Forum will present its second season speaker, the eminent radio newsmaker, Robert St. John, Monday, Feb. 25, 8:00 p.m., at the Thomas Carr Howe auditorium.

Mr. St. John is widely known for his “People Behind the News” broadcast, as the author of current “best-sellers,” and as a frequent contributor to Collier’s, Liberty, Cosmopolitan and Reader’s Digest.

**Kegler Tyros Get First Pointers As Veterans Polish Techniques**

Beginning Marianite keglers were instructed in the art of bowling by those familiar with the game at the Parkway Halls, Monday, Jan. 7.

Top-scoring honors for the first game of the new year go to Rosemary Doyle who bowled a game of 171. The rest of the scores are as follows:

**Eta Delta’ Tekes Bow Among Campus Clubs**

The organic chemistry class has organized a club called Eta Delta from the initials of the words meaning “We Are Twelve.” Meetings are held each Thursday morning at 8:30 in the chemistry laboratory. Questions and problems in organic chemistry are discussed. The twelve members have been divided into two teams, the Alpha Rays and the Beta Rays. Each girl has chosen a name derived from one of the 12 elements. They are as follows:

- Mary Helen Rhodes – Potash Pete
- Charlene Spaltfaden – Catalytic清理
- Virginia Wade – Potassium Joe
- Pat Ward – Phosphorus Pete
- Mary Staff – Sodium Sue
- Jane Costello – Carbonate Charlie
- Theresa Van Benten – Chromium Kate
- Josephine Hanane – Lithium Lou
- Marianne Lauber – Helium Harry
- Rita Taske – Cyanide Sadie
- Joan Wolff – Beryllium Bess
- Judy Dillhoff – Arsenite Al.

The string ensemble played Boccherinis “Celebrated Minuet” and Brahms’ “Hungarian Dances”, Nos. 7 and 8. Members of the ensemble opened the program on a preliminary note of Marian and an explanation of the part it plays in the life of Indiana. She stressed the high cultural, scholastic, and moral ideals of the opportunities the college offers young women.
