Mary's Gift...

With varying degrees of intensity we have, each of us, been living our own, “Everything through Mary, nothing without her.” Come Advent, comes the three days of Spiritual Retreat, come the Feast of Mary Immaculate... we resolve to be more upon closer imitation, closer union with her, our ideal, in order to learn even more how to be ready to receive Christ, her gift as well as that of the Heavenly Father.

Our Christmas sentiments, love and gratitude to Christ and to Señor, should include thoughts of Mary's participation in the Redemption. Nor must we forget that because of this cooperation, the union of Christ and Mary is so coming to us, that she in rightfully our Queen, Our Mother, Our Mediator, the dispenser of all Heaven's gifts and graces is unquenchable. Shall we hesitate, then, to ask her, as a Christmas gift, an answer to our self-repeat question: “Jesus, make me more like Mary; Mary, make me more like you?”

Regional Colleges Meet In Cincinnati; Federation To Revise Constitution

“The Catholic Student Viewpoint” was the general theme of the NFCCS Cincinnati regional convention, Dec. 9, at Mt. St. Joseph College.

The day began with Mass in the college chapel. In the general session following registration, Student Council president, Betty Wagner, welcomed the visiting delegates. Chairman of the conference, Claire McDonald, president of the Mount NyCcs unit, introduced the speakers. Pat Burns, regional delegate, told of the importance of the student units in the national scene on the Mount campus. The regional president, James Poland, Xavier, explained the mechanism of the NFCCS and sketched the history of the Cincinnati region.

National President Speaks

Patrick O'Meara, Notre Dame, National Federation president, deplored the lack of Catholic charity in key government positions today. Urging the students to look forward to new developments in the NFCCS, he cited the aims of the Federation as proposed by the council now at work drafting a new constitution.

(1) To break down isolation among Catholic college students.
(2) To create an outlet and opportunity in leadership.
(3) To contribute to Catholic day leadership.
(4) To meet national and international youth movements.
(5) To develop patriotism by coordinating the national and international scene in regard to the NFCCS and other youth organizations.

Sectional Conferences Begin

The students addressed to separate rooms for the morning sectional conferences. Concurrent were the “Economic and Social” and “Religious and Social”.

Unit's Members Aid Red Cross

Indianapolis Blood Bank has been working with the Red Cross in the course of supplying blood plasma for veterans, and the Red Cross unit's staff has reviewed the "call to action." Daddy Allen has begun to check the files.

Two more Marianites have enrolled in Red Cross courses. They are Patricia Wessel, who has just completed the Gray Lady course, and Janell Vaehou, who is taking the Arts and Skills laboring work.

Articles invited and sent by members of the Production Corps have recently been en en zakład in the foods laboratory. In the display were little girls' sweaters, knitted and sewed by students, for international relief, and sweaters, blankets, and sweaters for relief. Marian students will again serve as hostesses at the Christmas reception.

Students Qualifies For Madamoselle

Mary Jane Porter, assistant fashion and photo editor, was recently accepted as a member of the Madamoselle College Board. On the basis of four assignments and other work submitted, she is in competition with girls from all colleges for one of twenty guest-editorships. College guest-editors will be completed. Then it will be

Freshmen Arrange First Formal Dance

Freshman plans are rounding out for the first formal class dance, to be held in Madonna Hall, Jan. 10. Joe Lauber and his orchestra will play.

Jacqueline Snow is general chairman for the dance. Committees have been appointed as follows:

Decorations: Lois Jefferson, Lois Mendelhein, Mary McCarthy, Mary Frances Patch, Rosemary Hudson, and Magdalena Ursula.

Refreshments: Colleen Jones, Lois Sehmitter, and Willicia Zerr.

Entertainment: Marjorie Quigg, Harriet Reifel, Beatrice Lon, and Barbara Zerr.

Reception: Ann Kuelbel, Mary Schmittner, and Barbara Zerr.

CSMC Engineers Christmas Sharing

Gaily wrapped gifts, soap, oregano, canned food, and articles of clothing for the needy are piled high in a rectangle room through the efforts of the mission unit.

Five families including thirty-two children, recommended by the Catholic Charities Bureau, are being guaranteed a happier Christmas through the CSMC. The first names and ages of the children, ranging from four months to seventeen years, were posted on the mission bulletin board. Several CSMC students have volunteered to see that each child has at least one present.

The food, clothing, and gifts will be delivered by the students during pre-Christmas week.

Tableaux, Song Honor Christmas

In All-School Observance Dec. 13

Dramatic-choral presentation of three Christmas-centered mysteries was the distinctive feature of the all-school Christmas observance Dec. 13.

From the main stairway and balcony overlooking Marian Hall reception room the students, in cap and gown, witnessed the reproduction of the Annunciation, the Nativity of Christ, and the Glorification of Mary. As the respective tableaux were presented, choirs took up the mystery themes.

Mary and Angels impersonated

The part of the Blessed Virgin Mary was acted by Julianne Jackson; angels were impersonated by Edith Ledwell and Lois Tenbieg. The Bel Canto Ensemble and Glee Club sang the choruses: “The Angel Gabriel," "When in David's City," and “Jesus in the Manger,” and Two Pulcini.

Carols, All-School Tribute

Familiar carols sung before the "bridegroom" were the tribute of the entire student group, Patricia Kelly, dramatic art student, epitomized in the recital, "A Christmas Eve" by Grace Neil Cough, the implications of the Christmas message for personal and world peace.

Benefaction of the Blessed Sacrament in the college chapel concluded the exercises.

National's Students Meet to Organize

Dec. 28, 29, 30, there will be held at the University of Chicago a conference of delegates from every college in the United States.

Tentative plans are to be formulated here for a national youth organization. At a second conference this summer arrangements will be completed. Then it will be decided whether or not American students will join the International Youth Organization.

Anthology to Publish

Poems by Marianites

Two Marianites, Barbara Tenzie, freshman, of Linden, Ind., and Lois Tenbieg, junior, of Cincinnati, have met publication standards of the National Poetry Association, Los Angeles. Poems submitted by them will be published in this year's Annual Anthology of Poetic Translation of Horace's Ode I, 38, addressed to his servant.

Bethlehem's Trophies

What has the Babe of Bethlehem gained by coming to earth?

The Advent Hungry people, by way of answer, assert that He came "with thousands of saints"—"...with all His saints." The saints, the human beings who have qualified as children of God by accepting the "littleman" of the Divine Child, are His companions.

In all His missions since the first, He is associated with them. Proceeding and following His sacred mission, the saints, Thomas of Canterbury; martyrs; St. John, apostle and evangelist; the Holy Innocents; Pope Leo the Great's predecessors and successors; St. Ambrose; St. Stephen and St. Thomas of Villanova; St. Francis of Assisi; grilled with numbers of the Divine Child, St. Anthony of Padua, St. Christopher, and St. Therese of Avila favored with appearances of the Divine Child and St. Therese of the Infant Jesus.

There are but a few of the nobility of Heaven upon whose sanctity the Christ Child is to be congratulated. We might use for our purpose the teachings of the Christmas season, the last of the divine praises after Benediction, "Blessed be God...in His Saints."

New Year's Shopping

The phrase "only so many shopping days until Christmas" has been used so frequently by advertisers that it has become a symbol of the American Christmas season. Nothing has been said, however, about the shopping days until New Year's. Gifts for New Year's, however, require in much more thoughtful planning and as do those for Christmas because we must live with them at least three hundred sixty-five days.

These gifts, you must have surmised, are the type that easily cannot be corrected to yourself, your neighbor, and God. It is not too early to begin thinking about them for 1947. Time and sound advice suggest that it is best to choose just one for each recipient—we may bungle if we shop for too many.

A sample is: I will try (1) to keep perfect posture throughout 1947; (2) to be on my best behavior; (3) (and) to go to Holy Communion at least once a week besides Sunday.

The supply of resolutions is abundant; their value is but their selection. There are only fourteen shopping days left.

Heartiest congratulations to

New Co-ed Creations
Rate Fashion Fair

Glamour may be had for the shopping this winter. Clothes designed for college girls are particularly distinctive.

"Portrait necklines" are effected in somber black or the new jewel shades.

The slim, draped skirt and long sleeves of Doris Alben's new black crepe make it a winter in any group of "after five" fashions.

In collegiate traditions skirts and sweaters are a part of education. Multi-purpose woolen plaid dresses, however, of the kind we've been worn on campus by Pat Fieker, Joanne Stiens, and Mary Ann Gairin, just to mention a few, are lovely excuses for an occasional vacation from the old-time favors.

Wool jersey "buddies" are giving the sweaters some stiff competition, too. Jane Peters looks like a Vogue model in her white cap-sleeved woolen blouse tucked into a very straight skirt of silky green wool.

The popularity of the three-quarter length coat is carrying right over into winter. Mary P. McCarthy has an eye-catching abbreviation of wine-colored wool, while Mary Sunderland's choice is an electric blue, belted, with belt sleeves.

Dickens Inaugurates Guild Classic Study

Charles Dickens, author and educational reformer, is the forthcoming selection for Aquinas Literary Guild discussion.

Background materials essential to a thorough appreciation of Dickens will be given at the January meeting by Marjorie Davery, Gladys Gonzalez, and Doris Alben. This "Talk of Two Clubs" will be critically reviewed by Lois Tenrie.

The Dickens study initiates the series of classic themes to which the Guild pledged itself.

Much Ado About ...

Dear Editor,

Reading was stressed in this column last issue, as a requisite purpose. Conversations are excellent for learning what others think, what they know—what, perhaps, they have read. Reading literature goes further if it is shared.

Since much of a student's time is spent in conversation—between classes, at lunch, before and after class hours—there is plenty of room for talk of moves the day and clothes and movies. Conversations of this sort need not scare us off because they sound "high-brow."

Excerpts from Exchanges

From far off Los Angeles comes The Tower Tattle. We wonder whether its editor, Rosemary Alben, could be a kin to Doris? Here's a poem it published—like it?

SPICULATION

If age were strong enough again
To show the world how it must go—
Yes youth had wisdom past its years
To guide judiciously and dour.
How can the stream of life might flow
If age could and youth could know.

We found this bit of humor "Within the Gates" of The Catharine Wheel, College of St. Catherine, St. Paul, Minn.

"Mary fell into a little difficulty sending a telegram last week. She wrote the following message to her parent: "Beaver Dam Bus received. Other alternatives? See Lake Train. Should I come anyway?"

"That's too many words," the woman told her. But anxious to help Mary, she suggested, "Shall I omit Beaver?"

"Oh, yes, yes," Mary answered, glad that the message had hit upon a solution. "That will be fine."

The staff wishes to congratulate Mary Ann Bier, editor, and the assistant editors of Our Lady's Herald, new student-publication of Our Lady's Academy High School, St. Bernard, Ohio.

Among the many novel items we like especially the account of the Good Counsel Club for vocational guidance.

Listed as "Town Talk" in Saint Mary's Stochastic from St. Mary's College, Holy Cross, Ind., was this:

These students entered Wagner's, "I'll have an orange juice" says the first, "I'll have grapefruit juice" says the second, "I'll have an orange juice," says one.

We all like The Phoenix! No, we're not bragging—we are speaking of the publication of Our Lady of the Lake College, San Antonio, Texas.

Spanish-speaking Gladys Gonzalez, '48, Puerto Rico, liking science with biology, has in view a B. A. degree. Her expressive black eyes flash a quick and sympathetic understanding. She is president of the Inter-American Club, circulation manager for the Fioretti, and an active member of the Red Cross Unit, Aquinas Literary Guild, Science Club, and Mission Study Club.

Associate editor of The Phoenix, secretary of the Aquinas Literary Guild, historian of the Inter-American Club, a member of the Science Club, and of the Indian Junior Philosophical Association, is Doris Alben, '47, Richmond, Ind. Teaching history and English in high school is one of Doris' chairperson of the orchestra and a much-in-demand accompanist. She is a Junior member of the Indianapolis Musialine Musicale. Jeanne's calm and sure manner fits her admirably for the office of senior class president.

A second biology major and candidate for a B. A. degree is Mary Louise Allen, '47, Indianapolis, Editor-in-chief of The Phoenix. Mary Louise is also Legion of Mary President and publicity manager of the Red Cross Unit. A N.Y. for the beautiful and the habit of obliterating her camera proverbially set to go.

Discussing "Who's Who" volume and its membership certificates are (seated): Rachel Mathews, Mary McNulty, and Jeanne Stiens; and (standing) Mary Louise Alter, Gladys Gonzalez, Mary Stieff, Doris Alben, and Joan Kerwan.

"Who's Who Among Students in American Universities and Colleges" has, through extensive connections, tapped the autobiographical resources of the current Marian students. It has further solicited their opinions on a wide variety of cultural topics. Both types of data will soon appear in the 1946-47 volume.

Here are brief identifications not copyrighted by "Who's Who."

A chemistry major, Mary Stieff, '48, Indianapolis, is following a B. A. program. Her science-centered activities include membership in Beta Delta Club, an advanced chemistry organization. She is secretary-treasurer of the junior class. A chatty disposition and an urge for work well done play a large part in her social and scientific success.

Club Adds Apparatus; Studies Science News

Newest science club asset is an extraction apparatus for demonstrations accompanying club reports.

Collison Morin, in a paper on "Biological Specimens," explained the contributions of science made by service-men who sought diversification in collecting and classifying plant and animal specimens. One collection of South Sea snails revealed fifty heretofore unknown species.

"Fog Fighting," "Deer Killers," and "Cures for Sick Lungs" were topics reported on by Irene Holtel, Virginia Nordmeier, and Dorothy Gillman, respectively.

A Yuletide party, Dec. 16 replaced the usual meeting. Refreshments and entertainment were arranged by Ruth Bill, Doris Alben, and Gladys Gonzalez.
Musicale Brings Back Memories to Veterans

Marian College Red Cross Recreation Unit aided by the Bell Castle presented a program of "Marian Memories" for the patients at Veterans' Hospital, Cold Springs Road, Dec. 2, 7-9 p.m. A pattern of this season of the year and their counterparts reflected in the men's own lives was woven by the songs, dances, and pantomimes. Appropriate introductions and connecting remarks justified the presentations.

A note of the unusual was introduced in the spoken sequence. Nina Knecht, in the strains of "Sweet and Lovely," was introduced as the first girl and sang "My Way Thru Falling in Love Is Wonderful." The chorus swung gently into "A Pretty Girl Is Like a Melody," while Julianne Jackson, Mary Ellen Fox, Marjorie Davey, and Martha BurnsOld animated the songs in the Ziegfield manner. A medley into "Rosalie," "Margie," "Cynthia," and "Lovely," was introduced as the sectional singers entered with the whole chorus. "Jingle Bells," from the winter group, was especially effective in "My Fickle Eye" featuring Ellen Fox, Marjorie Davey, and Martha BurnsOld. The melody bits were tied up in a thoughtful package by "My Pretty Mary" featuring the whole chorus.

Inter-American Club Activities Highlight December Program

The feast of Our Lady of Guadalupe was the occasion for the third annual Bi-regional Congress of the NIFOCS Commission on Inter-American Affairs held at the University of Notre Dame, Dec. 7-8.

The general theme, "Woman's Place in Inter-American Affairs," was carried over into the sectional meetings. Discussion at these meetings centered around woman's place in cultural, religious, political, and economic life, and in education. The theme was interpreted in a very broad sense, including not only the aspect, woman's contribution to the improvement of the Americas, but woman's importance in her own country as well. Through press, radio, and motion picture, her influence is to reach women of all countries.

Prominent women of yesterday, today, and tomorrow were featured in the discussions (those of tomorrow were interpreted to be the college women today because they have the better opportunities for education.

Rev. Gervis J. Coxen, M.M. Mary Helana Roffelsen, Mary Margaret Kuzma, Jeanne O'Brien, Mary Helen Souza, and Jane Spencer, were program chairman, general chairman and or- ganizer, respectively of the Marian Guild. Delegates from local institutions.

Marian carolers — Mary Helen Souza, Jeanne O'Brien, Mary Elizabeth Bruns, Rosina Nicosia, Nita Knecht, and Wanda Toffolo accompanied by Mary P. McCasky and directed by Jane Spencer — will contribute a fifteen minute program Dec. 17.

The duo-trio will also entertain at St. Ann parish Christmas party and at a pre-Christmas tour of local institutions.

Noted Metallurgist Encourages Study

"Courage and perseverance in study and experimentation will be richly rewarded" was the concluding message of Dr. John Kahler's lecture on "Powdered Metallurgy." The speaker, associate professor of chemical and metallurgical engineering at the University of Cincinnati, reviewed the history of metallurgy and explained basic concepts concerning the structure of metals.

During the period of research sponsored by the recreation committee, members tried speaking only Spor- thash. After enjoying South American recordings, the group sang Spanish Christmas carols.
