**TO THE MASSES**

On Saturday, Dec. 6th, the Student Services Office is sponsoring a "mini-workshop" on the topic of Alcohol Awareness and Drug Abuse in our society. The presenters will be Dr. David Alvis, a local physician who has done extensive research and public speaking on alcohol and Dr. Dan Brown, Assistant Professor of Toxicology, who will speak on alcohol abuse and marijuana. Dr. Brown is a 1963 graduate of Marian College and a faculty member at IUPUI. The workshop will be held in the Library Auditorium from 9 am - 12 noon. Because drug abuse is an important and timely issue in contemporary American society, the workshop is open to all members of the College Community (students, faculty and staff) who want to attend. No advance registration or reservation is necessary.

**GET WELL NOTICE**

GET WELL (cont'd)

How many times has someone said to you:  
"Are you okay? You sure don't look like it!"  
Do you feel tired and run-down more often than not?  
Do you go to bed completely exhausted and can't sleep?  
Statistics show that inactivity is more exhausting and detrimental to your well-being than activity.

Starting in January, the Health Clinic is going to concentrate on "Health" - we're going to become a "Wellness Clinic." We're going to offer programs so that you can always look and feel your best.

The movie "Heaven Can Wait" will be screened in the Library Auditorium tonight at 7:30 pm. It's sponsored by the International Club. We would appreciate a 25¢ donation.

Thank you all who donated for the "Superman" movie. We appreciate your support! Sorry about this last minute announcement. It is difficult to get the cassette we need on time. We'll try to do our best next time. Also remember the party at Allison tomorrow at 7:30.

TO ALL THE NSG STUDENTS

I am sorry to write this letter. I would like to say that you all are wonderful people, but you’re all not. Some of you are the most immature people I have ever met. From the first day in this college you have done nothing but complain. Complaining in itself is not bad. I have complained as much as anyone else. But not one of you has done anything to change the things you dislike so much. One of you is even going to meet with a state senator, to instigate a new 1+1 program. Why don’t you put your efforts into one good program, instead of 12 half-ass ones?

Marian’s program is not perfect. We all came here with high hopes (maybe too high). We are all disappointed that our expectations were not met. But this program is new. It cannot be expected to be as flawless as a program as one that is 40 years old. It should change from semester to semester to meet each new class’s needs.

You complain about the NSG faculty. Yet who is always there when you need them? Who defended you and fought for the things that you have? You call them by their first names and you have their home phone numbers. First and foremost, you have their friendship.

They may not always be able to help you—but at least they admit it, and tell you where to look. They can publicly admit that they are not perfect—why can’t you?

A good nurse is someone who cares. Someone who will make the best of a bad situation. Someone who learns from his/her own mistakes.

If you haven’t learned anything here—you will never learn anything anywhere, because you obviously do not possess the capabilities to do so.

If you haven’t gotten anything out of this school—it’s only because you haven’t put anything into it. You will never get anything more out of life than you are willing to put into it.

So, if you are miserable, if you feel badly cheated, or at a disadvantage then you have made yourself that way, not Marian College.

A NSG Student

KNOTTLY NEWS

What is a Butler Bulldog? Does anybody know where Butler University is? The 'dogs are most likely licking their wounds after a stunning upset by our own Knights 58-56. The win makes the Knights 4-2 for the season. The Knights also beat Earlham Wednesday night, 67-60. This gives them a 4 game winning streak, and a 5-2 record going into the Anderson Tourney this weekend. The leading scorer for the Butler game was Brian Feldman with 14. The leader for the Earlham game was Chad Miller 22 points. The Knights play the opening game of the Anderson Tourney against Thomas Moore, tonight at 7pm. The winner of this game will play the winner between Anderson and Oakland City, Saturday. The losers will play a consolation game also on Saturday. The Knights are playing for some 'hardware' to add to the trophy case. Hope to see a lot of fans up at Anderson both tonight and tomorrow.
