CAMPUS IN FOCUS

The Photography Club of Marian College which
snapped into existence about four semesters ago
focused her attention on the needs of the interested
students at Marian. Some had some knowledge in
Photography, some had none. The club, together
with the advice of Dr. Drew Appleby, strived her
best to provide guidance to her members.

The members fast caught up with the basics and
showed great prowess in "painting with light". Hence,
the club decided to have an exhibition of some of
the good works put out by her members. The first
annual exhibition of the Photography Club--"Campus
in Focus" will be held at the Marian College Library
from the 1st of February '81 through the 20th.

We, the officers of the Club, together with the members,
cordially invite the faculty, staff and students of
Marian College to view the photographic talents of
some of the students at Marian College.

The official opening of the Exhibition will be on the
1st of February '81 (sunday) at 3 p.m. We would
like to see you all then.

Thank You,
Tuan Kim Phung (President)
James Miller (Vice President)
Neelmino Emmanuel (Secretary)
Carlos Hernandez (Treasurer)

DOYLE HALL?

The men's dormitory must certainly be thought of as a question to the administration and, under their direction, the maintenance department.

I concentrate my outrage at only one grossly neglected area of Doyle Hall. I refer to the restrooms on 3 North, specifically the urinals. Out of the four present, I am happy to report one is still in operating condition. The others have succumbed to the stench of human secretion. Something must be done about this health hazard. The overdue painting of the halls is not enough.

A GLORIOUS EXIT

Four serious years of James Earl Carter Presidency came to a glorious end last Tuesday with the release of the fifty-two hostages. Mr. Carter, one-time farmer, two-time Governor, life-time gentleman, campaigned on the platform of PEACE four years ago. His administration was wrapped with peace and packed in human rights. During his time in office, he proved that patience will be rewarded. Success indeed cannot be achieved without sacrifice. His hope that every dark cloud has a silver lining did not hop away. The war-torn middle-east found its path to peace at Camp David. Mr. Carter's policy of Human Rights was projected and practiced to the best of the Administration's ability these past four years. His respect to humankind did reject the resurrection of mean Metal economy that once thrived on wars and bloodshed.

During the final year of his Presidency Mr. Carter was tested of his ability to withstand the pressures of the presidency. With the elections round the corner, he did try to rescue the captives with the help of the military rescue mission. It however missed its target and cost seven American lives. They were indeed heroes! Mr. Carter did not despair. He took the incidence as a blessing in disguise. He marched forward. Though the delay in delivering the detainees from the den and depravity caused his second term, Mr. Carter shouldered the responsibility till the very last day and proved to the world that rational beings sit and talk to seek solutions.

Paths to glory are not padded with luxury. It could be misery to take its path, but the reward? —worth the trouble. The former hostages indeed will be given a red-carpet welcome home. But we are glad that we will not be seeing a speck of blood-red on it!

---Neel
