TAG NOTES
Our next TAG meeting will be Monday, February 23 at 12 noon. We will be discussing plans for our next coffee house, discount tickets for another show, and a possible spring workshop. This is an important meeting because it is the last one before spring break, so all members please attend or anyone else who is interested in our future activities.

It is our pleasure to announce the Theatre and Music department's production of "Kiss Me Kate". It will be presented (finally!) next weekend. Performances will be 8:00 pm Friday, Saturday and Sunday the 27th, 28th, and March lst. Everyone is welcome and all Marian College students receive free admission. So everyone come and "Brush up your Shakespeare".

The show needs volunteers willing to work backstage during any or all performances. Those interested please contact Page ext. 504, be in the auditorium by 6:00 pm Sunday or call David Edgecombe at 637-1833.

Have a good weekend,
Dennis and Page
P.S. We wish all those going on the Ski Trip a safe and fun weekend!

MANASA
Manasa is going to La Rue Carter to do some arts and crafts projects on Saturday, February 21st. We will leave Clare Hall desk at 9am and arrive back around noon. Everyone is welcome. Materials will be provided.

The Circus is Coming! Auditions are set!
The Theatre department will audition students for the April performances of The Clown, a children's theatre production.

Set in the exciting world of the Circus, The Clown is a simple play of Mumbles the clown and his true love Doria, the ballerina. If not for the evil Dr. Tutto, life for Mumbles would be divine.

The show calls for 3 men and 2 women and a score of circus performers. A dream come true for you who have imagined being in a real circus. Auditions are set for Monday, March 3, 8:00pm, in Marian Hall Auditorium. If anyone wishes to look at a script or for more information on the production contact Dennis McCullough (director) ext. 512, or Lisa Fritz (assistant director) ext. 492.

Consider the thrills of circus life, and the power of audience applause and the glow on a child's face.

Thank You,
Dennis McCullough

NEWS
Reagan Administration. — In the first round of major reductions in the federal budget, 83 programs would be affected by the proposals announced by Reagan Wednesday in a speech to congress.

The budget cuts total $49.1 billion and would allow for a $45 billion deficit in the 1982 fiscal year which begins October 1, 1981. With additional cuts over the next three years, Reagan speculates a balanced budget for 1984.

While only a handful of programs have remained untouched, the military will flourish with a generous increase of $7.2 billion. Under Reagan's plan, military spending would encompass a third of the federal budget by 1984.

Among the proposals was a $9.4 billion cut in programs involving food stamps, unemployment benefits, student loans, Medicaid, free school lunches and the regular welfare program for families with dependent children. Reagan stated that the taxing power "must not be used to regulate the economy or bring about social change."

Also included in the "economic outline" is the plan for individual tax cuts at an average of 10% a year for three years. Along with business tax reductions, the savings would total $53.9 billion for 1982.

Reagan faces considerable opposition from both parties in Congress, state and local governments and special interest groups. Reagan asked, "Have they an alternative...?"

TO THE MARIAN COMMUNITY

This letter is in response to the letter which appeared in last week’s Carbon written by an athlete. In this letter the author spoke of the idea that money is used as a great status symbol in our country.

This past weekend I had an opportunity to attend the Ecumenical Student Conference sponsored by the Indiana Office of Campus Ministry. One of the talks at the conference was on the future of the world. After the talk we had a chance to share our ideas in small groups. In my group we talked about the fears we had about the future of the world. One of my fears is this idea that money and other material wealth is such a big status symbol. It is this kind of attitude that brings on other ideas such as: If I can stay ahead the heck with everybody else. Or the idea that I’ve got to have that or else. This society is too dependent on material wealth.

In the above mentioned talk the speaker expressed the idea that the future will not be in the hands of the government or the big corporations. He felt that the future will depend on the individual persons in society. We talked about this in my group. We came up with the idea that the way this will happen is that the government and the big corporation will not meet the needs of the people. When this happens the individual will want to become more involved.

I think that this person has a good idea about the future. However, what scares me is that if the future does depend on the individual, and if at this time the society is still dependent on money and material wealth, our country will soon be destroyed.

I believe that the solution to the slow death is that we must begin to value people instead of material wealth. I firmly believe that each person has his or her own gifts to contribute to society. If we can begin to see the gifts and respect the person for his or her own gifts, then we might have a chance at survival.

This letter is not intended to put down anyone or any group of people.

Ed Jefferson

THANK YOU

We indeed appreciate the positive responses from members of the Marian community regarding the Friday Night Movies organized by the International Club of Marian College. At this point one will not be exaggerating when one says that all praise and honor who should go to Mr. Paul G. Fox, our club advisor. It was Mr. Fox’s idea that the International Club sponsor a weekly event of this nature. It was he who got permission from the authorities concerned to use the equipment set up in the Library Auditorium. Every Friday it is Mr. Fox who drives his own car, spends his own time, money and effort to collect the Video Cassettes. Sometimes they disappoint him by not giving the advertised movie. Reason—those who rented the day before fail to return it on time. Thus we reluctantly disapprove you by showing a substitute. Hope you would bear with us. This is one of the reasons why we are unable to let you know a week in advance of the intended projection. But, we can however promise this—unless otherwise stated, there will be a movie at the Library Auditorium every Friday night at 7:30. We once again thank you for the kind words expressed and look forward to your continued support.

President Gatto sent his congratulations for our participation in the North Central review meeting.

The meeting was adjourned at 9:31pm.

Respectfully Submitted,
Connie Ryan

TO WHOM IT MAY CONCERN:

There have been numerous rumors circulating the Marian College campus dealing with recent thefts and various other occurrences. We are continuously warned to be cautious when walking at night, but lately we are strongly advised to lock our doors and not to leave the dorm after dark unless absolutely necessary. With each new report of wrongdoing we are becoming more confused about who to believe and which rumors are true. We feel it is time that the college community was officially informed of the happenings and possible measures to prevent them. Now is the time not for rumors and confusion, but for positive actions and information from college officials. We would appreciate some straightforward answers not only for the protection of the college, but for our personal safety.
