ANNUAL COMPETITION FOR OVERSEAS STUDY

The Institute of International Education has announced
that the official opening of the 1982-83 competition for
grants for graduate study or research abroad in academic
fields and for professional training in the creative and per­
forming arts is scheduled for May 1, 1981. It is expected
that approximately 516 awards to 50 countries will be
available for the 1982-83 academic year.

The purpose of these grants is to increase mutual under­
standing between the people of the United States and other
countries through the exchange of persons, knowledge and
skills. They are provided under the terms of the Mutual
Education and Cultural Exchange Act of 1961 and by for­
gien governments, universities and private donors.

Applicants must be U.S. citizens at the time of applica­
who will generally hold a bachelor's degree or its
equivalent before the beginning date of the grant and, in
most cases, will be proficient in the language of the host
country. Except for certain specific awards, candidates
may not hold the Ph.D. at the time of application. Can­
didates for 1982-83 are ineligible for a grant to a country
if they have been doing graduate work or conducting research
in that country for six months or more during the academ­
year 1981-82.

Creative and performing artists are not required to have a
bachelor's degree, but they must have four years of pro­
fessional study or equivalent experience. Social Work appli­
cants must have at least two years of professional experi­
ence after the Master of Social Work degree; candidates
There will be a camp out sponsored by the Newman group tentatively set at Turkey Run. The date is Friday the 10th of April. All are welcome! Please bring warm clothes, a sleeping bag and personal items.

More information will be coming at a later date. For more information, please contact John Hahn at 356-6565.

SECURITY DOES THEIR JOB ONCE AGAIN

On Wednesday night, two stereo systems were ripped out of cars on the 30th street parking lot. Where was security and where are there priorities? On Thursday night, security had some cars towed away which were not in violation of parking regulations. Some cars just extended into the next parking spot. I'm sure they would not have succeeded in towing the cars away had they not brought along a 6 x 6 giant.

Such questions arise as to why there were two security guards on duty, why one had a billy club out, why they did not know WHERE the designated fire lanes were, and why they acted without authorization.

When the owners of the cars were standing there, why would they not allow them to move their cars rather than make them pay $40 for parking there [the warning says $35]. Why should the students suffer for the inefficiency and inconsistencies of the Marian College security. We feel this goes against the grain of what Marian College stands for.

Angrily,
The Student Body
