FUN RUN RESULTS ARE IN!!!!

This past Sunday, Sept. 27, the Junior Class Sponsored the 1st Marian Fun Run. I am happy to report this 1st run was a big success! There were 14 people who participated in the 1-mile and 17 in the 5-mile. Among these were faculty members Drew Appleby, Tim Akin, Curt Carlson, and Ken Gordon.

The class awarded 6 prizes in the 1-mile and 6 in the 5-mile. The one-mile was won by Richard Peak (4 min., 43 sec.). Richard won a "Marian Fun Run" sweatshirt. John Greaney won 2nd place and received a $10 gift certificate from the Athlete's Foot. Third place went to Tom Zobel and he received a $5 gift certificate from Athlete's Foot. The same prizes were awarded to the first three women across the finish line. Julie Wilhoit received the sweatshirt for her time of 5:53. Second place went to Mari Wilson and third was awarded to Kathy Rutherford.

In the five-mile, first place went to Bill Federspiel (30 min., 31 sec.) Another $10 Gift certificate went to John Greaney and the $5 gift certificate went to Richard Peak. Nancy Akin (Tim Akin's sister) was awarded the first prize in the women's division with a time of 38:42. Second place went to Paula Frounfe1ker and Nancy Townsend received the third place prize.

Congratulations to all those who entered and finished and a special congratulations to these top 12 finishers. Thanks for making the First Marian Fun Run a huge success!

CLARE HALL BOARD FRIGHT NIGHTS

This is your big chance to be that scary creature you've always dreamed of being (or dreamed of dating, whichever may be the case). Yes, Clare Hall Board is once again participating in Fright Night at the zoo and needs volunteers. You get to don an exciting costume and make your best attempts to scare the wits (yes, wits) out of all those miniature human varmints who take to the zoo. Sign-ups have been going on all this week in the cafe. If you haven't signed up yet, be sure to GRAB a Clare Hall Board Member and sign up today. Contact a Clare Hall Board Member for specific dates and times.

ALSO SPONSORED BY CLARE HALL BOARD....

Marian College women have suffered long enough as the majority on this campus. With female/male ratios quickly approaching the 2:1 mark, some of us find it necessary and fitting to turn our attention to other sources of social activity. After the bars become old hat and the Doyle Hall parties all start ending up the same...Clare Hall Board and Wabash College come through in a clinch and bring us the first Marian/Wabash Social on October 31 at Wabash College. It should be a good time. We'll spare you all the sordid details until they become a matter of history!!

FOCUS ON THE FAMILY---
Are you studying Education or Psychology or just interested in marriage
and the family life? Check out the film series "Focus on the Family"
featuring Mr. James Dubson, Teacher and Psychology. This series will be
showing at Ritter Avenue free, Methodist Church, 1645 North Ritter Avenue
on Sunday evenings (Oct. 4-25) at 7:00 p.m. It's free and everyone is
welcome!!!! Only five minutes by car!!!

TAG NOTES-----
Sunday, September 27, Eagle Creek Park marked the opening of TAG's
social season. It was a beautiful, sunny autumn day.

The first event of the day was the jart contest. The Phillips-
McCullough team triumphed over the Bingman-Clyma team in a rousing match.
Dennis won the Eagle's Obstacle Course by default. Our thanks to
Dennis, who designed the course. The tree climbing contest had a small
but faithful following. Although jarts aren't her thing, Suzanne proved
herself in the climb.

One of the highlights of the day was the backgammon championship, which
was won by Rusty Clime. Our congratulations go out to him.

Our chefs for the day were Dennis and Michelle. They gave a wonderful
performance in the field of culinary arts.

The final contest of the day was a touch football game. The winners
were the Backstage Bombers, who squeaked by the Border of Stratford, 6-0.

"This day of days saw none to compare, but there will be more that are
even more rare."

DAYS OF OUR KNIGHT LIFE.....by Linda Kuper

This past week was quite a traumatic experience for me as I became ill-stricken with food poisoning after indulging myself into a bed of raw oysters—formerly my favorite food. I spent the weekend in bed moaning and began to realize just how agonizing illness is.

Many people are pictures of health and wouldn't know what a thermometer was if they held it in their mouth. I, on the other hand, am always ailing from some type of bug. Being sick is the worst feeling. Your body feels like a closet full of sweaters along with a severe case of "bird-cage breath."

Being sick at college is a double disaster because Mom isn't around to make your favorite dessert, cook homemade chicken noodle soup and turn the TV channel in order for you to be able to watch your favorite soaps all day. When sick at school, your roomie stays as far away as possible to avoid becoming infested, and your RA scans around the dorm unsuccessfully looking for aspirin and Pepto-Bismol.

When you are sick, you feel isolated from life because you can't go to the cafe and socialize, and you don't feel like calling anyone. Also, everyone stays clear of your germ path so they won't be the next patient at "Marian Hospital." Although you do miss class when you are under the weather, to me it is not worth all of the trips to the bathroom, 36 boxes of Kleenex, and numerous capsules, pills, and spoonfuls of medicine.

Today, I feel much better and my advice to everyone is to take vitamins, dress warmly, get plenty of rest and call me in the morning. I hope you have enjoyed your "medical advice for the day". After receiving my doctor bill, please submit your payment to "Dr. Kildare Kuper", 206 Clare Hall, Marian Hospital.

Note: Some people will do just about anything to get a phone call, won't they, Linda?????

**INTERNATIONAL YEAR OF SAINT FRANCIS.........**

This weekend marks the beginning of a world-wide, year-long celebration of the 800th anniversary of the birth of St. Francis (patron of the Sisters of St. Francis at Marian College). St. Francis, a favorite among Protestants and Catholics alike, has been portrayed in a variety of ways from a lover of nature to a 'peace-knik'. While he was both of these, he was much more. He and the thousands of men and women, religious and lay throughout the world, have been inspired by the ideal to live the Gospel values more faithfully. They work to renew themselves and society in the beauty and challenge of Jesus' message to value and celebrate all life, to care for the poor, the outcasts, to be peacemakers, to love and serve God.

Plans at Marian to inaugurate this eighth centenary include special music at the weekend Masses, and the blessing of a new statue of St. Francis which will be placed outdoors on the campus. Sunday, Oct. 4, everyone is invited to attend the festivities at Sacred Heart Parish, Indy, starting at 4 p.m. with the "Transitus" service commemorating the passing of Francis into eternity, followed by a brown bag supper, concert by John Michael Talbott, and closing with evening prayer. (Anyone wishing a ride contact Sr. Sue).

This year of celebration can be a time for all of us to deepen our efforts to live the Christian life.

**Square Dance, Oct. 9;** It starts at 8:00 in the Intramural Gym. Food will be free. Come and have a good time!!!

What is Respiratory Therapy? It is one of the fastest growing health care specialties. It offers the dynamic individual the opportunity to become a member of the health care team in the treatment, diagnosis, and prevention of lung disease. The patients range in age from newborns to the elderly. They may have been admitted to a hospital for a minor breathing problem or they may need complete breathing support due to a car accident or some type of trauma. In essence, the Respiratory Therapy Practitioner is a life support specialist.

Opportunities? There are unlimited positions available in Respiratory Therapy Departments throughout the United States. These opportunities are primarily in hospitals. Jobs can also be found in respiratory care service companies.

Starting salaries? A Graduate Respiratory Therapy Technician (GRTT) can usually expect a starting salary between $11,000 and 13,000/year. A Graduate Respiratory Therapist (GRT) starts at about $13,000 to 15,000 per year. These figures depend upon the size of the hospital, geographic location, and your personal interview when applying for a position.

Credentials? Certified Respiratory Therapy Technician (CRTT)
Registered Respiratory Therapist (RRT)

Both credential require examination by the National Board for Respiratory Therapy. (NBRT)

What is available at Marian College? Marian College has both a one year program to become a CRTT and a two year program leading to an A.S. Degree to become an RRT. Clinical affiliations are with St. Vincent Hospital and Methodist Hospital.

For more information about this exciting health care specialty please see the Program Director of the Marian College School of Respiratory Therapy, Room 301, Marian Hall or call St. Vincent Hospital, Human Resource Development Department-871-2394. Please leave your name and phone number if the Program Director is not immediately available.

FREE MOVIE: Social Planning Presents---"My Bodyguard"
This exhilarating movie about Chicago high school students has left audiences cheering. Clifford Peache (Chris Makepeace, Meatballs), transfers from private to public school and becomes the victim of a "protection racket" run by the school thug (Matt Dillon, Little Darlings). Looking for a bodyguard, Peache seeks out the huge Linderman (Adam Baldwin, Ordinary People), and finds him to be a sensitive outcast. Tony Bill has created a warm, funny film about friendship and growing up.
The movie starts at 7:30 p.m. at the Library Auditorium. Also, a 1/2 hour of movie previews after the show. Important: there will be no admission!!

WHO'S WHO---

Each year fifteen to twenty seniors are nominated by Marian College to Who's Who in American Colleges and Universities. Nominees are selected based on academic achievement, campus activities and community service. All faculty and students are invited to submit nominations through their chairman or club president or Student Board. See notice on main bulletin board.

THANK YOU!-------

Many thanks to all those who helped make the campus ministry conference, Sept. 25-26 such a success; those who attended (participants came from 19 colleges and universities in Indiana), those who worked on the conference, and those who graciously offered to host a participant. We can be very proud of our spirit at Marian!!

NOTICE ---------------------

We have received reports in our office of an individual who has been involved in unauthorized sale and solicitation activities on our campus. The individual in question represents Fidelity Union Life Insurance Co. and indicates that she has been given permission by Marian College to talk with students about a "guaranteed savings program" that would provide long term disability and other benefits. The representative's name is Pam Hutchinson.

I want to alert you to the fact that under no circumstances would the College authorize any insurance company to solicit on campus. If you are contacted by any representative from Fidelity Union Life, I would encourage you to notify my office and we will take whatever additional action necessary to prevent further contact with our students.

PHOTOGRAPHIC NOTES

SENIORS: I have been taking environmental (outdoors) pictures of Marian seniors for the last five years. If you are interested in being photographically immortalized with our 114 park-like acres as the background, please stop in my office so that I can show you some samples of my work and discuss the details.

CLUBS/TEAMS/ORGANIZATIONS/GROUPS: I have accepted the responsibility of being the official photographer for the Admissions Department for the 1981-82 school year. It will be my responsibility to provide them with the pictures that they need for all of their recruiting endeavors (View Book, brochures, scrapbooks, etc.). I am particularly interested in photographically capturing the four amin facets of what I believe is the totality of the Marian College Experience; the Intellectual, the Spiritual, the Athletic, and the Social. This is a very demanding, but not impossible task. With a little help from you, I think I can do it. If your group is involved with an event that falls into one of these categories (and just about all events do, in one way or another), please let me know the particulars (i.e., when, where, who, etc.) in advance so that I can try to be there. If I cannot, there is a very good possibility that a member of the Photography Club can. In addition to the more formal/organized events, I am also very interested in capturing the less formal, more impromptu situations that occur when friends get together and simply enjoy the pleasure of each others' company. In other words, if a housing unit, dorm wing, intramural team, or simply a bunch of friends want to have their picture taken while they are doing something that they like to do together (e.g., jogging, sitting on their porch, hanging from a tree, playing in the autumn leaves, etc.), please contact me and we can work out the details. Be as creative as you can be; the very best photographs are a combination of good photographic techniques and creatively unusual subject matter.

Dr. Appleby

SQUARE DANCE!!!!

The freshman, sophomore, junior, and senior classes are co-sponsoring a square dance!!!! It will be in the Intramural Gym next Friday night at 8:00. FREE caramel apples and apple cider will be served and the scenery will almost make you believe you're right at home in your Batesville barn!!! It promises to be loads of fun --- remember last year????? Y'all come on down now, ya heaah???
