VANDALISM ON CAMPUS....

During recent weeks, the Student Affairs Committee (a standing committee of College Council), has been involved in discussions on how to discourage vandalism on campus. Several proposals have been considered which were thought to be effective in reducing vandalism of student and college property. One suggestion made by the Committee is to publish reports periodically of the cost of vandalism. While the Committee recognizes that some vandalism is caused by individuals not associated with Marian (i.e. vandalism of automobiles in parking lots on campus), the record shows that a sizeable portion is done by students. However, we also know that the number of students who willfully destroy property is relatively small and that their behavior is not representative of the majority of Marian students.

The Committee hopes that, by publishing these reports, the "responsible student majority" will take a more active role in discouraging and reporting individuals who engage in acts of vandalism. The Committee is also encouraged by the fact that there has been an actual reduction of vandalism to date this year as compared with the previous two academic years. A comparison of the total cost of vandalism in the residence halls during the past two and one half years reveals the following:

<table>
<thead>
<tr>
<th></th>
<th>Fall</th>
<th>Spring</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>1979-80</td>
<td>$619.00</td>
<td>$837.09</td>
<td>$1,456.09</td>
</tr>
<tr>
<td>1980-81</td>
<td>904.30</td>
<td>683.00</td>
<td>1,587.30</td>
</tr>
<tr>
<td>1981-82</td>
<td>560.00</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The reduction in vandalism cost is somewhat surprising in view of the fact that dorm occupancy is higher than it has been the past two years. Even more encouraging is that, according to Colonel Wagner, College Controller, there have been no major acts of vandalism to college property outside of the residence halls to date this year.

The Student Affairs Committee is pleased by the apparent trend toward a reduction of vandalism on campus. With the help of the entire College Community, we can continue to make steady improvement to significantly reduce or eliminate the needless destruction of property.

Bill Woodman
Secretary, Student Affairs Committee and
Dean of Student Services

DAYS OF OUR KNIGHT LIFE....by Linda Kuper

The weekend is here and the cold weather has once again warranted us indoors causing us to spend much time with our friends and most of all our roommates. Living with a roommate can be one of the best experiences of college life. Memories of your roommate will remain a lifetime and years from now you can reminisce about the good old days at MC. However, you must be willing to make several adjustments if you want to live four years with a person without driving each other insane. My roomie and I have gotten along wonderfully and though we have our ups and downs we always work out our differences and remain friends.

However, occasionally we do have our disagreements. No matter what semester it is, our class schedules are always at opposite sides of the clock and we are daily awakened by one another's screeching alarm. Another conflict we sometimes encounter is fighting for mirror space in the morning. While 2 of us are fumbling with rollers, others are rummaging through each others closets for something new to wear, or brushing the early morning swearers off our teeth.

During the course of a day my roomie and I may not see one another, but we will know the other is there by the dirty laundry laying around as well as note books from a previous class scattered around the floor in paper menagerie. Sometimes you look forward to a quiet evening of studying, but to your dismay find your roommate cranking the stereo with Billy Squier's newest album. Perhaps the most awkward situation roommates can endure is walking in on one another when a guest of the opposite sex is visiting the room because it is definitely NOT company!

It is possible to overcome all of the obstacles of roomie conflicts and get along well together. I wouldn't trade Carol, Brenda, and Bob, (my roommates), for anyone else and I enjoy having them around. Nonetheless, the choice of having my own room is a tempting proposition so beware of the "invasion of the roommate snatchers" or you may find yourself residing in the dorm halls but NOT the dorm rooms!!!!!!

TO THE MASSES.....

Wednesday night I attended the food service committee meeting. Besides myself there were two other students and an R.D. This was a good meeting in which much was discussed and things changed.

I feel that those of you who did not attend this meeting have no right to gripe and criticize. It is not worth the effort to gripe if it is not taken to those who have the capabilities to change what is wrong. Bill and Bob gave everyone the chance to voice their opinions and 4 people show up! It just goes to show that a lot of people have a lot of hot air and no guts to stand up for themselves.

Laws of Applied Terror:

1) When reviewing your notes before an exam, the most important ones will be illegible.

Corollary:

If you are given a take-home exam, you will forget where you live!

John Schoettelkotte of the theology department. You can receive your reading materials for the series by giving your name to Sister Sue. "Walk-ins" are also welcome. Plan now to attend this series on a crucial issue--peace/nuclear war. Sponsored by Campus Ministry.

TO THE MASSES:

Have you been in Clare Hall elevator lately? Does the graffiti on the elevator door bother you? How about the sticky floor from melted ice cream, or the cigarette ashes and butts on the floor? We all would like to consider ourselves responsible people, so why don't we act responsibly and stop defacing the elevator and other school facilities?
