New Religion Department Head Among Faculty Appointments

Topping the list of faculty changes is the appointment of Fr. Raymond R. McGinnis, S.T.L., Ph.D., as head of the department of religion.

Fr. McGinnis completed his studies for the doctorate at the Angelicum University, Rome, in June, 1950. He received the licentiate in sacred theology as well as the A.B. and M.A. degrees at the Catholic University of America.

Four years, 1945-1949, he spent as head of the department of philosophy at St. Mary-of-the-Woods College. In that capacity he served as vice-president of the Indiana Philosophical Association. Last year he was listed in the publication, Scholars of America.

Fr. Reine Assigned to New Albany

Fr. McGinnis is replacing Fr. Francis J. Reine, S.T.D., who has been appointed chaplain and student counselor at the new Our Lady Providence high school near New Albany, Ind.

During his six years of residence at Marian, Fr. Reine headed the department of religion, taught religion and psychology classes and organized and directed the college unit of the Legion of Mary. Off campus he has served as chairman of the archdiocese, director of the Indianapolis junior curia of the Legion of Mary, and, for a time, chaplain of Sisters Hospital.

Miss Pangallo, French Instructor

Also new on the faculty is Miss Antonio Pangallo, who has taken the position of French instructor. Miss Pangallo, an alumna of the college, distinguished herself in the director of her undergraduate study, and has since continued language and education studies. She is a member of Delta Epsilon Sigma, national scholastic honor society, and a medalist in the Alliance Francaise, Indianapolis.

Returning to the campus, Sister M. Leonette is filling the office of assistant librarian.

The college library recently received the first ten volumes of a 72-volume set, The Fathers of Church series, presented by the trustees of the Dougherty Foundation of Bevillé, Texas. Marian is one of twelve active colleges and universities throughout the US to receive the collection as a gift.

These books are being distributed as a memorial to the late Judge James E. Dougherty, who with Mrs. Dougherty established the foundation in particular interest in the publication of the series.

Orientation Series Includes ‘Guidance’

“The Guidance Program”, expanded to include a personal counselor for each student, was discussed by Sister Mary Olivia Girard, S.C., director of the third of a series of orientation talks Oct. 23. The talks, planned to assist freshmen in adjusting themselves to college life, are held each Tuesday during the first week of the fall term.

Dr. Robert L. Becherer, physical education instructor, will discuss “Keeping Physically Fit”. Previous talks were given by Sister Marie Pierre, dean of studies, and Sister Clarence Marie, librarian.

NF Convention Frames Constitution: Marian Organizes Student Senate

Participating in the framing of a new NF (short for NFCCS) constitution at the national convention, St. F.A.M., Aug. 23-Sept. 1, were Winifred Matthews and Mary Schuck. The preamble, an embodiment of the ideals of the NF, urges all students to aid in the development of co-curricular activities and to realize responsibilities to the student community and to the public.

Dedication of the student government is made “to God through the Immaculate Heart of Mary”.

Vote to Transfer

A report of the convention was given by Winifred, NF senior delegate, at the Student Association’s first assembly this year. As the result of a unanimous vote, application has been made for transfer affiliations from the Cincinnati region to the Fort Wayne region, and Marian geographically belongs.

A new development in NF activities introduced on campus this fall, is the Student Senate, a coordinating body comprised of the presidents of all campus clubs.

Officers Introduced As Student association president, Mary Schuck, at the same assembly introduced this year’s SA officers: Ann McCarthy, vice-president; Marilyn Huber, secretary; Rita Sheridan, treasurer.

The Student Association executive board is composed of these officers and the NF senior delegate, Sodality prefect, CSMC president, Phoenix editor, and the four class presidents. Board meetings, open to all students, are held every other Thursday at 8:30 a.m. in Room 129.

Students from Japan Spend 24 Days in Travel

Sailing into the San Francisco fog with a background of skyscrapers, Mary Elizabeth Kolke and Mary Agnes Kodama on September 16 received their first impressions of America. Their 24-day voyage from Japan was made aboard a 36-passenger Japanese freighter, the Tsuru-Maru. They arrived at Marian on Sept. 24.

Mary Elizabeth Kolke, Fushimi-ku, Kyoto, Japan, is in her third year at St. Teresa parochial school where Fr. Clarence J. Witte, M.M., of Richmond, Ind., is pastor. It is through Fr. Witte that both students learned of Marian collegio.

Grades of Sacred Heart high school, at Oahahi, Moku-gun, Hyogo Prefecture, they have been educated by the Madames of the Sacred Heart. On the high school faculty were religious from Ireland, France, Germany, U. S., and China.
Popular Women's Magazines Ignore Spiritual Hunger of Millions

Modern magazines for women are taking a bad beating from the pen of Milton Lomask in current issues of The Sign, a monthly Catholic magazine.

In a series of articles Mr. Lomask attempts to show that such "modern" journalism as found in Ladies Home Journal, Woman's Day, McCall's, and similar publications, are making women to rebel against their natural role as wife and mother.

Women must get out of the kitchen and into the world, these magazines argue. Articles on sex, divorce, birth control, private lives of celebrities, and amateur psychiatry are means of educating the feminine population. In one short article, a woman can find out why her husband cries, how often the couple next door quarrel, how many dresses Eleanor Roosevelt owns, or what college girls think about sex.

What could replace these extremely mundane topics? Why not move emphasis to the eternal purpose of the home, to the religious education of children? Charity in the home, mutual duties and privileges of parents and children, values in traced the passing of the 70th anniversary of the death of St. Francis of Assisi. Bequeathes the centuries. Marked thrilled the Gospel.

Sodality Goal Backed by Encyclical

The sodality has been striving during October to have the Pope say the Rosary in chapel every hour during the school day. They have been encouraged by the Holy See in the Pope Pius XII, Ingratianum Matriae (Of the Advancing Ibs). Warming against communism and materialism, which are enemies of our family, the Pope urges, "from Faith of many, here Father likes the family Rosary to the aling that won victory for David. He has "confidence in the holy rosary for the healing of the every-evil-afflicted souls:"

To the theme of world peace through the Rosary, the encyclical links the need of prayer that dissenter sects will recognize the rights of Christ. Expressing the wish to return to the Church are the Oriental sects, who for 1500 years have adhered to Monophysitism, the belief in two distinct and separate natures in Christ.

As for the people, the Rosary is stressed, as for the Holy Father says, "In vain is a remedy sought for the warring fate of civil life, if domestic society, the principle and foundation of human life, is not to be brought back to the norm of the Gospel."

Ten minutes a day can make the Sodality's project a success and answer the plea of the Pope for prayers for peace.

St. Francis of Assisi Bequeathes Legacy of Joy and Universal Love

As the last strands of Peter Nester Fuentes’ "in coelesti gloria," faded into the darkness, the students of Marian college marveled at the memory of St. Francis. Passed away this spring, the saint himself, Francis of Assisi, created a torch of high spiritual inspiration.

Poe Half a Century

One of the greatest contemporary English poets and a convert to Catholicism, Alfred Noyes, recently celebrated his 70th birthday and his 50th year in the literary world. First recognized as a Boston lecturer, he was awarded the honorary degree of Doctor of Literature by the college.

Among his major works is The Prodigal Son, an epic trilogy dealing with the discoveries of science symbolized as a toproach of high spiritual inspiration.

Triumphal Column

Dues honor was paid Christopher Columbus Oct. 12 by a literary Committee of Congress exhibition of documents and rare books. The display included a Colossus Coda of his property titles and a book re-puted to contain ashes from his Santo Domingo tomb.

Class of '55 Quick to Measure Up; Well Equipped With What It Takes

A cosmopolitan class is the class of '55, and ears and eyes perked for reaction by their seniors whom they hope to help and pray for, and use, if necessary, through to their sophomore year.

The freshmen are capping Sept. 16, a few days before the upperclassmen returned to resume studies. They were introduced to the campus, studies, traditions, and rules of family and willing upperclassmen.

Seniors, Big Sisters

Through instructions in know-
towing and college singing, the freshmen introduced themselves and chose “little sisters” whom they select that fan service and fellow freshmen fairly well.

They like college, its easy to sur-
mise, and already show true Mar-
ianite features. They have learned the meaning of the “open door” policy, and how to conduct 30 minutes of reading at the main bulletin board into three classes. They know the value of nickels in the pockets and assignments in the notebook, and they work light switches and the door of Room 130 as well as upperclassmen.

Five freshmen have upperclass-

On the Rebound . . . by Sylvia Karle

What kind of ball comes through on the rebound? In early spring, like the new birds, the ball is very small. This is the tennis ball. During the summer a larger ball looms into the foreground—the baseball. By September the ball grows until the volleyball stage is reached. And yet later in the cold, cold part of the year, it grows a bit more and emerges as a basketball.

Now, if you'll suffer through with me, we'll follow that ball, starting in the middle of the cycle, and help it along by a little publicity.

According to this cycle and right-so, the volleyball has now stimulated much action. New volleyball aspirants are learning the techniques in gym classes. Tournament veterans are hoping the new talent sufficient to help them in the coming series. Just a reminder—we've got to win the Indiana Newman club trophy three successive times in order to keep it. Let's defend our crown this year.

Oopsy! I forgot very important ball in that cycle. The ping-pong ball, however, is so small it's bound to get lost. Don't fret though—you'll still have a chance to participate or view what turned into an international conflict last year—the ping-pong tourney. With the reigning champion, Alma Ortiz, and runner-up Alba Menegh on campus, the contest again should prove interesting.

To greet this new school year's athletic activities the WAA has drawn up a new constitution and has adopted a new name, "The Athletic and Recreational Association" (ARA). Jane Kuebler is president of the ARA.

Juniors and sophomores played Lower Slavonia (the seniors in disguise) in an exhibition volleyball game for the freshmen, Oct. 9. In the eyes of an underclassman, the best team was:

In a scheduled volleyball meet with St. Vincent's student nurses Oct. 17, Marian's team was victor. Scores of the three games were 21-4, 21-3, 21-14. Alma Ortiz, Dorothy Powell, and Captain Jane Kuebler were star players. A lively cheering section was led by Irene McCarthy, Margie Murdock, and Alice Ann Field.

Tuberculosis Association Offers X-ray Service
