STUDENT BODY SLIMMING DOWN

Fewer overall student enrollment is the picture painted for colleges in the coming decade. This is due to the decrease of high school graduates in Indiana. In a booklet presented to all Admissions Offices throughout the country by the Western Interstate Commission for Higher Education and the Teachers Insurance and Annuity Association in conjunction with The College Board, the number of high school graduates in Indiana will dwindle from 76,363 in 1982-83 to 65,172 in '85-'86. This decline will continue until 1993 with only 85,544 high school seniors, and will then level off through 1999.

The effects of this decline in enrollment will be far more apparent in the lesser known schools. Efforts to recruit high school students have colleges offering such enticements as more academic and athletic scholarships, an increasing variety of programs, and an acceleration of college services.

MARIAN IS ----? !

Marian is a four letter word and you can help us find out what it is. Indiana Bell and AT&T have given Marian the opportunity to choose our own phone number. There's a catch, though---the number must be between 924-7000 and 924-8999.

We would like to find a four- or even five letter word which captures the spirit of Marian College and which, when dialed with a 924- or 92- prefix, yields a phone number within this block of numbers. Examples of this would be like: 92-GRADE or 924-TEST

Well, those aren't exactly what we have in mind, so pull up your phone, sharpen your pencil and help us find the word that fits. Drop your suggestions by the Public Information Office before next Monday.

SUCCESS

I would like to thank the following people for their help making this years 1984 Nutrition Week a success: Tony Gehl for creating the Electric Quiz Board, Diane Birchfield & Methodist Hospital for supplying the Home Ec. Club with brochures and pamphlets. Finally, the members of the Home Ec. Club who took time to make Nutrition Week a success. Our goal was to inform you. We feel it was achieved because you, the students and faculty participated and hopefully benefited. Once again, thanks to all that helped. A special thanks to Bill & ARA Services. Remember you are what you eat!!!

Due to bad weather all games were cancelled this week.

Hopefully, this weekend the baseball team will be able to travel to Rose-Hulman for a double-header. Then they will take on IUSE for their first home game on Sunday.

The softball team takes on IUPUI the third of April at the Metro Stadium.

The tennis team opens up on the fourth of April against Indiana Central here at 3:00 p.m.

GOOD LUCK TO ALL THREE TEAMS!!! (Everyone pray for good weather)

This week begins one of Marian Intramural's best events, Co-ed volleyball. Whether participating or spectating, Co-ed volleyball is one of the most exciting and fun ways to spend a Wednesday or Sunday evening.

There are 13 teams participating in Co-ed volleyball this year. (We could use 1 more) We're hoping for a freshman team to come in and start a new 4 year dynasty. Last year, the 4 year dynasty of The Spikers was ended by the graduation of many of its leaders. (Note- if anyone would like to be a substitute and not a full-time player, see Mr. Henderson)

In the basketball finals, Furman defeated Johnsons and Cruel Bondage defeated FBI. Thanks for a great season guys!

(Ed. note- Thanks to all of those who helped us with Little Bro/Sis weekend games in the gym. We couldn't have pulled it off without you Sally, Missy, Laura, Jackie B., Janis, and Ann.)
Tradition --- there's no avoiding it. We here at Marian are especially devoted to that which ties us to our past (even those of us who have no past) In the name of tradition, I've been asked to present the second annual Marian College Calendar Contest. Being a strong advocate of anything trivial or meaningless, I accepted the challenge. The "winners" are as follows:

January --- Ringing in the New Year with Jack Groves donned in a Huggies Disposable Diaper and the obligatory banner bearing "Happy New Year", sporting his oh-so endearing snarl.
February --- Joe Pickard as the perfect valentine- (just ask him and he'll tell you!) He's the only commuter who knows every girls measurements; its the names he has trouble with!
March----- The month of lions, lambs, and leprechauns. Among the myriad of Irishmen on campus, Mike Dugan is the perfect leprechaun!!
April------ The month of fools!! The winner is the king of foolishness, Bill Murphy!!
May------- It's Race Month in our fair city, so we needed a beautiful car. Next to the Blue Goose and the white Speedster station wagons, there is no better car than the one owned by Jerry Koors!!
June------- Father's Day!! (Don't worry, I'm not pointing any fingers!) no Daddy's here on this campus-- except for Father Leopold!
July------- A time for fireworks and Fourth of July celebrations. A time for whose hot and whose not, also red heads; Sean Johnson.

MOVIES . . .

The Hotel New Hampshire - The film puts a good cast in a smug, condescending fantasy about a large New England family that learns to be bittersweet and courageous about incest, rape, suicide, and other serious topics that are handled with an annoying offhandedness. We get the feeling that the movie values its style much more than its characters.

Children of The Corn - A couple stumbles upon a town occupied by a cult of obsessed teenagers who slaughter the adult population to please a being known only as He Who Walks Behind the Rows.

Art Exhibit

Becky Schrader's Senior Art Exhibit will be showing in the Marian Library through April 7.

Becky places a special interest in illustrations. This interest has influenced Becky's decision to free lance illustrations for childrens books when she graduates while working another art related job.
