As editors of this fine periodical, we have inherited the job of choosing people to represent our 3rd Annual Marian College Calendar Contest. This year's winners are:

---

January --- For our baby New Year, we have chosen Kenny Schafer. Kenny is the only 'of age' person we know that still does not get served with I.D.'s.

February -- For this month we have chosen the whole DeHart Family (and God knows there are enough of them) Who better to be your Valentine than a DeHart.

March ----- March is the month of the Irish and for this month who would be better to represent it than a true Irishman (Irishwoman), so we have chosen Wendy Harris.

April ----- The first day of this month is April Fools Day. So who better to represent it than the 'King of the Fools', Mike Markley.

May ------ The Indy 500 is a big part of this month, so we have chosen a real race car driver, Trish Johnson. Trish hopes to race midgets this summer (and we don't mean Richard Peak)

June ------ With Father's Day being the only excitement in this month, we thought that we would choose a real father, Father Leopold.

July ------ As a summer month, who better to represent it than a bronze Sun God (metaphorically speaking, of course), who can start the fireworks for any young lady with his smooth words of flirtation? Yes, you, Mark Bossert, represent the month of July!

August ---- Back to School!!! Now that Hector is gone, we guess that Richard Peak is trying to beat his record for being the student with the longest tenure.

September - Labor Day! The day we all rest from our year of labor. Who needs the rest more than Mike Dugan, our hard working diligent Student Board President.

(continued on page 2.)
October — When we think of October, we think of Halloween and all the scary things that come with it. Di Fishel has been chosen for this month because she is the scariest witch we have ever met (in the Land of Oz). Just ask her, she has pictures she will be glad to show you.

November — Along with Thanksgiving there are always turkeys, so we chose a real turkey to represent this month, the biggest turkey of them all, Alan Blazic.

December — For this month, one tends to think of the Nativity, with Mary and Joseph, and the baby Jesus. Well, who would better represent this month than someone who sings like an angel, and is thought of as a god by all the girls? Yes, none other than Mike Holper, himself. By the way Mike, don't let this go to your head, because we know better, don't we!!!

The men traveleed to IU Southeast on the 19th and returned a winner. The game ended in a close 75-73 final score. Dave Mahurin and Dave Back both played a great game. **Letter Home from Camp Marian**

Dear Mom,

Hi! I'm thinking of dropping out of school. I have a tremendous job with excellent opportunities for advancement, great pay, paid vacations to Hawaii, and an endless supply of nutritious food. I'm working in a warm, pleasant area. My colleagues always show up promptly. Sometimes, I get to serve the food. I always smile and greet the students by name as I dip an enormous portion of the delicious, mouthwatering food onto the spotlessly clean plates.

Let me tell you about this one time. I had this tedious job of checking everyone as they came in the door. I had to crosscut an enormous complex number for each student, but I had writer's cramp for a whole week.

Oh, can we talk about my supervisors? Especially the one they call Gary, "Mr. ARA," himself. They never worry about anything because nothing ever goes wrong.

Well Mom, I GET to work now. I'll talk to you later.

Love,

Your Intelligent, successful child
Women
Sports Psychology
At 7:30 p.m. in the Library Auditorium on Wednesday, January 30, Dr. Arno Wittig will present a lecture on "Women in Sports Psychology". Dr. Wittig is a Professor of Psychology at Ball State University who has done extensive research in the area of sports psychology and whose daughter is a member of Northwestern's 1984 Big Ten championship volleyball team. Specific topics that he will cover in his presentation will include:
1. How sport differs for men and women
2. Sport competition anxiety - women's reactions and some possible explanations
3. Importance of sports for women
A question/discussion period will follow his presentation during which Dr. Wittig hopes that his audience will express their opinions and ask questions. This promises to be an excellent presentation. I had the pleasure of hearing Dr. Wittig at a conference last semester, and I found him to be one of the most entertaining and informative speakers that I have heard in a number of years.
