On Thursday, September 30, Dean Alfred Brames met with the editors of the Phoenix, Cathy Andre and John Costerican, an editor of the Carbon, Ed McCord, and Carbon staff member Jane Peck to discuss the college housing policy. The meeting stemmed from recent controversy over a number of students living off campus. The issue came about when these students were asked to return to the residence halls since they were in violation of the policy. Though the meeting remained somewhat brief the Dean proved to be helpful in explaining the policy and its terms, as well as providing some rationale for its development.

When asked for an explanation concerning the policy, the Dean replied that he upholds the policy as a matter of principle. He further added his own personal preference that at some time in the future the college could have a policy to permit students to live in housing of their own choosing. He further added a hope that the institution could construct apartment style dorms in the hope that this would meet students' desire for a different dorm set-up.

When asked about the four point interpretation of the policy, Dean Brames explained that the age issue was placed at 22 because of the necessity to maintain maximum occupancy in order to meet the bond issue payments. He further explained that at one time the limit was 24 but that was modified for the students. When questioned about the possibility of lowering the figure to 21 he stated that that was more realistic yet still not probable because of the dorm. Furthering his discussion on the interpretation he referred to the Armed Services exception that it is not necessary to continue the practice here. Concluding his explanation he divided the exceptions clasue into two categories, automatic and non-automatic. Automatic would be the case if a student were living with a blood relative. Non-automatic would include exceptional conditions such as an illness in the family where the student is certain he would miss time in the dorm because of regular visits home, personal health which involves a doctor's excuse, and serious financial situations that would necessitate that the student live off campus in order to conserve money. He further clarified that an automatic means would immediate permission to live off campus and that non-automatic means that the permission would be detained or refused until there is a thorough review of the matter, such as in the case of financial reasons, and that the case would be looked at by a committee and then recommendations offered. Parent's opinion could be considered; however, they would remain a minor consideration.

The system for filing for off campus was outlined. If a student is presently living in a dorm his case originates with the residence director, then to Col. Wagner, then to Mr. Aktas, then to Dean Brames for final consideration. However, if the student is off campus at the time, he applies to Mrs. Kelly, Activities Director, then to Col. Wagner, and to Dean Brames for a ruling.

The Appeals Procedure was also discussed. If a student wishes to appeal the ruling of Student Services, he may do so to the President or to the Board of Trustees. However, the Dean stated that it is more probable that the President would be willing to hear his case than the Trustees, yet neither is actually obligated.

The total discussion for the present document on housing policy is an issue an economic one. Dorms are leased to the college by the builders and the college makes bond issue payments each year.

Self Study

Committee On Students

The Committee on Students, one of the eight sub-committees of the Marrian College Self-Study and Planning Committee for the 70's, has a task of paramount importance to perform. Its job is to consider carefully the type of student attracted to date to Marian and to formulate a profile of the student clientele most likely to benefit from what Marrian College offers; to examine admissions requirements, student activities and facilities, enrollment, academic life, residence life, etc.

During the past school year the committee has scrutinized pertinent and revealing information in those areas of its concern. Interesting facts are those regarding enrollment, academic life, student activities, religious education, residence life, etc. For example, there has been an increase in enrollment from 1961 to 1969. However, this past school year saw a decrease of approximately 100 students. Further investigations also revealed a significant decrease in students from the Indianapolis area. Some of the reasons for this trend deduced by Admissions Officers were the increase in tuition over the past five years, the general trend to go away to college, the establishment of IUPUI, the fact that faculties and counselors in some high schools are aware of the existence of Marrian College or are not convinced of Marrian's worth, and some drop in enrollment in Catholic institutions over the past year.

Why students withdraw from Marrian was another concern of this committee. Reasons vary according to the individual but there are some trends which seem to occur more frequently than others, such as, transferring to another college, finances, and academic expectations.

The committee's most important task still lies ahead and that is, the interpretation of the data collected in the light of its relevance to projecting for the future of Marrian. In the near future the Committee on Students will send out a questionnaire to a random number of alumni members and present students. It is hoped that this questionnaire will help the committee answer some of the questions raised concerning students' expectations from their college. Student responses may also serve as a basis for recommendations this committee will make for the direction of the college.

Moran Speaks Here Tonight

Brother Gabriel Moran, in cooperation with the Guardian Angel Guild, will visit Marrian's campus Wednesday evening, October 11. This controversial religious educator will deliver a lecture on "The Church: Source, Setting, or Obstacle for Religious Education" at 8:00 p.m. in the Marrian Hall Auditorium. A question and answer period will follow Brother Gabriel's presentation.

Tickets for this event may be purchased at the Alumni Office. Admission of $1.50 per person and $2.50 for faculty members will be charged.

FROSH DESIGNS NAMEPLATE

We have a winner! Out of the ten entries submitted, the Phoenix has voted on the most creative nameplate designed by freshman Mary Ellings. As the winning designer, Mary has received the ten dollars first prize and will have the privilege of seeing her design on the front page of the Phoenix.

Mary is from Willard, Ohio, where she graduated from Willard High School. She was a member of choir and Student Council. Although she hopes to major in art and go into interior decorating, Mary has other interests which include athletics, music, reading, writing and poems and 'things.' At present, Mary signs in the choir and plays intramural volleyball. She is also interested in running for a class office.

Congratulations, Mary!
During second semester of the 1970-71 academic year, the Academic Affairs Committee passed a motion that I feel had many positive aspects for the Marian community. The motion read that "...a student who has had a journalism course in high school, or who was a member of the staff of a high school newspaper, be permitted to earn the three credits required for secondary English license by contributing to a minimum of ten issues of the Phoenix and passing an exam in journalism. The student would be required to submit a folder of articles published in the Phoenix along with a statement from the editor regarding the time devoted to the value of the student's contributions to the publication. In addition, the student would have to report "students not pursuing secondary education certificates may also benefit in the program." So this reformed innovation may be taken advantage of by any interested student. It must be recognized, though, that these three credit hours cannot take the place of English major coursework. The main benefactor of this journalism program is, of course, the student. An "innate" or previously learned journalism expertise takes on a wider range of value in that he also gets the practical experience necessary for ultimate journalistic knowledge. Hopefully the student will see reason and purpose of education as he applies his theories to the makeup of a newspaper.

The second benefactor in this program is the Marian community. It is we, the "Marian masses" who read the Phoenix that must fit by the quality that this "journalistic episode" strives to forestall into the Phoenix. When students vote in the matters of journalism they should know-how to the pages of the Phoenix the output is a finer newspaper made available for our community.

If that approach to journalism credits is an academic step toward more diversified education. We are progressing to a higher, more practical form of education here at M.C.. One in which doing is a finer newspaper made available for our community. It is we, the "Marian masses" who read the student opinion. The main points covered the rulings at the talks up to this time are, I do not think those who fill the sea with tears were the empty but those who filled the sea with tears were the exciting as keeping up.

To the editors of the Phoenix:

This proposal has been submitted to the Academic Affairs Committee and for setting the current controversy involving Marian's Housing Policy. We recommend a restatement and clarification of that policy at the present time that is convenient for all. The first of the committee's attempts at catching up with Marian's cultural lag in attempting to conform to the community standards of previous years was the Dumbwaiter. a committee, entertained presentation by the drama department. Sadly, the empty seats turned the auditorium into a cheesebox - a great many places were empty but those who filled the seats were the sweeter of audiences.

The question those who attended and they will surely fill you in on their opinion of Pinter's view of man. Inquire the opinion of those who didn't attend and they will have no concept of the questions Pinter asks.

Next Thursday, the off-Broadway hit "To Be Young, Gifted and Black" will appear at Marian. This advertisement might like to compare opinions with the evaluation of the Wall Street Journal which said of this play, "Beautiful and moving theatre, it is to be cherished." And Cliff Brown of the New York Times who wrote, "Wonderfully moving and entertaining." The opportunity for some cultural catching up has been proffered. It remains for us students to enrich and evaluate for ourselves. Ideally, at the end we might decide that catching up is almost as exciting as keeping up. and after, their cases were reviewed and ruled upon, the results were surprising. The students must comply with the policy and move into the dorms or withdraw from the courses. Limited discussions began concerning this situation and the regret over the documentation of rational and accidental for the policy were then obtained from Dean Brames. The discussions continued and more people became aware and interested. Student Board discussed the situation. A committee was formed from their meeting to look into the possibility and possibly formulate policy changes. A concerned group of students met to discuss the issue and also pro pose policy revision. Many of these were good in the sense that they demonstrated student concern. Yet, is this enough? Should the talks remain limited to these people? I say no. These people should be a directire group. I invite more people to become aware of the matter, I people should be a directire group. I invite more people to become aware of the matter, I urge student to seek out information from Student Board, from students involved, and from the Office of Student Services. I further urge students to discuss this with others. An open mind of inquiry is your only prerequisite. I also hope that opinions will be formulated, and constructive ideas and criticism will be voiced. Convey them to Student Board and to the members of the I urge you, the students, to read, verify, evaluate, and make decisions about all the channels that are open to you, so that a justifiable decision will be reached.

CULTURAL LAG

An Editorial by Ellen Dungan

The cultural lag, which society characterizes and defines as a general apathy toward the movements of those who are on the cutting edge of our time - artists, writers, politicians, etc. - seems to have permeated a community as intellectually 'avant garde' as Marian College professes to be and as college students in general seem to be. In an area as it is an institution of higher learning Marian College or any similar institution has a duty to foster and encourage stimulation toward cultural growth and appreciation. The convocation committee has extended its efforts at contributing to a cultural atmosphere by providing first rate productions for students free of charge - and at a time that is convenient for all. The first of the committee's attempts at catching up with Marian's cultural lag in attempting to conform to the community standards of previous years was the Dumbwaiter. an excellent, entertaining presentation by the drama department. Sadly, the empty seats turned the auditorium into a cheesebox - a great many places were empty but those who filled the seats were the sweeter of audiences.

The question those who attended and they will surely fill you in on their opinion of Pinter's view of man. Inquire the opinion of those who didn't attend and they will have no concept of the questions Pinter asks.

Next Thursday, the off-Broadway hit "To Be Young, Gifted and Black" will appear at Marian. This advertisement might like to compare opinions with the evaluation of the Wall Street Journal which said of this play, "Beautiful and moving theatre, it is to be cherished." And Cliff Brown of the New York Times who wrote, "Wonderfully moving and entertaining." The opportunity for some cultural catching up has been proffered. It remains for us students to enrich and evaluate for ourselves. Ideally, at the end we might decide that catching up is almost as exciting as keeping up.

Search, Discuss, Evaluate, and Voice

In the past week considerable discussion of the Marian Housing Policy decisions have been raised, comments have flowed left and right, students in the form of education here at M.C. are living in compliance with the policy. The main points covered the rulings at the talks up to this time are, I do not think those who fill the sea with tears were the empty but those who filled the sea with tears were the exciting as keeping up.

Dear Editor,

The Student Board has become aware of some student discontentment in standing concerning the off-campus housing policy. In Sunday, October 3, it was decided at the Board meeting that the executive officers will meet with the students and administrative in an attempt to clarify the present policy. It is hoped that through this discussion questions such as the rationale behind the policy and proper procedure for appeals can be answered.

I also hope that opinions will be submitted to a committee, composed of three Board members, to discuss and recommendations or clarifications and/or changes of the existing policy.

We would encourage students to read, verify, evaluate, and make decisions about all the channels that are open to you, so that a justifiable decision will be reached.

"To Be Young, Gifted and Black," the longest running Off-Broadway play of 1969, will be presented as part of the Marian College convocation series, Thursday, October 7, at 2:00 p.m. in Hasberry play which received rave reviews both in New York and in its tour cities in the second in a series of top-notch presentations sponsored by the convocation committee. "To Be Young, Gifted and Black" fills a void in the life of this writer, her family and friends, presenting insights in the life of this Young, Gifted and Black company at an advertised $2000 fee for regular bookings. The production had to be moved up to the 2:00 p.m. time because of a union requirement. All classes however have been cancelled for Thursday afternoon to allow all students to attend. The teachers do have an option for re-scheduling classes at the regular convocation time at 12:30 p.m.

In categorizing the Thursday production, Johnson compared it to "The Whitman Portrait," which was well received by the Marian audience last year. "This play is of similar quality," he said.

Future convocations include an appearance and speech by John Neff, Democratic Candidate for mayor, on October 19. Carlo Tuoni, a counter spy for the U.S. and Russia after World War II will talk about spy training and life in Russia sometime in March. A former inmate at San Quentin, Folocow and Soledad was at the Attica incident, Mr. Richard Calise, is being considered for the 2:00 p.m. time noon booking. If he is not available, Victor Bono, a son of "Hush,Hush Sweet Charlotte" and "Whatever Happened to Baby Jane?" movie fame will appear instead to deliver dramatic readings and entertainment in the style of Vincent Price. With an impressive schedule ahead, John- son feels that these productions will draw well, despite the showing of the first convocation "The Dumbwaiter." "We are confident that with the proper promotion and the allowance in the schedule time this production and those following will encourage students to take advantage of these productions," Johnson closed.

Greeting Mrs. Louis Gatto, wife of our newly appointed president, the college, was indeed a rare and exceptional experience. The Gatto home displays a warm and friendly atmosphere. Mr. and Mrs. Gatto are the most hospitable people you could ever meet. They always seem to want so much these days. These possessions were once treasured and loved. The people who owned them knew of a simple uncomplicated life. That's why I like them," stated Mrs. Gatto. Mr. and Mrs. Gatto like to antique hunt when they vacation just to unwind or relax. The six Gatto children are Chris, who attends Indiana University; Beth and Mark, who attend Ritter High; and Greg, Jaime and Sandy, who attend St. Michael's School. These younger Gattos seem to enjoy the Marian atmosphere and the feeling of "country living." Having lived in the small town of Rensselaer for fourteen years, life in Indianapolis presents a change for this family. "This town is so big and everything is so very well located," Mrs. Gatto explained. "I feel this is secondary. My family is first." Friends and acquaintances enjoy the Gatto home, and as Mrs. Gatto says softly and openly, "come on in, let your hair down, be yourself."

Young, Gifted, and Black

The committee was fortunate in obtaining the "To Be Young, Gifted and Black." Company at an advertised $2000 fee for regular bookings. The production had to be moved up to the 2:00 p.m. time because of a union requirement. All classes however have been cancelled for Thursday afternoon to allow all students to attend. The teachers do have an option for re-scheduling classes at the regular convocation time at 12:30 p.m.

In categorizing the Thursday production, Johnson compared it to "The Whitman Portrait," which was well received by the Marian audience last year. "This play is of similar quality," he said.

Future convocations include an appearance and speech by John Neff, Democratic Candidate for mayor, on October 19. Carlo Tuoni, a counter spy for the U.S. and Russia after World War II will talk about spy training and life in Russia sometime in March. A former inmate at San Quentin, Folocow and Soledad was at the Attica incident, Mr. Richard Calise, is being considered for the 2:00 p.m. time noon booking. If he is not available, Victor Bono, a son of "Hush,Hush Sweet Charlotte" and "Whatever Happened to Baby Jane?" movie fame will appear instead to deliver dramatic readings and entertainment in the style of Vincent Price. With an impressive schedule ahead, Johnson feels that these productions will draw well, despite the showing of the first convocation "The Dumbwaiter." "We are confident that with the proper promotion and the allowance in the schedule time this production and those following will encourage students to take advantage of these productions," Johnson closed.

GETTING TOGETHER

The Marian College Student Home Economics Association will sponsor a 'Get-Acquainted Night' for new members on Thursday, October 7, 7:00 p.m., Room 129, Clare Hall.

Joyce Miller, Chairman, Elsey Course, Secretary; and Rita Benson, Treasurer, are planning the program. A visual food presentation will be presented by Selma Probst, Consumer Education Representative of Topperware. Both old and new members, as well as anyone who is interested in Home Economics, are invited to attend.

Other activities for October include participation in the Fall meeting of the Student Member Section of the Home Economics Association at Purdue University, October 23. A Bake Sale is also being planned for October 27.

On Sunday evening, October 10, Manasa members will journey to La Rue Carter Hospital. The first event planned will be a most interesting orientation to the hospital and the types of activities that go on there. Next there will be a short mix-and-match dance with the patients.

Anyone interested in going should contact Gayle Smart, a junior, in the Clare Hall desk at 5:30 p.m. on Sunday. Expected return to Marian is 9:30 p.m. Transportation will be provided for those who need it.

For more information contact Ruth Miller, Ext. 387, or any other Manasa officer.
Clint Reynolds & Martin Cross-Country runners got on the winning track as they scored an impressive victory at Huntington on Tuesday afternoon.

The young Knights came through with their top effort of the young season to even their record at one and one.

Sparked by sophomore Dan Puckett, who bolted to a second place finish with a clocked time of 26:05, the Knights collected first through with their top effort of the season at River-Golf Course. Back Tuesday as they opened the home portion of the season at River-Golf Course.

Monday evening women's intramural volleyball continued.

The results were: The Blue Yarn (Frosh) over Fire Four Farts; The Knuckleheads over The Untouchables; The Raggedy Ann over The Philosophical Beings; The Peons over the Mountain Mamas; The Snatches over Act III; The Marian Nighty Nighty Nights over Green House Nitters; The Blackouts over East Wing Ding-a-Lings (Frosh).

Eight games were scheduled to be played; however, a few were forfeited due to other campus activities.

In the games that were played, The Blue Yarn (Jrs.) easily overcame the Untouchables (Sophs and Frosh), and The Marian Nighty Nights (Frosh) conquered the Snatches (Sophs). The Raggedy Ann (Jrs.) won after a hard contest over the Staff Germs (the R.A.'s), and the Blackouts (Scholastics) darkened the night for the Mountain Mamas (Sophs).

In the forfeits, the Knuckleheads (Frosh) won over the Bugaloos (Frosh), Act III (Frosh) defeated the Fire Four Farts (Frosh), and the Philosophical Beings (Srs.) questioned the existence of the East Wing Ding-a-Lings (Frosh).

Gods, Bunch Triumphs

The Wild Bunch, after leading only 6 - 0 at half, broke things wide open after intermission to record a 27 - 0 victory over the Mother Truckers in a bruising physical battle marred by injuries.

The undermanned Truckers put up quite a battle for the first 10 minutes as they held the Bunch's potent offense to a single score, that coming on a Kenny Tyrrell to Terry Smith 30 yard pass.

But after the break, the fired up Wild Bunch was just too much for the Truckers as Dale Hemmings recorded a safety. Smith ran 36 yards for a score and then team up with quarterback Tyrrell for 30 and 40 yard scoring passes to round out the scoring.

This win may have proved costly to both teams as both Mike Mills and Ed Sherman were injured in the contest.

The improved Mother Truckers, who played nothing like last year's cellar bowl losers, were led by Merle Tebbe.

Gods of Hellsfire, after leading the Wild Bunch 27 - 12 going into the final game, went on to lose to the Nads - 6.

The Gods of Hellsfire, using a strong passing attack and a rugged pass rush, downs a fired up team of Nads in the day's final game.

Hellsfire quarterback Bill Doherty threw for four touchdown passes against the Nads defense. A one yarder to Larry Une reached done the scoring while 50 and 60 yarders to Jim Herbe and a 25 yarder to John Jones accounted for the other three.

Doherty also hit Herbe for two extra points and Une for one.

Tony Formato caught a 70 yard scoring pass from quarterback Paul Norman to supply the Nads with their only score of the contest.

Pete Klosterman and Larry Gallas both performed well at center for their respective teams.

The Nads Paul Jarboe was injured in the game and may be out of action for a while.
