Remember, we're here to be well-rounded students! Off or on campus frolics, please send up to the CARBON Room with the necessary details - dress codes, BYOB, etc.

Yours Passionately,
Mae East
Have you ever wondered what the weekly Student Board meetings are like, or even who the representatives are? Well, I have. Contrary to the average man on the street's misconception of student order this small representative body of fifteen has a rigid organizational base, namely Robert's Rules of Order.

Generally the Sunday night sessions begin with the meeting being called to order, reading of the past week's business notes, a treasurer's report, committee reports and the discussion of old and new motions before the Board. According to the rules of order, all members are recognized by the President, Jim Herbe, when giving their weekly report on nominations for new committees. All motions submitted are passed only after being approved by a second member and no dissensions from the others. If this occurs, then a complicated system of discussion is initiated. This week's meeting was short and there were no dissenting votes.

For the first report as of Sunday, Sept. 20, the balance of the Board's treasury was $2384.44. The second order of business was the committee reports.

Doyle Hall representative, Pat Oliver, reported a small profit on last Saturday night's Mixer. He also mentioned that there was a special meeting with Dean Brame and the two dorm councils concerning their housing contracts for possible hours extension. The Dean said that he would discuss the student view with the makers of the contracts.

Clare Hall representative, Nancy Perkins, stated that the date for Little Sis weekend is unsettled. The Hall's treasury is returning to the Business Office after its removal last year.

Social Council representative, Nancy Schroeder, reported on a fall concert, possibly October 28. The sophomore class activity has been changed to October 10. Celebration's dates are now October 24 and 25.

Senior class representative, Glenn Tebbe, mentioned that his class's pictures will be taken on October 9, 9, and 10. He also announced that Mr. Kelly is the class adviser.

Sophomore class representative, Ed McCord stated that a settlement was not reached about the band that didn't come for the first mixer. He further mentioned that Miss Hensley is the class advisor.

Academic Affairs representative Mimi Meyer reported of a session with Sr. Norma. If there is Faculty Council approval, there will be a Teacher Course Evaluation again this year. The revision of the school year and plans for an academic holiday to move the books from the old library on October 15 have been dropped. Also mentioned was a lecture series from October 5 to 26, namely "You and Your Vote!"

Vice-president, Tem Hanrahan, stated that Parent's Day will be moved to the spring semester instead of the fall.

President Jim Herbe reported of a discussion with Dean Brame about the Discipline Committee and stated the Dean's wish to have Dr. Guzzetta appoint someone from the administration, the chairman of the Faculty Council to appoint another person, and the (cont. next column)

Student Board President to appoint a third to this committee.

After the committee representatives' reports were given the previous weeks' motions were discussed. This was concerned with nominations for committees, these include: for religious affairs, John Costerison; for education, Cathy Andre, Kay Fleetwood, Jane Huseman, and Sharon Stark; for the library, Mary Shulz; for treasurer of the Board, pending the decision on Denny Dubois' probation, were Marty Keltz and Elana Weiss. But before any decisions are reached, nominations will be open for another week for anyone else interested.

The latest motions before the Board were an allocation of $349.80 to Social Council for the school calendar and misc. expenses, and a second allocation of $4400 for fall concert, both were seconded and tabled for discussion at the next session. Following this, the meeting was adjourned with Secretary Marty Scherer hastily organizing notes for the next session of the Student Board.

THE HAUNTED HOUSE
Marian College received another first this year in the form of the newly composed Housing Contract. The Contract is accompanied by a list of Terms and Conditions of Occupancy in Residence Halls which you have to read to believe. The only thing (s) wrong with it is its overly formal presentation and content. It's enough to make you sick.

In simple terms, the Conditions state:
1. That if you move into the dorm, prepare to spend the entire year because you'll be paying for it even if you don't.
2. If you have begun your room payment and for some reason or other become financially unable to continue, you may be out of a room but are still liable for payment.
3. If you decide to move out of the dorm after the first semester, the normal procedure of room deposit refund is cancelled.
