The Ken Ca favorite. jeep...

Well that's it for this week. Hope you make it to as many activities as you possibly can, for this is all a part of the liberal arts education that Marian offers, so don't be a loser by missing out on any activities, after all for $600.00 for a semester, get your money's worth. However, you will undoubtedly see an increase as far as extra curricular activities next semester with a $50.00 increase in tuition. So if you're not in the mood this semester, psyche yourself up for Sept. Until then, at least read about what's happening so when Mom and Dad ask you'll have some pat answers and clear their minds if they still might think there could ever possibly be any subversive activities going on at Marian - for assure them the Carbon prints all.

SPORTS

Steve Drake's perfect swish shot with one second on the clock gave the Knights their third consecutive victory last Saturday night as Marian knocked off Wright State University of Dayton, Ohio, 83-82, in the latter's gym.

The last four games of the season are all away with Marian traveling to Louisville to take on Bellarmine tomorrow night.

DEAR D.J.

Dear Ex-D.J.:

This is written in response to the groovy keen, edgy, article in the Phoenix located (directly under the blessed event) namely, the proposed road rally.

Our organization, the Sports Car Union of Marian (S.C.U.M.) has decided to enter en masse, if not all together.

Entries (in no particular order) are:

- The D.H. Heber Coventry Tractor. A converted (it was Jewish) '54 Dodge equipped with frame, motor, and body. Nothing else.
- The Tom Gannon Bud Antle Tri-wheel Special. A true one-of-a-kind machine.
- The Tim Farrell Rust Cluster. Painted a gleaming dirt color, this was definitely not one of Ford's better ideas.
- The Ken Callahan Freak Jeep. Although it appears to be a luxury car, it's actually a real speed demon.
- The Marian College Bus: The Blue Flash. Although not very fast it makes up for it by having no brakes at all.
- Emily Murray's Ford. It has to run in road rallies. She still can't find a parking space anywhere on campus.
- Last, and least, the Jack O'Hara 'Joe Bump' Jeep. Tends to go sideways in an end over end fashion. Definitely a car to be watched.

These are the cars making a bid for loot. Hope everyone will be out there cheering them on.

Sincerely,
George Tyrebiter

"Good and evil we know in the field of this world grow up together almost inseparably; and the knowledge of good is so involved and interwoven with the knowledge of evil, and in so many cunning resemblances hardly to be discerned, that those confused seeds which were imposed upon Psyche as an incessant labour to cull out, and sort asunder, were not more intermixed. It was from out the rind of one apple tasted, that the knowledge of good and evil, as two twins cleaving together, leaped forth into the world. And perhaps this is that doom which Adam fell into of knowing good and evil, that is to say of knowing good by evil. As therefore the state of man now is; what wisdom can there be to choose, what continence to for­hear without the knowledge of evil? He that can apprehend and consider vice with all her baits and seeming pleasures, and yet abstain, and yet distinguish, and yet prefer that which is truly better, he is the true war­faring Christian."

--from John Milton's AREOPAGITICA

Student Services has once again come to the rescue of the Marian Campus. A planned showing of "Rosemary's Baby" as part of the Doyle Hall Film Series has been disallowed by the SS. Stated objections to the film include "nudity" and "anti-Christian elements."

The College is indeed fortunate to have this protection of morals. Obviously, the campus populace is unable to grapple with the ideas expressed in the film. The liberal arts education—including extensive courses in Theology and Philosophy—available to Marian students is clearly insufficient and ineffective. Students could hardly be expected to witness a presentation of ideas contrary to their ownbeliefs and walk away untainted.

The SS has heroically placed itself in defense of Marian College. But, they have a long road before them. Complacency must not be allowed. The Jewish Studies program—seated in endowment or not—must be stopped. THE COMMUNIST MANIFESTO will have to be eliminated from history studies. No more anatomy classes. Protestantism and Non-Christian Theology courses must cease. No more Figure Drawing. We can't be too careful.

As you see, this decision to censor "Rosemary's Baby" has broad and encompassing effects. It is a decision that must not be made lightly. Is the "nudity" offensive or unnecessary? Is nudity a reality? Are the "anti-Christian elements" of the film presented in a glorified matter? Does the film promote Satanic religion?

Apparently SS has the answers to these and all other questions the film raises. And once again, Marian College is subjected to the formulated answers of Student Services.

BLACK LOVE

Much has been said concerning the white man's misunderstanding of the Black, however little has been said about just what is the misunderstood. Needless to say, there is quite a bit, but one of the most important elements of the Black personality is unity. Contrary to the fact that one of the main problems in the Black man's struggle in this country has been a lack of unity, there is a special unity which has developed over the years as a result of this common struggle and oppression. But there is also a unity of their blackness, a love for each other that seems almost to be innate. It is a bond which helps us see beyond the song that has been created by our sick society. It is the phenomenon that lets us tolerate this society. There is no love for us in here except this love we have created among ourselves. It is indeed beautiful. It is a true love, a love of life and living. It is a love that exists to be shared. We are a peace­loving people and we want to share it. The world needs it.

JOINT TREATY OF PEACE BETWEEN THE PEOPLE OF THE
UNITED STATES, SOUTH VIETNAM AND NORTH VIETNAM.

Be it known that the American and Vietnamese people are not enemies. The war is carried out in the names of the people of the United States and South Vietnam but not without our consent. It destroys the land and people of Vietnam. It drains America of its resources, its youth and its honor.

We hereby agree to end the war on the following terms, so that both peoples can live under the joy of independence and can devote themselves to building a society based on human equality and respect for the earth. In rejecting the war we also reject all forms of racism and discrimination against people based on color, class, sex, national origin, and ethnic grouping which form the basis of the war policies of present and past United States government.

1. The Americans agree to immediate and total withdrawal of all U.S. forces from Vietnam.
2. The Vietnamese pledge that as soon as the U.S. government publicly sets a date for total withdrawal: They will enter discussions to secure the release of all American prisoners including pilots captured while bombing North Vietnam.
3. There will be an immediate cease fire between U.S. forces and those led by the provisional Revolutionary Government of South Vietnam.
4. They will enter discussions on the procedures to guarantee the safety of all withdrawing troops.
5. The Americans pledge to end the imposition of Thieu-Ky-Khiem on the people of South Vietnam in order to insure their right to self-determination and so that all political prisoners can be released.
6. The Vietnamese pledge to form a provisional coalition government to organize democratic elections all parties agree to respect the results of elections in which all South Vietnamese can participate freely without the presence of any foreign troops.
7. The South Vietnamese pledge to enter discussion of procedures to guarantee the safety and political freedom to those South Vietnamese who have collaborated with the U.S. or with the U.S. supported regime.
8. The Americans and Vietnamese agree to respect the independence, peace and neutrality of Laos, and Cambodia in accord with the 1954 and 1962 Geneva conventions and not to interfere in the internal affairs of these two countries.
9. Upon these points of agreement, we pledge to end the war and resolve all other questions in the spirit of self-determination and mutual respect for all the independence and political freedom of the people of the United States and Vietnam.

PEOPLE'S PEACE TREATY

Recent U.S. military intensification in the S.E. Asia makes it clear that Nixon is not interested in making a "just peace", but only in pacifying the anti-war sentiment at home. He is still trying to maintain American power through Vietnamese puppets such as Ky, Thieu, and Kiem, intensified bombings and threats of increased attacks if the Vietnamese don't agree to his terms.

Since students in both countries have been at the forefront of the anti-war movement, delegation of students from the U.S. and North and South Vietnam have drafted the People's Peace Treaty. A brief but instructive listing of supporters of the treaty include - the Assistant Archbishop of the Catholic Church in Saigon, the Unified Buddhist Church, the Vice President of the National Assembly in Saigon, the head of the Faculty of Liberal Arts and the Faculty of Science at Saigon University.

The People's Revolutionary Government is actually the concrete symbol of the Southern guerilla movements intention to move towards a post-war government of national reconciliation. The NLF has deliberately stepped down from the international podium in order to begin the process of creating conditions conducive to the formation of various groups formal and informal, which can unite around a basic policy of national independence and internal social change. The settlement of the war, as proposed in the People's Treaty, involves the ultimate reconciliation of several elements among the Vietnamese peoples - the P.R.G., the Saigon government, the Catholic and Buddhist communities, and the government and people of North Vietnam. Release of POWs could actually take place before or during the troop withdrawal process. Nowhere is the toal withdrawal of U.S. troops a precondition for either the formation of the coalition government or for holding free elections.

The aim of the People's Peace Treaty is explicit and urgent - the Peoples of South Vietnam shall settle their own affairs without foreign interference. They shall decide for themselves the political regime of a unified Vietnam through free and democratic elections. Through these elections a constituent assembly will be set up, a constitution worked out, and a coalition government of Vietnam installed, reflecting national concord based on the broad union of all social strata.
