- Dr. Dan Brown -- "Effects of Common Drugs"
  12-1 Room 357

Wed. Nov. 20

Thurs. Nov. 21
- Dr. Jaworski 12-1 Room 357
- Yoga Room 207 All Day
There is a secret organization dedicated to controlling Marian College. They come out of hiding at graduation to reveal themselves to students, faculty and administrators once a year. Nobody knows how they spend the rest of the many things that we are not aware of. The legendary Board of Trustees.

The Board of Trustees is the top organization at Marian. They make the final decisions about what policies will be in effect. They are important people, but they are also very exclusive.

Two years ago, Student Board offered a proposal which would put a student on the Board of Trustees. It was felt that the student would have to be an executive officer on the Student Board. Because these people are the ones who are most knowledgeable of student affairs. Anyways, the proposal was not met with overwhelming approval. It has been ignored by the Trustees and was not exactly shoved in their faces by last years Student Board.

The rationale behind the proposal is simple. The Board of Trustees makes decisions that affect every student, but how many students do the Trustees know? They held their meetings off campus and I've never heard of a Trustee visiting either of the dorms. The Trustees are ignorant of student feelings. It is a dangerous business to make rules for people without having any personal contact.

Action is finally being taken this year. The Trustees have promised to make a decision at their December meeting. The Student Board has decided to send letters to the individual Trustees supporting student membership. The Trustees may regard these letters as the opinion of a clique and not the feeling of the majority of students. For this reason it is important for students not involved with student Board to also write letters. This is an opportunity for students to have a real say in the policies at Marian. It is a chance to change some of the backwards living policies that the Trustees feel their moral duty to impose upon the students.

BP

Friesen Report

Dear Carbon

An invasion of my privacy has occurred by the Dean of Student Affairs, William Woodman PhD. (It must be the old adage) entered Doyle Hall together with Gary Hall (Director of Counseling). I realize how horrid they must think I am. It's Doyle Hall already staffed? Why if you must the off-enders notice the word off-enders I would pres-sume you would've seen if your employees were doing their job but that's beside the point. Why were you there in the first place? We are already children in your eyes (I can't drink and I'm 22 years old)? Why drive students away; that's what you're doing, if both people were knowledgeable of their actions deciding their own morals and showing their individuality why and who are you, to say that they were in the wrong. I'm sorry, but I haven't recognized a coming of the new Messiah yet, but if you are, please tell us so we may bow down.

Ed Klemien Jr.

A Special Thanks

These past few weeks the Corps has made class $450.00 on the Pumkin Sale, Spaghetti Lunch, and Ragmege Sale projects. For this, we have to thank the people in the Corps who donated their time to work, and especially to all the students and faculty at Marian that patronized these activities. It is this special interest your board constantly have for one another that has kept the Corps alive at Marian. I want to thank all these people for their support, and hope we will reenact Marian College well in New Orleans in February.

Rich Moon

Friesen Report Cont't

SAGA profits. It will be returned to you in the program. I have a certain number of dollars to spend on these expendables and I can either spend them on feeding the garbage disposal or I can run them back into your program. Plus if we can start good food ecology habits going you can do a good deal towards lessening the impact of the entailing cost of food for the boarsed community each year.

Capeitan Ecology and his staff of students will be monitoring our results in this program. I know that we can work to cut out our amount of waste. I would like to think that we at Marian College can lead in the fight against waste. Sooner or later we are all going to have to do it, so lets do it ourselves in a way that doesn't hurt.

Anyone who has any other ideas of how to control food waste I would certainly appreciate the chance to hear from them. Remember, we don't and I certainly don't want to cut back on what you eat. We only wish to cut back on the large amount of food that goes back down the slope line to the garbage disposal.

Now that is enough preaching for the night. Big Homecoming weekend coming up. The Varsity show tonight, the game tomorrow and last but not least, the copious quantities of liquid refreshment that will be flowing like water. I might not even make it to the Mug Shack tonight let alone to work tomorrow.
This is just a short note to tell all Marian students who are participating in the Homecoming parade that the parade time has been changed from 3:00 p.m. to 2:45 p.m. on Saturday. All cars must register by 2:00 p.m. with Brigid Flannery who will be stationed at the middle doors of Clare Hall. We will start lining up cars at 2:00 p.m. so please be on time so the parade can leave at 2:45 p.m.

Thank You
Homecoming Parade Committee

P.S. There will be no parking in Clare Hall Circle from 12:00 p.m. to 4:00 p.m. on Saturday afternoon.

Bob Bitchin'

Bob says: Stick it up your nose or/ four eyes are better than two.

Well, Doyalties, back on old grins again. I've been residing in the dorm since September; and, as noted in a previous letter, the living conditions were "kind of bed". Now the visit of the new Dean of Men has nabbed one of our brothers! I'm sure everyone has heard the "scandal" and all the accompanying bullshit, but why is this so? First, close-knit little community, you all have such big mouths, second, what brought the Dean to Doyle's? I didn't realize that we must still be guarded (Col. Klink!). If you must prowl the dorm, why not go in our bathroom? Boy will you be amazed!
The shower drains grunt black scum while the urinals lack a very odorous liquid (Yeesh!) which makes brushing teeth real fun.

Since your sensitive nose can smell women (day's ahead?) how come it doesn't smell our crummy toilets? "Woodchucks are suppose to eat wood, not students" is what I heard someone say, is it true dean? If you come back this weekend, listen under doors for loud music and find those funny smelling, burning objects. (Remember: roaches (Con't next Col)

Bob Can't

have legs and according to the housing contract, no one can enter your room without your permission, (except if women have been signed in to your room) So keep your doors locked and insane lit.

Good Luck--Bob Bitchin'

Press Release

The Philosophy Department of Marian College in cooperation with the Ananda Marga Yoga Society will present a lecture on meditation, love and Tantric Philosophy, Thursday evening at 7:30 p.m. November 21, 1974 in the Library Auditorium. The speaker will be Acharya Rudranath, originally from the Philippines. Rudranath is presently a full time worker for Ananda Marga, a social spiritual organization which is world wide. He will be teaching meditation techniques as well as sharing his own experiences learning from the great masters in meditation in India.

All invited--bring a friend.

STUDENT BOARD REPORT

A Student Board meeting was held Sunday, November 10, 1974 in the Social Council Room at 7:30. The Student Services representative reported that a meeting was held with Dean Woodman. He decided to wait until the December meeting of the Faculty Council to present his Judicial proposal.

Academic Affairs reported that there will be a drastic change in teacher evaluation forms. The changes will be explained to the Board at this Sunday's meeting by Dr. Adams and Dr. Sharp. The Vice President reported that a publications meeting was held. A new publication called the Bugle was passed. The President reminded all Board members to get their letters to the members of the Board of Trustees in the mail.

OLD BUSINESS:
The Board accepted the Bugle as an official publication on campus 9-1-1-0.

Dave Vocke moved that the Board allocate $200.00 to the Sophomore class for Monte Carlo Prizes. The motion clearly passed.
**Men's Sports**

Well the 1974 Intramural football season came to an exciting and last Sunday. In front of a standing room only crowd at Reynolds Field, the Red Joses and Stoned Rangers battle it down to the wire.

Just like in their first meeting earlier this year, the Joses won on a last second scoring effort to become this year's champions.

The game started off with the Rangers Greg Rodick kicking off to the Joses. After holding the Joses, Scott Vonderhide punted to Tom Koesters and the Rangers had the ball for the first time, only to be forced to punt. This time, the Joses Ken Aust wasted no time. Passing to Mike Bazely, Jeff Zidran and Scott Vonderhide brought the Joses to the Ranger's three yard line. Then Mike Bazely snagged a punt pass and out raced Rodick into the end zone. The extra point try failed as Tom Koesters stepped in front of a Aust pass.

The Rangers wasted no time as they raced the clock as well as the Joses. Bill Doherty hit Greg Rodick for a quick 60 yards. Then two passes to Jeff Kretschman and the big T.D. to Tom Koesters who galloped the final 12 yards. Doherty hit Kretschmann for the extra point and the half ended 7-6 Rangers.

The Rangers receded the second half kick off and were stopped at mid field and once again punted. This started a great defensive struggle. The Rangers once again contained the Joses and forced them to punt. Then the Rangers offense fizzled and again George Corns punted but Steve Barrett dropped the ball. The Joses took over and were driving when Tom Koesters intercepted an Aust pass. It looked like the Rangers had it all wrapped up when for the second time, in as many games against the Joses, a questionable call forced them to give up the ball with less than two minutes remaining.

That's when Aust again hit Bazely who was all alone and went in for the 10 yard score. This time Aust connected with Zidran and the extra point was on the board. With 55 seconds remaining, the Rangers began a daring march down field.

After two incomplete passes and a completion to Kretschmann, the Joses were called for their first and only penalty of the game; pass interference, which gave the ball to the Rangers at the Joses 15 yard line with 2 seconds left. That was it, Doherty overthrew Koesters and the Joses own the Intramural crown after a hard 13-7 victory over the Stoned Rangers.
