DEAR MARIAN COLLEGE:

There's been a lot of ragging these days due to the "delay" of the 76-77 yearbooks. Scotland Yard detectives, Sue Somer and Pam Wetauia, have probed into the situation. The results of our investigation:

1) Jackie Thiesing, 1976 Yearbook editor, has promised the appearance of the missing books no later than Nov. 25, one week after Homecoming of this year.
2) The fate of the 1977 Yearbook is still being decided.
3) The yearbook staffs for the past two years consisted of a bare minimum, usually narrowing down to only the editors and dark room manager at the end of the year when the bulk of the work needs to be done.
4) As far as we can find, two yearbook meetings have been called and cancelled this year, meaning that the yearbook for 1978 will be needing people to help if it is to be a success.

In light of these findings we hope that enough enthusiasm and active participation will be generated among the members of the Marian Community to insure the production of a 1978 MARIAN to be distributed in September 1978.

PAM & SUE

P.S. In consulting world-renowned publication obstetrician, Dr. Laboraviczki, head of obst er...a... obstetric, Krakov General Hospital, we learned that the average gestation period for a yearbook is 12-13 months. Let us hope the 78 Yearbook is not "overdue"!!! TRANSLATION: Any Slav (not to be confused with slob) knows, it doesn't take two years for a yearbook to be printed. QUESTION: Except at Mervin U. ????

HOMECOMING COMMITTEE SEEKS MORE POLISH IN VARIETY SHOW '77

Increasing dissatisfaction with the quality and content of the Homecoming Variety Show over the past few years prompted the Booster Club last spring to seek help from the Theatre Department. Mr. Johnson was asked to provide assistance or suggest students who might be able to direct the Homecoming Show. After some consideration, he suggested that the Theatre Department could participate by producing the Variety Show under the sponsorship of the Booster Club. This agreement, however, was predicated on the fact that the director would have complete artistic freedom to modify the Variety Show format in order to present a more polished performance.

Under the new format, auditions for the Variety Show would be held on Monday, October 10th in the M.H. Auditorium at 4:00 P.M., and again at 7:30 P.M. Students, faculty, and alumni with prepared acts (musicals, specialty numbers, dance, etc.) are encouraged to audition. If accepted for the show, these acts would be required to rehearse once a week for four weeks, and to attend all rehearsals for the final week of production. For students and faculty who would like to perform, but have no prepared act, general auditions would be held for dancers and singers for three large production numbers. Acting auditions would be held for comedy and blackout sketches by Mel Brooks, Rowan and Martin and Harold Pinter. Participants in the production numbers and the comedy sketches would be required to attend from twelve to twenty-two rehearsals depending on the final schedule. All in all, the format would be a hybrid of "Saturday Night Live" and the "Carol Burnett Show".

While some student acts which might have been a part of the Variety Show under the traditional format might be eliminated, it is felt that more students who might not have auditioned before will become a part of the performing company.

BOOSTER CLUB MINUTES

At the meeting Tuesday Don Johnson was unanimously voted as the director of the 1977-78 Variety Show by the Booster Club Members. It was acknowledged that he has the necessary directing experience, he's enthusiastic about the show and he is willing to put in his time and effort to direct it. The Booster Club feel confident that he will do a good job in utilizing all the talent available here at Marian College.

C. C. - What IS a Scotland Yard detectives? - sounds kinky to me.

TO THE RESIDENTS OF CLARE HALL!!!

All types of catchy opening lines were suggested to me for this letter -- like "The Maggots are Back!" (will not refer to Magit Labmates who dropped out after freshmen year!) or "Come meet the new residents -- The Maggot Family." But its too bad this isn't a laughing matter cause then one of these lines might be appropriate. If you haven't heard or caught on by these lines -- Clare Hall has maggots. A maggot is a soft-bodied, legless larva of certain dipterous insects i.e. houseflies, mosquitoes, gnats, etc. (Random House Dictionary -- College Edition).

Sounds disgusting? It was -- believe me!!

This afternoon (Thursday) Barb Callan dragged me into a very foul-smelling snack kitchen on 2-West to point out the situation. Some person or persons who had a few days earlier grilled steak, inadvertently (of course) left their dirty dishes in the sink. These dishes became an insect breeding ground with the above-mentioned results. Wonderful. But I'm sure these dishes were not abandoned on purpose. These gals just forgot to clean up after themselves. Of course, they know the dishes couldn't clean themselves and they know Ron Schmoll doesn't run a 24 hour maid service. So, it must have been an accident.

Ron and his crew have been working very hard in the past two weeks to control the other pest problems we have -- mice, and roaches. He doesn't need another to contend with! And Ron's efforts can only help to a certain point after which it becomes the responsibility of every person living in Clare. The "maggot mistake" could very easily have been avoided and hopefully will not be repeated.

The snack kitchen is only one of the many facilities that are available to C.H residents and no one has the right to put any facility into a condition which makes its use unpleasant for others. I'm angry because I'm one of those "others" and I hope all the "others" are not taken advantage of again.

The Marian College D.S.A. is planning a campus at Camp Christina for Midterm Break. A ca caravan will leave the campus at approximately 4:30 P.M. Wed., Oct. 12 and return at about 2:00 P.M. on Fri., Oct. 14. The fee will be $3 a night or $6 for 2 nights, including food and the use of tents.

If your wish is to attend, please sign the lists in the Perc and Clare Hall (on the bulletin boards) by Tues., Oct. 4. Money should be sent to the Placement Office c/o Merle Tebbe by Fri., Oct. 7. We need 25 names or it will be cancelled.

This is a great opportunity for dorm students who live too far away to go home over Midterm. Also, this gives dorm students a chance to know who each other are away from the school environment. Hurry and sign up! It's sure to be fun!

D. S. A. Officers
The opening selection will be "Little Suite for Piano" which appeared in 1976 at Ball State University. The two theatre incidental scores will be performed in concert form: music from "Tantalus" and an arrangement for string quartet from "The Post Mortem Reflections of Peter Gnowak." 

Interpretations of Irish poet Thomas Moore for violin, piano and narrator, entitled "Some Moore," will feature Daniel Kasle as narrator.

Two premiere works will serve as the finale: "String Quartet No. 1," completed by Johnson this past June, and "Franklin's Analects," written for this concert with text adaptations of the James Legge translations of Confucian's Analects.

Featured performers will include violinist Peter Komsaki and winds Jim Larmer and Cora Einterz.

An Indianapolis native, 22-year-old Johnson studied winds and arrangement with IPS music instructor Gary Hollandbeck, composition with Thomas Briccetti and Russell Peck, and piano with the late James Kantarze and William Eitzroth. He has served as program director for the experimental performers at John Herron and recently, he has composed residencies in dramatic underscoring with the Indiana Repertory Theatre and the Theatre Project in St. Louis. Johnson is currently general manager for Contemporary Music Foundation, Inc., producing organization and composers for the Midwest.

**WOMEN'S INTRAMURALS:**

Miller's Highlights come from behind and beat the Piranhas 13-7 to earn the 1977 Intramural Kickball Championship. The Piranhas gave them a good game led by Mary Searle who had two over the "fence" home runs. Thelma Waddell received a jammed thumb for the losers. The Highlights built their attack around Becky Brothers two inside the "park" home runs. Congratulations Highlights!

VB teams are to be turned in by Monday, Oct. 3 before 5 p.m. There is a managers meeting before Tuesday, Oct 5 at 7:30 p.m. The games will be played on Mondays and Wednesdays in the Clara Hall gym. A team consists of 5-8 players. Contact one of the following if you have a team or want to play and can't find a team.

Elaine Bachman ext. 452
Mary Beth Simmermeyer ext. 452
Tina Miller ext. 447
Holly Bruns ext. 527

**WHY NOT DEBATE?!**

While there are a lot of activities going on in the Gym and the Grounds I wonder what it would be like to suggest some activities in the classrooms (apart from studies)? I mean debating! I think the English Department should come forward and help the Marian students sharpen their wits—what would these activities be like? And can these be adapted to other departments? This would be of help to us and maybe the Booster Club can have it back.

The Debating team has had a very good game led by Mary Searle who had two over the "fence" home runs. Thelma Waddell received a jammed thumb for the losers. The Highlights built their attack around Becky Brothers two inside the "park" home runs. Congratulations Highlights!

My sugarplums,

only two weeks to go until opening night and I'm so excited I could burst! I would but there's a public audience against flying a rumour floating about that a party, in full approval of scheduling, is being given on opening night! Who could sink so low? Come now, which is more important; theatre, beauty, and art or drunkenness, vomit, and hangovers?

This weekend, there will be a special dress rehearsal open only to those choosing for Visitaton, and on campus (cont.)
WILDMAN'S WORD—

Intramural softball this season came to an end Wednesday. But because of baseball players involved in the fall season, the others folded up and went home. The "Kleiber" Droids closed it season also with the Bad Joses. The Lightning started with 3 runs and went on to win. Well, I'll be back next week with more stuff.

IN THE BEGINNING...

God created Heaven and Earth. Quickly he was faced with a class action suit for failure to file an environmental im pact statement. He was granted a temporary permit for the Heavenly part of the project, but was stymied with a Cease and Desist Order for the earthly part.

Appearing at the hearing, God was asked why He began his earthly project in the first place. He replied that he just liked to be creative.

Then God said, "Let there be light," and immediately the officials were told to know how the light would be made. Would there be strip mining? What about thermal pollution? God explained that light would come from a huge ball of fire. God was granted provisional permission to make light, assuming that no smoke would result from the ball of fire, that He would obtain a building permit, and to conserve energy, would have the light out half the time. God agreed and said He would call the light DAY and the darkness NIGHT. Officials replied that they were not interested in semantics.

God said, "Let the Earth bring forth green herd and such as may seed." The EPA agreed so long as native seed was used. Then God said, "Let the waters bring forth the creeping creatures having life; and the fowl that may fly over the earth." Officials pointed out that this would require approval of the Game and Fish Commission coordin ated with the Heavenly Wildlife Federation and Audubon-100 Society.

Everything was OK until God said He wanted to complete the project in six days. Officials said it would take at least 100 days to read the application and Impact statement. After that there would be public hearings. Then there would be 10 or 12 months before . . .

And God said, "The H—- with it!"
Andrew Jacobs, Jr., of Indiana, in the House of Represent aives, Thursday, September 15, 1977 (stated), "Mr. Speaker, Mr. Raymond W. Hildegard, Attorney at law in Indianapolis, submits (the above) this for the RECORD."
