MARIAN'S LOSS

This year we begin the Fall semester on a very sad note. The death of Dr. Nicholas Purichia on the eve of the new semester came like a bolt from the blue. A young man in the prime of his life, devoted to his duty in and outside the classroom is no more with us. Like most of us, he too would have looked forward to a great semester. But death indeed comes like a thief—anytime.

All of us, who had personally known Dr. Purichia and worked with him in the classroom and in different committees would surely agree that, he was quiet in his behavior, gentle in his speech and diligent to his duty. His lectures and lab instructions clearly proved his methodical mind and disciplined self. His silent poise in a committee meeting, and intermittent interruption with interesting questions and intelligent comments, won him much respect and admiration.

Though Dr. Purichia is no more with us, he still lives on—through his son, the good deeds he had done and of course, the many Marian graduates who had gone through his able guidance into the field of Biology.

May his soul find eternal peace.

WHAT IS CAMPUS MINISTRY?

It is not a club. Campus Ministry is an essential part of the mission of the Church, with one of its goals being to foster the growth of the Christian community at Marian. This year the Campus Ministry Committee consists of Father Bryan (Director and College Chaplain), Campus Minister Sr. Sue, Ann Hammond, Anne Rody, John Hahn, Chris Tuel, Sr. Rose Mary Schroeder, Sr. Ruth Mary and Sr. Charity. Many others also share in the work of the campus ministry in a variety of ways: providing music, doing the Scripture readings or being a Eucharistic minister at the masses; participating in retreats and prayer groups, programs on social justice issues and other aspects of the Christian life. Everyone, regardless of his or her religion, is welcome to participate in the campus ministry programs.

Your help is needed to keep the Marian College Christian Community alive and well. At the Saturday night 6:30 Mass this week everyone will have a questionnaire to complete. This will indicate areas of campus ministry in which they wish to participate, and to make suggestions regarding the programs. If you cannot be at Mass that night, pick up a green hanger on the way out. Follow it to the Campus Ministry office in Clare Hall. The Ministry Center is open to everyone as a place for reading, praying, listening to inspirational music, studying, counselling, or just talking with a friend. You are welcome there!

Next Saturday night, Sept. 15, the 6:30 Mass will be outdoors, followed by a marshmallow roast and sing-along sponsored by campus ministry.

HELP NEEDED**READERS FOR A BLIND STUDENT

Many of you remember Jerry McClarigan, Marian grad of 1978? He is now working in a graduate program at IUPUI. Because Jerry is blind, he needs people to read some of his assignments to him. Would you be willing to spend about an hour weekly helping Jerry in this way? He is taking the course ‘Theories of Personality at Marian, and Medical Aspects of Disability, and Vocational Rehabilitation Counseling at IUPUI, and needs readers for all three classes. He is on Marian’s campus and free on Monday and Fridays from 11:30 until 1 p.m. and Tuesdays and Thursdays from 11:30 until 1 p.m. He does volunteer work by teaching crafts to the elderly on Wednesdays. Perhaps you would have time to read for Jerry and expand your own knowledge. If so, call Jerry in the evenings at 635-6730 or Sister Sue in the Campus Ministry at...
TO THE MARIAN COLLEGE COMMUNITY:

Since classes have resumed, you may have noticed copies of the 1978-79 yearbook, The Marian '79, in circulation around the campus. Much time and effort was put into the publication of this book and we on the staff appreciate its warm reception. However, time marches on and our present concern is with the here and now as we begin work on The Marian '80. To make this year's book even better we could use your help. If you noticed errors or things that were left out of the '79 book, we'd like you to tell us. In the same manner we want to know what you especially liked about the yearbook. A box will be put in the cafeteria for your comments. We value your opinion!

Those still interested in being yearbook staff members can contact Sr. Mary de Paul Schweitzer (ext. 384) or myself (ext. 405) or attend next Wednesday's meeting at 8:00 p.m. in the Allison building.

The sale of extra '79 yearbooks will begin next week. If you've already paid for a book, please stop by the bookstore as soon as possible and pick it up!

Thanks for your cooperation!

Editor-in-Chief

"Daytime Dreams"

There is a dream implanted within each. It was eternally rooted at birth.

As we've grown older our dream has gotten longer.

Its contents need constant recollection so they will remain clear.

When our dream is good it's worth telling. For if we don't express what is within our dreams will never come true.

TO THE MASSES

During the 1979-1980 school year Marian College students and faculty will have the opportunity to participate in the second phase of the National Council on Aging's inter-generational service/learning program, Project 4S (Seniors and Students Sharing Services). The major purposes of the program are to provide opportunities for students to gain perspectives on aging as well as valuable career or life experience and to provide tangible services to older people.

Student volunteers are needed for a wide variety of assignments at local community health and social service agencies such as Central State Hospital, Indianapolis Settlements, Marion County Foster Grandparents, Near Eastside Multi-Service Center, and Southwest Multi-Service Center. Students will conduct needs assessments, assist in health screening, and serve as personal advocates for elderly trying to move through the system. Marian students are needed to coordinate activities such as arts and crafts, exercise classes, and discussion groups two afternoons per week at the St. Rita Nutrition Site.

These are unpaid positions. However, most agencies can provide transportation expenses. Some volunteer positions can be coordinated with class assignments.

During the last school year six Marian students participated in Project 4S...as visitors of the homebound, as activities coordinators at two day nutrition sites, and as co-editors of the Central Indiana Council on Aging newsletter. Nancy Smith, Mary Beth Stoll, and Don Todd, participants last year, are helping to plan the program for this year.

On Tuesday, Sept. 11, at 12:30 P.M., in Room 209 Dr. Noel Baker, executive director of the Consortium for Urban Education and coordinator for Project 4S, will meet with the students and provide detailed information about the volunteer placements. You are invited and encouraged to attend this session.

If you have any questions, please contact Nancy, Mary Beth, Don or me (Sociology Office, Room 211).
