MARIAN COLLEGE RETREAT

As we get deeper and deeper into the fall semester, activities, committees, and of course, school work make us ask ourselves, "When am I ever going to get a minute to myself?"

Well, Campus Ministry has an answer to this common question. We are offering a weekend Retreat called "A New Beginning." It is a chance to get away from the campus rush, and take time for yourself - to think, relax, enjoy and learn more about yourself.

This weekend will begin Friday, October 5th and end Sunday, October 7th. Anyone who would like any information regarding this weekend, feel free to call Sr. Rosemary Schroeder Ext. 542, or Ext. 266 (days) or me, Ann Hammond Ext. 446.

We're looking forward to a wonderful weekend and would love to have you join us.

Sincerely,
Ann Hammond
Young Adult Director

BOOSTER CLUB MINUTES

Each candidate must obtain a form at the switchboard, to be signed by a Booster Club member. All forms must be turned in by Tues. noon. This is your big chance to show some school spirit!

TO THE MASSES:

The Carbon is starting a new column, RUNNING ON EMPTY. People going out of town for the weekend who would use someone to share the price of getting there are invited to utilize this column. People who would like to get out of town can also use this column. Just slip a piece of paper under the Carbon Office door (Clare Hall, main hall), saying where you are going, when you are going and coming, along with your name and extension number.

TO THE Masses..........................

Well, I've returned from my expedition to the outer reaches of inner Mongolia, to convey some very important info.

So you probably know the Marian '79 is out, and in the words of TONY the Tiger, ift GREAAAAAAAT. The staff worked very hard to make it a success and I'm getting sick and tired of people griping-shoot we haven't had one for so many years and now it's here and we are getting limited response to our pleads to buy this treasure. It's the only treasure that Captain Hook wouldn't bury. Mr. Elmendorf likes it and he's no dummy! The Marshal Tucker Band reads it "24 Hours at a Time!"

The Marian '79 even has the Mugrack"seal of approval!", for all you Tues. night alchines. How could a book miss when they are led by such a great group of dedicated young people? (Some more dedicated than young, and some more young than dedicated.) With a beautiful young editor at the helm how could it miss? Bjorn Borg just loves the layouts complimented on the ace photography. By the way, if there are any eligible females for a pre-med student, (lonely) call 328 and ask for Dave.

And to top it off, Mr. Siechinger is going to buy one when he gets enough energy. You can still get your yearbook, just stop by the front of the Auditorium when there is someone intellectual sitting there staring at the grey money box, or contact Sr. Mary de Paul Schweitzer. Well, I've got to get going. I've got a big week ahead of me. I'm off now to the Orangutang Water Festival in the southern Mohichaca Mountains of southern Siberia. Parle vou France or in other words "What time is it?!" Goodnight and have a pleasant tomorrow.

OPINIONS............

The Carbon Co-editors made a random survey of what the Marian College students think of Dan Stockwell, Doyle Hall's Resident Director. Here are some of the comments which were made:

The question was: Do you have any opinion about Dan Stockwell and the job he's doing?

—he' alright
— I don't know
— honest fair-dealing guy
— Don't have any

— High expectations which are shared by all of us, but his means of achieving them leave a lot to be desired.
— He needs to be more visible, mingle with the students, he's friendlier than at first, he's finally learned where men and not boys.
— Well organized but aloof — some good ideas but for someone else to do.
— I like Dan Stockwell. — Kurt Guldner (ed. Note: name printed by request)
— Yech!
— He's okay, but I wouldn't want to work with him.
— I think he's no longer capable of being RD. He pawns his job off on his RA's.
— Why do you think they call him Whimpy?
— He's not a bad guy, but he's two faced.
— He's always been nice to me.
— No.
— Who's that?

MORE OPINIONS......

Anonymous.

Everyone seems to know Kim, even the guys, but hardly any of the girls seem to know Dan.

Don't worry Dan, we're going to pick on other people too. You just happened to be first.

- Guess who.

-We're sorry if we've hurt your feelings. RS &
"LOST" ITEM

The Campus Ministry Center, first floor of Clare Hall, is in its fourth year of existence. It is open daily and through the evenings and is available to all students for study, meetings, reading, prayer groups, relaxing, listening to music, borrowing of books, visiting with friends. In these past years many people have made good use of it. The items in the center, except the books and records which can be borrowed, are for use in the center. They are for everyone's enjoyment.

A beautiful 8 by 11 silver-framed picture of a red sky and a dove was sitting on the windowsill. Now no one can enjoy it because it got "lost" last week. If you know of its whereabouts, please return it to the center so that everyone can enjoy it again.

Thank you.
Sister Sue

FOUND

Two women's rings were found in the gym. The owner or owners can contact Corky, ext. 504.

Again a smile
of radiant love
crosses a life unshaken
by beauties
secrets.

Any yet even I
wonder at
your magnificent love
In all the world there is only one
love like yours.

So we meet
only to say goodbye
But is anything
forever?
Goodbye is a word
and love is a feeling
So long as I live,
I love
but goodbye
dies at its speaking.

Say hello
and feel it
so hello will last
your whole life
and smile
a smile of purest joy
so this I may say
Goodbye with love
and know nothing is forever
save love
and laughter.

And again that smile
will cross
a life unshaken by boundless beauty
but lost in the eternal light
of a loving smile.

ART?

Sr. de X: What is art?
Penny: I can't answer that this early in the morning.
Dennis H.: I think we've grown out of the world where there are rules, defined rules - and now you can do practically anything with anything.
Ciel: I get confused on this whole thing about art. I remember I went out with a guy named Art a long time ago.
Roberta: My test for good art is if the image somehow burns itself in the brain.
Jill: That would be the S&M definition of art.
Sr. de X: Who wants to define bad art?
Ciel: Bad art is just something you end up with. You can end up with something terrible, that's not art that way. But you can get some beautiful woven blankets.
Jill: Real art has a life of its own. It's like sending little letters to the world. Some of them go around the world, some just get as far as Pigeonforge.

OPPORTUNITY FOR PARTICIPATION IN A PRAYER GROUP

Tuesday evenings at 8:30 in the Ministry Center Thursday evenings at 8:00 p.m. in the Mixed Lounge (except the third Thursday), charismatic prayer group. This group consists of people of all ages from the Indy area. Everyone is welcome at either group.

CARBON INTERVIEW: with KATIE CARESS

The following is an interview between the Co-editors. The hardened, experienced, yet highly incompetent Sr. Co-editor, Roberta Schiller and the young, ever energetic, and unskilled Jr. Co-editor, Katie Caress. This is an attempt to introduce her to you. So don't muff it!!!

Roberta: So, tell me about yourself.
Katie: I'm 5'3" and I weigh slightly less than an elephant and slightly more than an ant.
R: Why Carbon Co-editor anyway?
K: Frank told me I look intelligent in my glasses and without them I look a little freaky. So I thought I'd fit right in.
R: What does that have to do with anything?
K: We're all a little off the beaten path.
R: What do you hope to gain from this experience?
K: It'll help me relate. I like to torture myself, especially on Thursday nights. And besides, I have to put something on my resume. As long as no one sees the Carbon, it might help me get into law school.

CARESS INTERVIEW cont.

Roberta: Let's hear more about you than mere height and weight.

Katie: What do you want to know, I'm very opinionated. And I'll defend any Pre-Socratic Philosopher's position. I love a good fight so if anyone wants to rebel against ANYTHING let me know.

R: Well, thank you Katie for taking time out from typing to let our readers know you exist. Now get back to work. You know there's a lot we could do with this paper.

K: Yeah - make paper wads, airplanes, ......
