Now, this trip is not only open to club members, but to anyone interested in paddling down Sugar Creek at Turkey Run. To help relieve the cost of this trip T.A.G. will sponsor a BAKE SALE, Wednesday, October 3rd, outside Marian Hall Auditorium, from 9:30 - till we're sold out.

The theatre of the Deaf was also discussed. This is a nationally renowned group performing in Columbus on the 11th of October. The idea of a carpool to go down to Columbus was mentioned.

OPINIONS

A random survey was made during Thursday's dinner to see what the Marian College students think of the Carbon. Here are some of the comments which were made:

The question was: What changes or additions would you like to see in the Carbon.

--More editorials from students

--I think it's good

--None. I think it's great as it is right now.

--Comics and trivia section would be nice

--I think more articles on Happenings at other colleges or other places in the City of Indianapolis.

--I enjoy the Carbon in its present format although I feel that more serious consideration should be given to good journalism.

--Trivia items

--Keep up the good criticisms about this campus.

--I like the Carbon - Kurt Guldner (Ed. Note: name printed by request)

--Carbon's great, more people should contribute articles to it. Applauds, applauds.

--How about an article on "Why do the grounds look so bad around Stokely?" Then ask Development, Gatto, and Schmoll for their reply.

--I like the poetry, editorials and general info. given. If information needs to be spread the Carbon is a good vehicle. I don't like the Co-Editors chain smoking and smelling up my hair. Maybe that's why the flies want to die in your hair Katie.

--More behind the scene news in Doyle.

--It's alright with me.

--more interesting articles

--I would like to see less boring filler like minutes from Student Board. It's not that I'm not interested in it, I just feel that it should be condensed to the essence of importance and interest.

--I think the applauds and hisses should be condensed to paragraph form and not listed.

--I like the editorials and I think students should use the Carbon more freely to voice their opinions. And everybody should have equal time for their opinions.

---I like it, but there's too much gossip.

(Ed. Note: We welcome ideas and suggestions at any time. Any article you would like to have printed should be in by 6:00 p.m. Thursday. Let us know how we can serve you better.)

$$$MONEY$$

The United States Health, Education, & Welfare Department has published a booklet, "Student Consumer's Guide", describing programs of student financial assistance supported by the U.S. Office of Education. The programs described; BEOG, SEOG, NDSL, College Work-Study Program, Guaranteed Student Loan Program, & Health Education Assistance Loan Program, will provide approximately $6.2 billion to students this year to help defray the cost of education.

Not described in the booklet is OE's State Student Incentive Grant program which distributed over $76.5 million to state scholarship programs for the 1979-80 academic year. The federal funds will pay 50 percent of the state scholarships awarded to an estimated 307,000 undergraduate students who need financial aid.

If you are in need of financial aid or wonder if you might be eligible for one or more of these programs, talk with Mr. Roberts, Sr. Margaret, or write to P.O. Box 84, Washington, D.C. 20044 for a copy of the booklet.

FRANCIS OF ASSISI

Who is that man in white who sits all day and night on our campus with a bird on his finger? That is Francis of Assisi, star of the movie "Brother Sun, Sister Moon" and a lot more besides! One of the favorites of both Catholics and Protestants over the centuries, he is also the patron of the Sisters of St. Francis who staff Marian College. Besides being a lover of nature, he was also a man with a message for our times. There will be an informal discussion on "Francis for Today" led by Sister-students Michele Corliss, Mary Jean Riesterer and Joan Raver. Ministry Center, Wed., Oct. 3, 11:30-12:20. The feast of St. Francis is Thurs., Oct. 4 and he will be honored at the 11:30 Mass. Everyone is welcome.

TO THE MASSES:

I have toyed with the idea of forming a photography club on campus for a number of years, but I have never really gotten around to determining if there is enough interest in such an organization here at Marian. If you would be interested in actively participating in such an organization, please come to my office and sign-up.

TO THE MASSES:

Don't worry you can still get a Yearbook, just get in touch with Sr. Mary DePaul Schweitzer. Anyway, if anyone is still interested in being on the '80 Yearbook staff, we can always use more help. When you have an ignorant Bavarian herbavore like Joe Boran, you need someone to make up for his adverse effects on the staff.

Yeah, Vince. I loved your article. It puts a proper perspective on this place. Just because some people think that a silly game, where a bunch of half naked old men chase a little spherical object around and try to propel it into a hoop, is the only Athletic event on campus. BUNK!!! When the Athletic Director doesn't even recognize the need for improved tennis courts, that's bad. Oh, at least half the nets are still standing. Maintenance mows the baseball field as often as the tennis courts. How long has it been since a golf or tennis athlete of either gender has received an Athletic Scholarship? Oh well, it won't change until something goes wrong and this place gets hit with a lawsuit for an injury caused by negligence. It took a group of paraplegics to arrive before Marian recognized the need for ramps. Enough of my ragging, but remember Betsy Ross started out with a rag and now it's our National Flag.

Well I've got to get going, my Australian Kangaroos need feeding. They've had this craving for more iron ever since that dumb Sky Lau landed. Buenos Dias and hasta luego, and where am I.

The test administration date is Saturday, November 3.

MARIAN COLLEGE RETREAT

As we get deeper and deeper into the fall semester, activities, committee meetings, and of course, school work, we ask ourselves, "When am I ever going to get a minute to myself?"

Give yourself a treat and participate in the weekend retreat called "A New Beginning." It is a chance to get away from the campus rush and take time for yourself - to think, relax, enjoy and learn more about yourself.

The retreat begins Friday, October 5 in the evening and ensues Sunday, October 7 at noon. For information contact Ann Hammond, 446 or Sr. Rose Mary Schror'er of get an application form from the chapel or ministry center bulletin boards.

Male Player of the Week: BRYAN MILLS - 2 home runs in one game

JODY EVERROAD - strike swinging in Wed. game.

As the season winds toward tourney time the Gutter Rats are still undefeated. However, the Keystone Cops are coming on strong-G&K holding their own. All are looking forward to the tournament starting next Monday. Winners will celebrate -losers will drown their sorrows and both will be found in the same place.

**CORK'S CORNER**

Hey there.

Last Tuesday the volleyball team played against Hanover and Guess What! We Won! It was an exciting game with the help of the team, Coach Kathy and the fans. Thanks to all those who showed their support. Here are the scores:

- Marian - 15
- Hanover - 2

Game 1
- Marian - 15
- Game 2
- Marian - 15
- Game 3

We play at Huntington this Saturday and our next home game is against DePauw, Oct. 2nd at 7:00. Hope to see ya there. Here's an update on one of the players. This week: Tina Miller.

Tina Miller was born in New Albany, Ind., There she attended Clarksville High School and graduated in 1976. She was active in sports there and received 8 varsity letters. She was voted most valuable player in Basketball. In her senior year the volleyball team went to the State finals.

She came to Marian working on a double major in P.E. and Psychology. After graduating she plans on teaching and coaching high school level first and later teaching psychology at the college level.

Tina has played volleyball three years and basketball for four years at Marian. She also participated in softball one year. Tina enjoys sports as her hobby and enjoys watching college sports more than professional sports. Her favorite sport is basketball.

Tina said that she thinks the women's athletic department has improved overall since her freshmen year but it has a long way to go to be on an equal level with other colleges. She described Coach Hennegan as being enthusiastic, optimistic and willing to listen to suggestions.

That's all for now,

**FADING RAYS**

The carpet of Green
Was soft and cozy
The hour was serene
And the time turning dusky

The sky was a riot of Colour
With the sun turning a red ball
Nature was approaching the hour
To signal the last call

Birds were squeaking their way home
Trees were drooping to sleep
Busy streets posed a hum
And the croaking toads began to leap

The Owl was out to hoot
Foxes began to howl
Both, looking for a loot
Waiting patiently to haul

The country was dark and cold
Lights were twinkling in the hut
Farmers were having their diet
In the company of the household

In the busy city
There was the hustle and bustle
Of the sea of humanity
Trying to beat the traffic hurdle
