OF INTEREST TO ALL:

Beginning with lectures by Mr. John Hanessian, Jr., next Wednesday and Thursday, Marin College students will have a chance to avail themselves of the timely reports of men associated with the AUF5, American Universities Field Staff. These trained men, affiliated with leading American Universities, are sent to different parts of the world for 18 months, during which time they are to cover certain areas of interest and make a report on their findings.

Such an associate is Mr. Hanessian and the field with which he concerns himself is that of the polar regions. The belief that the Arctic and Antarctica are "frozen wastes" has been partially discredited by Mr. Hanessian in his latest report, and the fact that they are becoming increasingly important economically, scientifically and prestige-wise should make them a topic of interest to many students.

This is a tentative schedule of lectures Mr. Hanessian has planned for his 2-day program:

Wed. 1:30-International Econ. Class
3:30-World Geography Class (Importance to Defense)

Thur. 8:30-Gun. Physics Class
10:30-Student Assembly
4:00-Room 251-Open to all students interested.

This is a chance to broaden your knowledge of these little-known regions of the earth! Don't pass it up!

KENTUCK STATE DROPS KNIGHTS

The visiting team from the tobacco state showed their heels and their talent Wednesday night as their regulars ran up a commanding lead in the early minutes. And then let their reserve strength coast them to a 79-60 win over our Knights. Our boys were ice cold in the first half while State couldn't miss the hoop and ran up a 39-19 half-time lead; big shot 43 from Kentucky hit 6 straight jumpers from the field before he finally missed one.

In the second half, the Knights came to life behind the spirited play of Pat Sablehause and the ball-handling of Dick Phillips, both of whom turned in outstanding performances as did Mike Hoskins under the boards. Mike Noone was high from the field with 14 points, followed by Hoskins with 12 and Jim Schott who collected 10.

Come on out tomorrow night and watch your Knights battle Huntington here-game time 8 p.m. BACK YOUR TEAM!

SWEETHEART'S BALL

Tonite is the big night for all those believers in the potency of Cupid's powers - what we mean, of course, is that at 8:30 tonite, the Sweetheart's Ball will get underway at the Medical Center. This pompous celebration, no doubt, entails suspenders, so don't be bashful, borrow Dad's - don't forget to ask a gal, too, two's cheaper than one. But, more important than that, you'll get into the dance if you bring a date. Three solid hours of terrific sounds will be furnished by the Skyliners, and all for the paltry sum of $2.50. Aside from the fact that this is to be the last festivity before that long season of temperance, self-control, denial and abstinence known as Lent; you just can't pass up a bargain such as this without arousing our suspicions that you may be slightly neurotic. So stay mentally healthy and be there tonight - see you at 8:30. Don't forget that this is also the night that one of those three beauties gets crowned Sweetheart's Ball Queen - Pat Palmer, Judi Bennett, or Katy Armington.

According to the National Safety Council, most accidents occur in the house, so don't drive in the house..."A Horse! A Horse! My Kingdom for a Horse!" famous words of King Richard III, were not the only words he said at the time. His complete statement was "A Horse! A Horse! My kingdom for a Horse! I is the most ridiculous offer I've ever heard! Tell him no!".... Modern day women have frost bitten hands instead of dishpan hands, with the modern frozen foods....In this time of decision, the world is watching America and America is watching television....Overheard on a TV show after Christmas: "This program is being filmed and sent to our fighting sailors in foot hospitals all over the nation"....
