STUDENT BOARD ANNOUNCES....

Monday at 7:30 p.m., there is to be a special meeting of the board in order to decide upon several pending alterations in the Marian College Constitution. This is an example of the time and effort your Student Board spends in deciding issues affecting you, the students.

Nominations for President and Secretary of next year's Student Board are to be made at next Wed.'s regular board meeting at 4:30 pm. Any student wishing to nominate a student for either of these offices, submit your nomination to your class officer.

All students are invited to these functions next Monday and Wed.

The Board requests that students do not park in the two parking spaces in the Junior lot on which sawhorses have been placed. These spaces have been blocked in an effort to make it unnecessary to remove the adjacent telephone pole. THANKS.

CHAMPS V.S. CHAMPS....

If you're looking for laughs galore but are also interested in some downright earnest and talented basketball, don't miss:

THE CHEMISTS--Intramural Champs

v.s.

THE FACULTY --Also Champs

March 12, 7:30 p.m. 75¢ per person

The money from admissions will be added to that which has already been collected for a new scoreboard.

Attention Members of the Student Education Association:

The monthly meeting for March will be on Sunday, March 19th, at 2 pm in Room 306. This Sunday meeting has been arranged to permit graduates of Marian who are teaching to be our guests. They will pass on to us some pointers and information that they have learned through their own teaching experience. Make plans now to attend.

Students desiring to prepare for teaching in the elementary or secondary schools must make an application for admission to the Teacher Education Program this month. Also, students who will be ready for student teaching next year must fill out an application for supervised student teaching. Application forms and information regarding the program and its requirements may be obtained in the Curriculum Library-Room 202--beginning Monday, March 13 and continue throughout the week.

Additional information may be obtained from Sister Mary Giles on Monday, Wednesday or Friday mornings of the coming week in Room 203.

THANKS!!!!

YCS would like to thank the Theology Professors and student body for participating in their questionnaire. The results of this study will be used to aid the group in helping students to facilitate course planning.

Give some women enough rope and they'll hang another line in the bathroom.
SECOND FILM ON COMMUNISM...

"Operation Abolition", a second film on communism designed to arouse your awareness of the increasingly critical situation developing around the world and right here in America, will be presented Thursday at 10:30 in the Physics Lecture Room. All who missed "Communism on the Map" should make a point not to miss this film. **We would advise student viewers, however, not to accept everything contained therein, for the film undoubtedly employs some propaganda techniques. Observe, rather, and then draw your own conclusions. **Observation from two alien misrepresentatives--namely, first CARBON editors, namely, she and he, namely, Jan and Joe.

America has become a conglomeration of semi-independent committees, each attempting to arouse other committee members to some existing deplorable conditions so everyone can become duly alarmed at the same time.

You can't leave footprints in the sands of time if you sit down...

Before falling in love with a pair of bright eyes, be sure it's not the sun shining through the back of her head......

Congratulations to the Crossroads Queen Candidates: Freshman, Beth Sutherland; Junior, Ann Stegman; Nurse, Janice Henry; Sophomore, Linda Jones; Senior, Shirley Martin.

The contest to decide the Queen to represent Marian College will be in progress until March 28. The winner will be the candidate for whom the most money is collected, so donate for the gal of your choice, NOW!

Man, who unfaillingly takes full credit for most of the good things in the world, promptly labels any disaster an Act of God.

FIORETTI CONTEST ENDS TODAY....

Today is the last chance for late-comers to get their entries in for the Fioretti contest.

That's only a few more hours, so hurry!

CASUAL COMMENTS AND OBSERVATIONS....

Condolences...George Schmutte maintains that the crime rate is on the upswing in Indianapolis after having his car stolen by vandals outside of "Brody's" Bowling Alley Wednesday night.

For the sake of certain unseparables, we hope that their chemistry experiments don't get out of hand!!!

What's this about the rough situation in the dorm?

Speaking of vandalism, Jodi Mark's Chevy fell prey to some hub-cap snatching delinquents!

ODDITY of NATURE:

Square meals make round tummys -

* * * * * *

Editorial Opinion:

There are two great systems of government in the world today - the first is Communism (much more than merely a system-of-government); and the second is Capitalism, the American governmental system. Each of these great systems is now locked in a desperate battle with the other, a struggle which has engulfed the entire world. The slightest slip, the slightest loss of ground on the part of either could be disastrous for that system. Thus, we are standing toe to toe with the Communist powers and exhausting our economy and our resources in order to match Communist feats of technological and scientific skill. Can our system stand the strain? We are gambling everything that it can - we have in the past, and we will again now.
