Letter to the Editors Dept.

A few remaining words need to be said about the influence of the Phoenix after my co-workers' reply to the YC in last week's Carbon.

As far as working any kind of influence on anybody is concerned, the Phoenix is undoubtedly the greatest nonentity existing on the campus today. If it is "to provide an organ for the expression of student thought and to unify ideals and objectives, it has failed. Such achievements can be found only in the Carbon.

In this respect we are concerned especially with letters to the editor. Why does the Phoenix receive so few letters while the Carbon never seems to have them for them? It is because in the Carbon the student can speak his mind. The official editorial policy of the Phoenix, which is not determined by the staff, places the fault of any negative elements within the school upon the student body. Any letters written to the Phoenix which would criticize the school or the administration, whether constructively or destructively, would never be printed. But one does not criticize the school. One might find something wrong with it besides apathetic students!

More Student Board Offices Dept.

Election is being held today for the following Student Board offices: Publication, NFCCS, and Religious representatives. Use your opportunity to elect the people that will be your representative in Student Government next year. Elect people you feel are competent and back them next year.

Curtain Going Up Dept.

The King and I is really beginning to take shape, thanks to the "miracle working" of Sisters Mary Jane and Vivian Rose, Mr. Robert Moran, Vickie Weston, and Jim McMahon. Everyone—from those with walk on parts to Joe and Rita—are working diligently and attending faithfully to insure a performance worthy of Marian's name.

Off the stage, but equally as important, is the costume work done so well by Sister Joan Marie and her "girls." The costumes alone will be well worth the price of admission.

Speaking of that, the tickets are $2.00 for General Admission, and only $1.00 for a Student. To purchase yours, contact any of the students listed on the main bulletin board. Note well—no tickets will be sold at the door! (Student variety)

On Sunday, May 20, Marian will present the biggest (and naturally the best) single dramatic and musical effort of its 25 year history. Don't fail to be on hand for this historic occasion.

Pat-Ourselves-On-The-Back Dept.

CONGRATULATIONS, STUDENTS!

It was a universally shared opinion (administration, faculty and students) that the May Crowning ceremonies were one of the most beautiful and impressive that Marian has had in a long while. All who took part are to be commended for their part in making it the great thing that it was. The sermon given by Fr. Paul Dooley was the high point of the occasion.
Helps for Comps Dept.

Here is some useless information that may help someone Sat. afternoon.
1. There are 13,000 cabs in N.Y. City.
2. The Irrawaddy is a river in Asia that flows into the Bay of Bengal.
3. Serendipity means an apparent aptitude for making fortunate discoveries accidentally.
4. The "irresistible impulse" principle was introduced in court proceedings in 1824.

Good Luck Seniors and remember: Faith without works is dead!

Personality of the Week Dept.

Our personality of this week is a suave and debonair gentleman about campus. He is a resident of Indianapolis, attended Secchina H.S., is a History Major, Chairman of the Saturday Evening Discussion Club, and is rather active in Student Government.

His outstanding quality of leadership and organizational ability have merited him our consideration this week as an individual making many and valuable contributions to Marion College.

He is known, too, for his running disagreement with Dan Brown over worship of the Porch, and oft' repeated comments as: "I unconditionally guarantee Vicki!" "I wish it would hurry up and get night;" and "Don't quote me in the Carbon."

The Carbon salutes:
Charlie Robinson

Old Adage Dept.

An open mind is all very well in its way, but it ought not to be so open that there is no keeping anything in or out of it.

The best way to convince a fool that he is wrong is to let him have his own way.

Philosophers are people who talk about things they don't understand and make you think it's your fault.

Judge thyself with sincerity; then will thou judge others with charity.

The essence of knowledge is having it, to apply it, not having it, to confess your ignorance.

Golf

The members of the golf team are having a little trouble rounding into shape. Although having won only one match, the golfers have not become discouraged—yet. However, the next meet will be played with a white basketball instead of that other white thing on a newly laid out course with man hole openings instead of the traditional four inch cup.

Foot's Corner Dept.—"Love"

There's the wondrous love of a beautiful maid,  
And the love of a staunch true man,  
And the love of a baby that's unafraid  
All have existed since time began,  
But the most wonderful love, the Love of all loves,  
Even greater than the love for Mother,  
Is the infinite, tenderest, passionate love,  
Of one dead drunk for another.

Junior Prom Dept.

The "Silver Sirenade" is being held tonight at the ISTA building. All those going should have a good time, the class has made every effort to provide such. There is not much use encouraging people to go at this late date, but we thought we'd mention it.
