PUBLICATIONS BOARD?

Shortly before the Christmas holidays, the CARBON received a letter from Connie Knoll and Evelyne Looney, requesting information concerning the formation of a publications board. A meeting attended by various publication editors and student board members was held to discuss this matter. Conclusions were as follows:

1. In view of the size and financial status of Marian College, a new publication cannot realistically be considered at this time.
2. The present publications fulfill their particular functions adequately.
3. The present publications are generally understaffed. Therefore it would be difficult to adequately staff another publication.
4. There doesn't seem to be a serious necessity for the formation of a Publication Board.
5. The matter is not closed since none of the discussion was official or final.

Twelfth Night Party

For international entertainment at its best be sure to make the scene at the Twelfth Night Party Sunday evening, January 13th. Special guests include Melchior, Caspar and Balthasar. The Latin-German Klub has gone all out to make this activity one of the highlights of the Holiday Season. Refreshments will be served and prizes won. Admission will be $.25.

SOCIAL EVILS * Part IV

At the north end of our campus lies a stately old home, converted into a library for the benefit of the ever-growing Marian student body. It should hardly be necessary to review the purposes of a library to a college student, but a few members of the Freshman class have demonstrated a lack of this knowledge. Last Wednesday noon our library achieved a new status — that of a student union. It's very simple to be a member of this union. When using the library, be sure to bring your friends along, so that your loud talking and laughing will drive all non-members away. When sitting at a table, be sure that there is an extra chair on which to place your feet. In general, one must openly and actively socialize, disturb as many other students as possible, and carry on as many destructive activities as your diabolic little minds can conceive. If these students continue their activities the new library will not be a luxury but a necessity.

BERMUDA BECKONS

In case you haven't already noticed, the annual Ohio Valley Region NFCCS Bermuda Paffle is already underway. The prize, of course, is an all-expense paid trip to Bermuda over the Easter vacation, so if you win, you can be just like them! A very limited number of tickets are being sold (approximately 3,000), and we have 300 tickets here at Marian! Chances are very good, that we will have a winner from Marian! Tickets are only $5.50 apiece, and can be bought now from Jeanne Vigue, John Ray, or Denny Mercier. A complete list of ticket sellers will be posted on the main bulletin board shortly.

DEBATERS ACCEPT CHALLENGE

The Marian College varsity debate team travels to Muncie tomorrow for four rounds of debate. This tournament at Ball State will be the first time the team has debated in competition this year. We wish them the best of luck.

MARIAN'S SPRING LECTURES

The Adult Education Lectures offered by Marian this Spring hold great things in store for those interested in attending them. Four areas of public interest are thoroughly treated in the eight week series.

—"Racial Discrimination and the Christian Conscience" features Rev. John La Rue, S.V.D., a specialist in missionary work. Both the white and negro points of view are explored by Rev. La Rue.

—"The New Mathematics," with Sister Florence Marie, offers parents a unique opportunity to learn the kind of mathematics their children are being taught or will be taught in the future.

—"Personal Religion and the Bible" will be discussed by Rev. Gregory Foote, S.J. Rev. Foote was taught at all the major Jesuit universities, and is a recognized authority on the subject. Students in his class will uncover the magnificent treasures and the importance of God's message in the Old and New Testaments.

—"The Many Faces of Politics" has two moderators, and no less than eight different speakers, all representing the ideas toward politics of group or business with which they are associated. Eugene Pulliam, Harold Handley, S. Hugh Dillin, and Robert Wyett are some of the more easily recognized names of featured speakers.
