CLARE HALL Meeting held on Sept. 23, 1963

OLD BUSINESS: MIXED LOUNGE It was reported that the Administration has depleted their funds for this purpose. It is therefore the responsibility of the Student Board to make the changes if re-decoration is deemed necessary.

DISCIPLINE COMMITTEE It was reported that Fr. Dooley is considering establishing a buffer organization to serve as an intermediate agent in student discipline affairs. The committee would be composed of students and faculty members.

NATIVITY SET A Nativity Set is being provided by the Vet's Club for the use of the school.

BULLETIN BOARD It was reported that the only acceptable bulletin board would be of considerable expense to the Student Board. The possibility of sponsoring it through the Inter-Club Council is being investigated.

NEW BUSINESS:
SUGGESTION BOX A box is being placed near the Perc for the use of students who wish to express their opinions or introduce a suggestion.

PEP BAND Suggested instruments for the use of the members of the Pep Band to be purchased by either the Student Board of another organization on Campus. Discussion was delayed until a report is prepared by the Treasurer revealing future financial plans.

CHANGES IN PARLIAMENTARY PROCEDURE The president is empowered to recognize observers at the meetings directly rather than through the representatives of their classes. The treasurer has authority over and use of a small money fund to be used for routine purposes. Motion passed eliminating the two week tabling period for money appropriations for average expenses. For expenses of an unusual nature a one week tabling period was decided upon.

Cynic's Corner

Astronomers point out that star clusters, galaxies, in fact the whole universe is racing away from the earth at a speed of 15,000 miles per second. Can you blame it?
WHAT A START!

Well children, how does it feel to be some of the sloppiest individuals this side of kindergarten. This college is absolutely not a playground in an elementary school; it is an institution of higher learning attended by students who are expected, however naively, to act their age. The condition of the lounges is the past few days emphasizes the due need of the Student Board's proposed discipline program which is at present under careful consideration. In cases where there is habitual abuse of the college facilities the Board is contemplating several disciplinary measures. The first amounts to social probation, severing the offender from the use of any lounge, sports activity, the Perc and all other college sponsored functions. The second measure will include a system of fines befitting the offense. This may seem drastic but continued lack of student regard for the college's facilities in past years and so far this year has warranted such a measure. The Board is not a reincarnation of the Inquisition, it will meet it's constituents half way, more ash trays and a multitude of waste baskets are to be purchased in the near future. Maybe future visitors to Marian will not be struck speechless by the usual state of filth in the lounges. This school can be only as good as its students. It is your school, why not treat it as such. 4th COMMANDMENT DEPT.

Sunday, October 20th, the Student Board will sponsor the Annual Parent's Day. Agenda includes: Mass, Lunch, Entertainment, including scenes from "The Music Man" and a tour of the campus. If you have not as yet invited your parents, do so soon.

ANECDOTE DEPT.

While Mark Twain was abroad, he spent some time in the Holy Land. At the Sea of Galilee he found upon inquiry that the price of a boat trip on the Sea was more than he wanted to pay. Taking his leave Twain was heard to comment, "No wonder Christ walked".

BURN, BEANIES, BURN

Tonight at 8 in a darkened room
Many Freshmen will meet their doom.
Dissenters will be crushed like a germ
Burn Beanies Burn

Tonight at 8 there will be a purge
Of all little Freshies who have been a scourge.
Things will take a different turn
Burn Beanies Burn

Tonight at 8 the court will meet
Many will fall to crashing defeat.
The wheels of justice will begin
to churn
Burn Beanies Burn

Tonight at 8 you must be there
To miss this sight you wouldn't dare.
This opportunity do not spurn.
Burn Beanies Burn D.T.

GREETINGS From the Staff

Allow me to introduce myself. My name is Terry Cady. I am Marian College's Eugene Pulliam. I am also, due to the wise decision of the Student Board, editor of the CARBON. I can tell already by the enthusiasm of the lower class that I am going to be loved by each and every one of you. All congratulatory gifts can be forwarded to Room 310. No Stamps Please.

"I would rather be tight than President" or if you will, "When they grow bigger damn fools colleges will have them". The CARBON has one, yours truly, Co-Editor Mike Brown

My name is Donna Tatroe- As co-editor of the CARBON I hope to bring you soul-searching analyses of campus events, humorous anecdotes from the realm of student incongruity and editorials designed to move students from their secondary corporal existence into the world of action. As an added attraction you will find that by circling all the vowels in this introduction you will have a scale map of the sewer system of Tasmania.

Pat Michael and Jean Sites will be our able typists. You will recognize them by their bumpy fingertips.
