This Book is brought to you for free and open access by the Campus Newspaper Collection at MUSHare. It has been accepted for inclusion in The Carbon by an authorized administrator of MUSHare. For more information, please contact emandity@marian.edu.
A STUDENT SPEAKS

Mr. Ed. Arzman,

The Student Board is elected to represent the members of the student body. Their function is to voice student opinion. If in this capacity they find a lack of student opinion their job is to create it by informing the students.

How would you suggest "leading" a "lack of opinion"? This might open a new avenue of politics never explored before.

"How often is there any substantial opinion to represent?" From where I stand suits aimed at desegregating public facilities other than schools—such as parks, libraries, hospitals and playgrounds—where the injured party is unable to pursue the remedy. He would also be authorized to intervene in private actions brought by persons seeking relief from a denial of equal protection of the law because of race, creed, color or national origin.

Nora Fitzpatrick

RUTHLESS RHYTHMS FOR HEARTLESS HOMES

William, in a nice new sash,
Fell in the fire and burned to an ash.
Now, although the room grows chilly
I haven't the heart to poke poor Billy.

Willie saw some dynamite,
Couldn’t understand it quite; Curiosity never pays:
It ruined Willie seven days.

R-R-R-Roar

When the pitcher throws the last ball and the umpire calls "strike three, you're out", everybody will be out to the ROGGY ROMP to start their engines and torque up a storm. Just zip down the strip with your chick, alack. Harley boots are fine attire and its only 50¢ to get under the wire. This is corn, that's free, too.

BAT VS SHATTER

Big Bat Harry Sanders meets Mike "Shatter" Leonard in the final ping-pong championship game today in the Mixed Lounge at approximately 12:30.

FACT FOR THE DAY

According to the New York University College of Medicine, when a rabbit is injected with an enzyme found in green papaya, its ears may wilt.

CIVIL RIGHTS OR WRONGS?

As the debate concerning the Civil Rights Bill continues in the Senate, we present the second in a series of summaries of the Bill's provisions. Last week, the first two provisions were presented. The following are the summaries of the next three provisions.

TITLE III—DESEGREGATION OF PUBLIC FACILITIES—"The Attorney General would authorize the Attorney General to initiate or intervene in school desegregation cases. It provides for technical assistance, grants and training institutes to help communities prepare for school desegregation. But it exempts from its definition of desegregation, the transportation of students to end racial imbalance."

TITLE IV—DESEGREGATION OF PUBLIC EDUCATION—"It authorizes the Attorney General to initiate or intervene in school desegregation cases. It provides for technical assistance, grants and training institutes to help communities prepare for school desegregation. But it exempts from its definition of desegregation, the transportation of students to end racial imbalance."

Solution To Last Week's Puzzle

"Mommy, Mommy—Daddy just poisoned my kitty."
"Don't cry, dear, maybe he had to do it."
"No, he didn't. He promised me I could."
To the editors of the CARBON, Students and Faculty of Marian:

In my recent visit to your campus, I was notably impressed by the superior quality of your student publication, maturity of your students, and liberalism of your faculty and administration. This to me can mean but one thing, Marian is an institution that is of high quality in education, a fact that the Carbon brought out in its issue of 24 April.

You have a school that may lack in tradition but by no means lacks in its main purpose of educating its students. On Marian's small but beautiful campus, ideas and opinions may be brought forward for discussion without the fear of criticism. This in itself is a privilege that many students in other campuses do not have.

Every person associated with Marian should be proud and thankful that an opportunity such as this has been allowed them.

This letter was not conceived to aid in recruiting but to express my personal thoughts about Marian.

Very respectfully R. C. Klemmer Lt. (jg) USNR

THE "KIE" NOTE

Yesterday I was sitting in the Perc smoking my fifth cigarette when a pert young co-ed sauntered up and asked me to attend an N.F. meeting that was about to take place. Since I had finished the daily crossword and had nothing else to do I thought maybe room 300 would be nice to read the current issue of the Phoenix.

As it turned out instead of reading the Phoenix I became inquisitive as to what N.F. really was about. After hearing Mr. Barber's talk on the needs of college students to partake in the activities that N.F. stands for I felt that perhaps this organization does have a place here at Marian. Contrary to the opinions of some anarchists N.F. by proper administration and presentation to the students can become a worthwhile and needed organization.

Meanwhile back at the perc...... Kie O'Connor

Second the Motion:

With the stipulations Mr. O'Connor mentioned we feel that N.F. can be of great benefit to Marian. This editor was very impressed by our visitors' visit to the regional N.F. organization.

The CARBON will publish a letter from the regional President, Mr. Barber, in next week's issue.

M.E.

Don't forget Intramural Volleyball play offs Monday night.

POST SCRIPT

We thank Lt. (jg) R. C. Klemmer for his kind comments about the CARBON, but we must add our apologies to this Naval Officer. It seems that one of the individuals in this institution is not worthy of the praise accorded our school. Lt. Klemmer purchased a cigarette lighter when he entered the service. It was inscribed with the initials KLEHN. It seems that some honorable creature took it upon himself to relieve the Lieutenant of this momento. Any person finding "the lighter may return it to R. C. Klemmer Lt. (jg) USNR 215 E. New York Street Indianapolis, Indiana.

GET OFF TO A GOOD START

The annual "Crowning" ceremony will be held Monday, May 4 at the 11:30 Mass. This is the first year that the ceremony has not been obligatory, however we would like to urge you to attend. If students can demonstrate a sense of responsibility in this area, the era of "required" functions may soon cease. A half-hour, once a year--too much to ask???

SEVEN MORE REASONS TO HAVE A PARTY

1. Labor Day in the Canal Zone
2. Anniversary of the American Booksellers Convention
3. Semi-Pro Baseball Day
4. H. L. Independence Day
5. Anniversary of Napoleon's exile
6. Anniversary of the purchase of Manhattan by Peter Minuit
7. Birthday of Robert Browning

USELESS FACTS

The American Museum-Hayden Planetarium announced that while the year 1900 A.D. was not a Leap Year, 2000 A.D. will be.

A Canadian was seized by border patrols while trying to sneak into the United States to steal an outhouse.

The purple grackle preens its feathers with acid it extracts from walnuts, according to an ornithologist of the Smithsonian Institution.

One molecule of skunk odor is smellable in 50 trillion molecules of air, odor specialists say.

KNIGHTS TO TRAVEL

The baseball team will travel to Anderson this weekend for a double-header. Tonight they will play at Riverside. Game time is 7:00.

THE END

"Won't your wife hit the ceiling when you come home?" "I hope so." Last time she put a bullet through my hat. "--)"
