THE FREE PRESS CONTROVERSY

Amongst the recent questions rising on our campus is a proposed idea by a group known as the Free Thinkers of M.C. to start a newspaper of "free thought and opinion resulting in stimulating articles on current problems". This proposal appeared before the two governing bodies of campus publications, the Publications Board and the Student Board, in separate meetings last Monday, the results of which appear to be quite conflicting. However, an analysis of the topic of discussion at these meetings will prove quite the contrary.

At its meeting last Monday morning, the Publications Board voted the proposal down 9-0. The Board, a group of student editors, student representatives, faculty moderators, and faculty representatives based its decision on the necessity for such a publication. It felt that at the present time current campus publications could adequately serve the purposes of the group and urged them to air their thoughts through the existing channels. It expressed the sentiment that such items would help improve the existing publications but informed the Free Thinkers that they would review their case should they be able to prove that the present mediums fail to give them the adequate expression of thought they deem necessary.

The Student Board concerned itself with the question of their right to print. By a vote of 11-1, the proposal passed. In passing the motion, the Board noted that they may at anytime revoke this right to print.

The CARBON, in viewing the situation, agrees with the decisions by both Boards. We feel that such a group most certainly has the privilege of the press, but in backing up the Pub. Board decision, feels that this privilege can be extended them in the form of existing publications. Letters of such content will most certainly be an asset to journalistic masterpiece and can add to the controversy on which we so dearly depend for our survival. Should our facilities and those of the PHOENIX and FIORETTI prove inadequate to the needs of the Free Thinkers or any other groups, then we feel it is time we broaden our publication scope. Should we suffice, then we say no more publications are necessary. Take it away readers!

JEFF

THE WHOLE TRUTH AND NOTHING BUT ...

--- Tidbits from HITHERANDYON

Intramural football games scheduled for Oct. 31 and Nov. 28 have been canceled. This is a result of the team captains' meeting called by Mr. Bridges last Wednesday. Extended weekends and lack of other playing times during the week have necessitated this move. In the event these games are necessary for setting ties or altering IMPORTANT team standings, they will be rescheduled during December at the convenience of the teams involved.

The CARBON freely recognizes the diplomacy with which Cleon Reynolds, A.D., handled this situation. The CARBON commends and sympathizes with Larry Bridges in his position of subervience to Mr. Reynolds.

In one of his moments of rhetorical weakness, the Sports Editor bassackwarded the score of the Oct. 21 game between the UmGawas and U.N.C.L.E. Contrary to the earlier erroneous report, U.N.C.L.E. forfeited the unplayed game TO the UmGawas 6-0, giving the victors an upset win.

In finishing out the regular schedule, this Sunday's games will be highlighted by the 2:00 p.m. clash of the unbeaten 68's Plus Tax and the Carpetbaggers.

Schedule for Sunday, Nov 7
1:00 The Best vs. U.N.C.L.E.
2:00 Carpetbaggers vs. 68's Plus Tax
3:00 McCos vs. UmGawas
4:00 Manuah Mixers vs. Nutty Nine plus

EVERYONE LOVES A PARADE

The Blue Knight Drum & Bugle Corps will make the first of its many public appearances on Thursday, November 11 at the Veteran's Day Parade. With a new song and cadence, the Corps will lead the Marian division of the parade. The bus will leave Marian at 10:00.

Also, with the addition of new flags, it is necessary to have Color Guard try-outs once again. All those who couldn't make the scene before and those who want to give it a second try, meet in the auditorium, Saturday, at 11:00.

THE CARBON

THE SADIE HAWKIN'S CARBON

In deviating from the realms of normality which is the normal procedure on Sadie Hawk's weekend, the next issue of the CARBON will be a special Sadie Hawk's Faculty edition. However before leaving, the CARBON staff feels the necessity to forewarn its readers of the dangers which exist in such a turnover, namely the staff.

Accepting the editor's position of "power and esteem" in this journal will be that hoodlum priest fresh from a summer of demonstrations the present Nihil Cestat Imam of the CARBON with the unused censors' stamp, the man who has dreamed of such an issue since his first day at Marian, the Rev. Pat Smith whose sound ethical judgments should result in a paper of "above the ordinary" content.

Moving into the position of assistant editor will be that red headed ball of fire, the man who has lost his image by engagement, the star of stage, screen, and speech class, Mr. Bob Moran whose changing views an marriage should be quite colorful and needless to say impressionistic.

Taking over the reins behind the sports editor's desk is that physical fitness nut, the man who can talk faster than a speeding tele-type while still pulling his right ear lobe 5 times a minute, Mr. William Doherty. It should prove most interesting to see if this "super teacher" can write as fast as he talks.

Lending himself to this publication in the true ecumenical spirit of the times is the Patriarch of Seymour, Marian's leading fashion designer in "Clothing for Ecumenism," Archbishop Head, whose observations on styles of the day should be the talk of the campus for months to come.

And last but not least, CARBON welcomes back to the fold last year's moderator, Rev. George Elford. Though his nerves of steel were shattered in his tenure as CARBON censor we feel this man will have worthwhile contributions and even if he doesn't, it won't be censored.

Where is the CARBON staff going? We don't know, but we're packing our suitcases and leaving. Nothing ever happens around here.

C.W.

EXCUSE, PLEASE

The GSMC mixer scheduled for this evening has been delayed until Friday, Dec. 10. Save your dimes and dollars until then; you will be glad you did. Any inconvenience is regretted.

GET READY & SET & GO GIRLS GO!

The Race is on. So you gals had better hurry and grab your Mohair Sam, Jolly Green Giant, or whatever. Grab him now before somebody else does. Then you can both enjoy the stomping good music of those "Fabulous" Creata while feasting on Cider and Doughnuts.

It's the "Sadie Hawkins Day" dance. Saturday, Nov. 13, from 8:30 to 11:30 in that great cavern's abode -- the Mixed Lounge.

Gals, be sure to fix your bears a pretty little hat because the most original hat will merit a prize. There's also going to be a real "hooting holler" election to choose the 1965-66 "Lil' Abner" and "Daisy Mae." So get out there now, girls, the race is on!

THE RIVALS

Richard Sheridan's hilarious 18th century social farce, "The Rivals," will be presented tomorrow evening in the Auditorium. Curtain-8:00-Admission-Students $1.00 and others $2.00. Drop in for an evening of Rivalry when the New Indiana Theatre Company presents its premier performance. WILLOMENA FEENEY is going. How about you?

A WORD FROM DON

Hey gang! At a loss for conversation at a cocktail party? Just pop right up with "I'd better have another olive -- I'm really weak since I participated in the Thanksgiving Fast for Freedom." (To help impoverished Negroes in Mississippi.) So while everyone is admiring your nobleness you can make it with the chicks! (Only don't tell anyone you just gave a contribution and ate your lunch anyway!)

November 18, 1965.

Don Busby
Exec. Sec. Student Board

CLARIFICATION

It has come to our attention that many students were upset over an article which appeared in last week's CARBON aimed at the Student Board President. We would like to clarify this point.

The CARBON takes a firm stand behind the Board and it's President regarding most things considered this year. All puns made at Board members are made only in the traditional spirit of this publication and are by no means to be taken offensively. We feel that Mr. Wagner has done a commendable job in his position this year and anticipate many benefits of his strong leadership. His stands have been fair, objective and in the best interests of student government which is his primary concern. We urge your support of the Board in order that they may lead Marian to her greatest year ever.

THE CARBON WANTS:

Wastebaskets in the Lookers Room of Marian Halls ground floor
Quiet at the Assembly sessions. (Yes, in the back too)
To congratulate the Convocations Committee on its selection of Dr. Levitt as a speaker.
To get rid of Clare Hall Cleptomaniacs.
WILLOMENA FEENEY
No longer do the halls of Marian reverberate with the friendly snarls of the old style homey variety of Campus Cop. This is the advent of streamlined and efficient law enforcement, the era of the new breed of college security man, the Hargard. (HARGRAVES SECURITY GUARD) Always about, alert, ever ready and many times dense, the Hargard is always on his toes, which is why he walks funny.

Each day the Hargard makes a routine check making sure that the lake and library haven't been stolen overnight. Then it's off on a routine tree survey to see that the squirrels and chipmunks aren't pushing heroin. The Hargard devotes much of his time each day keeping drivers from subjecting speed bumps to speeds exceeding three miles per hour.

When darkness drops on the Naked College, our hero is on the job knocking on car windows setting time limits on manifestations of young love. Meanwhile nasty old men are sneaking up the back stairs of Clare Hall.

In the midst of this danger the Hargard still finds time to see that all cars have parking stickers on the left rear bumper. Now if someone would explain to the Hargard the difference between the front and rear of a car.........

JO'H

Blessed are the forgetful, for they get the better even of their blunders

High heels were invented by a woman who had been kissed on the forehead.

REPLY TO THE FRESHMEN

Dear Freshmen "Men",

We are glad that your interest in freedom of the press extends to writing letters to the editor. We need letters—They fill up white spaces. We are also glad to note your remarkable authoritative ability in discerning the thin red line determining who can call who "immature". Shades of "Anything you can say I can say better!"

We were not trying to condemn the entire class of freshman boys. We did not launch a general attack on the question of their maturity. Frankly—we don't care! We were merely bringing attention to the fact that a minority of the freshmen males are lacking simple, common courtesies. A clarification should scarcely be necessary. The offenders got the point. As for the other guys—Sorry about that!!!

The Staff

DRESS UP DINNER

On Thursday, October 28, at 5:00 begins the Feast of The Great Pumpkin in the Marian Hall of Food. This is the annual dress up dinner sponsored by the sophomore dormies of Clare Hall. Looks to be one of the highlights of the grocery eating year.

MUDGEE GOOCH RHYMES

"Peter, Peter, Pumping Eater"
Peter, Peter, pumping eater,
Hatter rife and cotton keeper,
He putter in a pumping shell,
And dairy capped her fairy well.

"Litter Miss Muffet"
Litter Miss Muffet satiny tuffet
Edam a cursing way,
Along greedy spider Saturn be cider,
And frightened Miss Muffet away.
