It was Thanksgiving morning. The bright rays of daylight were held back by the falling of a soft snow. It was not a wet snow but a snow that gathers like sprinkling flour. Most of the stores in the business district of the city were closed and expectations of the big dinner overflowed from the apartments above. Shouts of, "turkey and dressing," "cranberry sauce," arose above the normal talk of anxious children as they played in the streets. But something did not fit into this happy scene. The something was a loud popping sound coming from the alley next to the Italian bakery. A man hearing this sound directed his route towards the disturbance. Upon turning into the alley he found a grubby, old drunk sucking furiously at the top of an empty wine bottle. The drunk's hands seemed to squeeze frantically at the glass bottle. His whole body shook. This empty bottle had been the wine's turkey. Filled with an altruistic anehy, the observer tossed a quarter at the drunk. The coin fell into the soft snow. It was a happy scene. The something he found made him laugh. The something was a good deed. It was a good deed that made him feel good.

CARSON BACKBONE CALENDAR

ACTIVITIES AND ALL THAT

This weekend is really going to be a moody or no planned activities. (That am I talking about?) All day today be sure to vote for homecoming queen in front of the auditorium. Candidates for queen are: Maureen Northcutt, Kathy Kleber, Mary Adams, Dot Mettel, Cathy Meyer, Dixie Mitchell, Ann Gerry, and Margie Diaz. (Our number two editor is write-in candidate for Homecoming Queen.) Let's hear it for the Marian spirit tonight at 1:30-rally. And don't forget the big mixer tonight at 8:30 with the Dawn Five in the MCML. The queen will be crowned then by Dave Haire, Freshmen Class President. (Hurray! Freshmen are Great! (This opinion is expressed only by the writer of this article not the entire Carbon staff.)

The Day of Days is Saturday when the Great and Wonderful MARIAN KNIGHTS splinter the Oakland Oaks (Oh that was noon!) starting the day out right with the Big Parade featuring the glorious and triumphant Bum and Drudge Corps leading it and fabulous floats from the classes and dorms and anyone else who wants to put one together. Then a 2:30 all hall breaks loose in Reynolds Fieldhouse as the Knights ride forth to do battle with a bunch of trees.

To end it all—not really—Saturday night is the semi-formal wing-ding at the West side K of C. It's from 9:00 till 12:00 and all the best people will be there (well, maybe not all the best.)

In case you're in the mood for some French entertainment this weekend, you can go to Homecoming events or to see "The Miser" tonight, tomorrow night and Sunday night at 8:00. It's billed as a fantastic French farce (isn't everything around here?) The cost for the thing is $4.00 for students and $1.50 for adults (assuming the students aren't adults.)

Monday is going to be a great day (Who am I trying to kid?) A representative from the Federal Aviation Agency will be on campus to conduct interviews for opportunities in Air Traffic Control Engineering, and Flight Standards. Sign up in the SPO today, all you who are flying high.

Knights off and Running

Hitting 32 out of 53 floor shots, the Knights opened the season with an 80-71 triumph over Huntington in Reynolds Fieldhouse. Hitting for 19 points in the first half, Larry Brodnick finished with 23 points to lead MARIAN'S scoring, which also placed three other Knights in double figures. Larry Schmalz contributed 11 markers, and "Beaver" Hendricks and Dandy Randy Stahley each chinned in with 10 points.

Now its on to Homecoming, when the Oakland City Oaks invade the camp for a 2:30 til Saturday. Make the scene and you might get your face beamed through the "boob tube" during the nationally televised contest.

Then, Tuesday finds the Knights making a short jaunt down to Franklin where they will try to tame Franklin's toothless Grizzlies. Lets see a big turnout since it is such a short trip. You'll be seeing the Knights make it 3 in a row for the season.

Cross Country
A surprisingly tough Greenville College ran away with ten honors in the first annual MARIAN Invitational last Monday while Butler nipped MARIAN for the runner-up spot.
Jeff McQueen finished sixth in the meet with a 22:43 effort while Frank Dell-Penna and Mike Mealy took tenth and eleventh places with 23:01 and 23:02 clockings. Greenville's Arvin Cross was the meet medalist with a speedy 21:28 effort.

Intramurals
November 12 football action saw two more upsets and a near-upset as intramural grid schedules near the end of a highly competitive season.
A fast improving Intramural Team scored three touchdowns and then gave the faculty a T.D. for the final 19-7 count while the second upset of the day came when the Gray Power defeated the Gash 12-6. The wireless W.C.C.F.'s nearly pulled off perhaps the upset of the season as they dropped a heart-breaking 7-0 verdict to the Manah's Mixers. Co-leader Big Ten romped to a 21-0 verdict over the Lost Souls while Terrible Ten, the other leader, notched a 20-12 triumph over the Fresh.

Homecoming weekend schedule, November 19:
12:00 W.C.C.F.'s vs. Big Ten
1:00 Manah's vs. Brains (?)
2:00 Fresh vs. Intramural Team
3:00 Gash vs. T.T. and H.H.
4:00 Lost Souls vs. Gray Power

Activities and All That (come from P. 1)
Monday night is the night tentatively set for the discussion on an experimental Mass that Action is planning. It'll be another one of those fireside deals if someone remembers the wood, 7:30 at Doyle Hall.

The Traffic Appeal Court will sit (?) on Tuesday at 1:30 at the SPO. If anyone has any complaints they are to file them within 10 days of the violation in the SPO. To go before the Court the student must make an appointment. Out class, gang, to appeal your ticket!!!

Board Reports (Sue's Back)

Ronzone screamed for power. Schneiders and Turner just yelled. And eventually the Student Board passed their 1967-68 budget which appeared to be almost an exact replica of former years, give or take a few hundred dollars.
Kris Ronzone, interclub president, kept insisting that money is power, power should be interclub council, and tonites meeting would set a precedent. I certainly hope it does not set any precedent. The ICC presented a budget to the Board for clubs on campus. No criteria was given on how budgets of the clubs were selected. No proportionment was given on membership in clubs. Kris talks about power for ICC, but why doesn't ICC assume some responsibility first. Why weren't the Board members presented with explanations of the club allotments? How could any board member there vote for something they knew nothing about? Farb Huber made a good point last night when she referred that the ICC president had insisted in careful scrutiny of club constitutions, already supposedly carefully scrutinized by interclub council, why didn't ICC president want a scrutiny of the budget too?

The rest of the budget:
Total projected income for this year: $21,518.68, total projected allocations: $19,195.60, Balance: $2,323.08.
The breakdown of the budget includes: 18 percent publications, 15.13 percent clubs and organizations, 9 percent events sponsored by the Board such as orientation, Christmas party and field day, 15.50 percent miscellaneous, 9.5 percent balance.
I would like to question how carefully each board member looked into this year's budget. No cuts were made last nite, except when two minor errors were caught. No additions were added. It appears to be the perfect non-creative budget for an upcoming fiscal year. No tax problems here, perhaps the state department would accept their services.

SETTING THINGS STRAIGHT

Q. Why is it that the Dean of Men is not available on campus five days a week?
A. Mr. Fields has received a National Defense Grant to study in the area of counseling at Indiana University, Bloomington Campus. This is a 10 week program and is fully subsidized by the Federal Government. Mr. Fields stated that the purpose of the institute is "to enhance and improve the skills of Counselors and Student Personnel specialists who already have a background in such college positions. The emphasis is on an exposure to the most recent ideas and information, as well as the development of skills in new areas of student administration."

Q. Where does my $25.00 per semester College Fee go?
A. Into a great big bag labelled "convocations", "Library", and "Building Rental".
(Next week: "What is Building Rental?")

Q. Why is parking not permitted on the mid-campus Mall?
A. Mall parking is not allowed for the following reasons:
1. The master plan of the campus calls for a "looking-in" design. Traffic is to be handled by the outside "fringe" areas, which will "look-in" at a relatively uncluttered center campus.
2. It is felt that if parking were allowed on the Mall, the traffic would interfere with the construction of the new complex.
3. If parking were allowed in this area, cars would be too close to the class rooms, thus creating disturbance for those inside.
4. In the future, this area is to be a sort of recreational area. Benches and greenery will be added, and students may use the area for such activities as dances, meetings, pep rallies, etc.
5. It looks better this way.

ROUND NAPITOWN

As N.C. students prepare to cry in their beers over midterm results and homecoming festivities, they find life does go on and, sometimes, it swings.

Sophia Loren and Omar Sharif join forces, to put it mildly, and present the latest in glamour and romance called More Than A Miracle. This educational film (on the scenes post graduate work) will steam the screen at the Arlington, Vogue, Pendleton Pk, Bel-Air, and Twin Theatres. At the New Tibbs, Sherman, and Greenwood, To Sir With Love returns to warm hearts at 7 p.m. and 11 p.m. The unlikely second feature at 9 p.m. is The Professionals with Hunt Lancaster and Lee Marvin.

Last call for the Harlem Globetrotters at the Coliseum Saturday night at 8 p.m. Now you can't say we never told you.

The price is unbeatable (free) and if you'd like to see a rip-smortin' collection of Old Masters go on out to the Westerly Art Gallery at 37th and Spring Hollow Road, Golden Hills. The canvases will be unveiled on Sunday from 2-6 p.m.

The North Side Armoury, 211 N. Penn, will be the scene of the performance of one of the most vibrant and emotional entertainers of all times (now if you say, this column isn't slanted you're cut out for the 4th of July in person). James Brown will do a buck (the date is Nov. 23) contact the Claypool Ticket Agency.

The Royal European Marionette Theatre will appear at Clowes on Nov. 24 and 25 at 10:30, 14:30, and 1:30 in "Hansel and Gretel." So if you're still a child at heart (probably mind and body, too) be there.

For all good sentimentalists here's the chance to see super tears. Maurice Chevalier and then demanded support for them as a matter of patriotism. This tactic has been self-defeating because it has given millions of Americans—including not a few members of Congress—the idea that something has been put over on them, and that they have had too little oppor-

LETTERS TO THE EDITOR

The Carbon reserves the right to delete any part of submitted letters. This is done to shorten and to exclude non-pertinent material.

Dear Sir:

In a past issue of the Carbon, (November 3, 1967), there is an article entitled "Around Naptown". Noticing this article has brought a pet peeve to my mind.

On page 3, article #2, one finds this title, "Please allow me to say that if a person so chooses to use such slang terminology, he should first take the time to consider the term and then fully understand its meaning.

If one were to follow the political route of Indianapolis for the last 10 to 12 years he would be able to discover the reason for the term being coined in the first place.

Rather than to leap into 'ancient' times, let us examine the last few years of what many describe as a period of advancement. I'd like to take the time to figure out what we advanced in and how we did it...

I don't think you, the Editors of the Carbon, realize how close to the truth you actually are when you use the term, "Naptown". It is most obvious that Indianapolis is truly 'napping' and it does my heart good to see that MARIAN admits this rather embarrassing fact.

I'd like to say, Sir, that I feel that in using such an expression, an impression is left that you are willing to claim that your hometown is 'behind the times', and that you are satisfied with leaving that image. I consider it a personal insult to all Indianapolis-based Hoosiers and even more a most realistic and disgusting truth that must be tolerated. All that I feel there is to say is that I'm extremely grateful that the nomi-nus of Indianapolis have seen fit to say "No", to the present 'napping' administration and has rested their confidence in a new one.

Wake up, MARIAN, and back your city! Help erase this ridiculous title from our fair city and refuse to acknowledge this as a name. Help Indianapolis arise and equal her fellow cities in growth, education and most of all, PRIDE!

Timothy Hogan

Ed, Note: Originally the editors used this term only as slang and not as sarcasm.

WIFE BUSINESSMAN OF THE DAY (A SATIRE)

The fourth page of the Indianapolis Carbon would like to salute the WIFE Businessman of the day--Otis F. Weaver. Otis is a sanitary engineer for the city and has received his degree from P.S. 207 after three years of elementary school training. He and his lovely wife have fifteen children and live in a lovely three room apartment, decorated in a quaint Early Depression. His pastimes are working on the side as a janitor and drinking. Otis' wife enjoys raising children. The Weaver's have been married for twenty-six happy years and today we are sending Mrs. Weaver thirteen lovely roses from Capitalist Florist, 78623 North Meridian, phone 924-8971, Monday thru Friday 9:00-5:00, Saturday 12:00-5:00.

A THANK YOU

The mathematics faculty wishes to express special thanks to: the Student Board for sharing SAC facilities; the traffic-directing squad, operating in the rain; the registration committee; the janitor and coffee-break hostesses; the Saga Food Service personnel; the maintenance staff; the publicity office; the faculty and administration... for contributing significantly to the success of the KAI meeting on campus last Saturday.

opportunity to affect the course of events in a democratic fashion.

To the president's charge that dissenters in the U.S. "encourage the enemy to prolong the war," Wicker answers that "the case could easily be made that every time some war-like general or politician urges an intensified bombing of North Vietnam, the war is prolonged, too. Surely these utterances only convince Hanot the more that the U.S. is imperialistic, aggressive and ruthless, and therefore not a nation with whom a fruitful political settlement is possible."

Bob Crouch has accepted a part-time position as Director of the Student Activities Center and will set up his office in that cubicle in the MNCML. Working under the SPO initially Bob will be there to serve students and student groups in any way possible. Bob's efforts and that of the SPO's will be directed toward making SAC a place of interest, service and fun. Your help will be needed: first, your suggestions; then your cooperation; and most of all your presence. Bob's hours are posted on his office door. Stop in and see Bob sometime; it gets awfully lonely down there.

The Mental Health Club is currently working on the annual gift-collecting project for mentally ill or retarded children of Indiana. They are now accepting toys of every conceivable size, shape and function at Gift Collection centers on campus.
