This Book is brought to you for free and open access by the Campus Newspaper Collection at MUShare. It has been accepted for inclusion in The Carbon by an authorized administrator of MUShare. For more information, please contact emandity@marian.edu.
**ACTIVITIES**

**The Total Tabulation**

"You do not ask a person if they/understand or not/because if they do not understand/they will ask ... if they want to/understand."

A reminder -- don't forget to go see "Becket" tonite, tomorrow nite or Sunday afternoon and evening. Get your tickets in front of the auditorium or at the door. There is also a Free University "Swing-out!" at Butler tonite at 8:00. Don't ask me what it is because I don't know. If you're interested, you can call Mike Rizk. March 14 and 15 at 8:30 the Indiana Central Players will present "Inherit the Wind," in the Ramsburg Auditorium on campus. For ticket information, call Indiana Central College.

Tomorrow nite from 9:00 to 12:00 the Cinnamon Empire will entertain in the intramural gym. I've heard pros and cons about them so I suppose you'll have to pay $1.50 and find out for yourself. Ah, another Square Dance for all you country-minded folk. And it's free, from 2:30 to 4:30 Sunday afternoon, in the gym lounge.

At 6:30 on Monday the girls volleyball team will battle Indiana Central away. Good luck, girls. Love is the word for '69.

Monday night Tom Hanrahan and Mike Miller will discuss their recent weekend trip to Kansas City and the Free University Convention at the Student Board meeting in the SAC lounge. They learned at lot of new things and have some interesting ideas for our free university program so I think it would be worth your while to attend. I'm not sure about the time so check the bulletin board.

On Wednesday at 12:00 in room 309 the Young Republicans will meet and Berton O'Bryan '63 will speak.

Biology and Conservation Club will meet again on Thursday at 12:45 in room 157.

A look into the near future:

Next Friday is SPRING when you can put away all your winter clothes and girls can start taking up hems on all of last year's spring wardrobe. But, it's also mid-term time so you can take down the dusty books from your shelves and start cramming for exams. Next weekend looks pretty good. Friday nite at 8:00 "Umbrellas of Cherbourg" will be shown in the MH auditorium and also the Junior class will hold another Coffee House Jamboree, also at 8:00, in the SAC Lounge.

Then on Saturday, you can slurp your way to heartburn at the Booster Club jello slurp in the Perc at 8:00 or watch an Indian movie "Sujata" at 7:30 if you speak the language. If not, you're out of luck.

That's about it. Oh, one more thing. The search is still under way for a Miss Indiana, so let's get moving you Hoosier Hussys (no insult intended, of course). Deadline is March 15. Well, see yabe.
Dear Editor:

In reply to the letter by Miss Stiglich, we would like to clarify a few points about the purpose of the Mass.

The petition about the people of Israel was directed to both the Jews and the Arabs in that land who have suffered from the fighting. Neither side was condemned nor praised because of their actions but only those who take part in the fighting.

Concerning the war in Viet Nam, Miss Stiglich indicated that we are fighting to free the people of Viet Nam. Has it ever occurred to her that they do not want the freedom. The people that we are supposed to be defending have not shown the least sign of support to the Americans. If freedom is that cherished by all men why won't they fight for it?

And as far as inflicting our opinion goes, you Miss Stiglich, did not have to attend the Mass. The Mass was directed towards peace and if peace is not the ideal that you adhere to, you and your supporters may go on killing for freedom.

Bill Richert

Friday, March 21, the MARIAN COLLEGE Student Body will again embark upon another very traumatic experience. Students from all around our campus will come to the election booth to voice the opinion of the "un-herd majority." For hours we will gather around our TV sets to listen for the latest results of Student Board elections. Hopefully, we will be able to scrounge together enough candidates for an election. However, if we can't, Student Board will still have a free coffee hour, March 19. Then we can all sit around and find out what offices we could have run for and pray for good weather on election day. There will be conjectures on whether or not Dr. Guzzetta will now attend a presidential for our student government. Yet, we see more people concerned about MARIAN today than perhaps ever before. As Paul Kazmierczak stated last week, this may be a very crucial election for student government at MARIAN. We are giving each other the opportunity to build or help destroy MARIAN. Filing for office closes at 4:30 p.m. today. We hope people are aware and concerned enough to act and make this a valuable election.

Mr. Crabs

The Guardian reprint once bore the inscription "DEFEND THE PANTHERS" but not on the back cover of the FIORETTI.
Dear Editors:

In an article in the Phoenix, it was stated that the black man has stereotyped the white man. It is also true that the white man has stereotyped the black man. However, the problem in stereotyping is that both races have set the standards of what is valuable to them.

Christ preached love in his sermons and his parable about the "Good Samaritan" is the most relevant in today's situation between the black and white races. It should tell us that we should love everybody and not just the people of the same color and those who are friendly to us. The "Good Samaritan" did not only treat the Gentile equally and fairly, but he went beyond this and gave without receiving anything in return for what he did. This is true love.

In our capitalistic society, we believe that we should receive when we give. But we should not let this affect our relationship with others. We should be able to give without expecting to receive anything in return. Through our example the person may learn to understand and respect. The black and white man must not only have equal rights but they must learn to love each other. Love is not writing "for black only" on coat racks and talking about the "niggers" and "honkies". Love is not segregating the white race from an organization which was established to create understanding between the races. God did not put us on the earth to become separate and predetermined but to become united and loved. We must eliminate hatred and create an atmosphere where true love in which the color of the skin is only a matter of heredity.

Randy Hess

(LETTERS continued from p. 2)

Now there is little doubt that the goal of every man should be to acquire as much money as possible. Obviously, then, one should not formulate principles which may hinder or make difficult the accumulation of the better things in this world. Now, this, of course, does not mean that one should not be friendly with others and have a limited concern for their welfare, but only that they should never let past benefactors cripple future plans.

Perhaps, there is need for classification. If in the past "little" friends gave you money and now you're in need for "bigger" money, then let your little friends and play up to your bigger people. Now in playing up to your bigger friends, don't do anything too controversial. For example, if a controversial speaker like Dick Gregory is coming to your college, then don't publicize it outside of the college community for everyone knows that could cause trouble and anyone knows that could cause trouble and anyone

Dear Editorial: include -- Basic Photography, Judo, Elementary Cooking and Introduction to Practical Medical Technology. A special course, "Selective Service Education," lead by a professional draft counselor from the Indiana Inter-Faith Center, John H. Imbler, will begin this coming Wed., March 19. Mr. Imbler states that the purpose of the course, "is to promote a general understanding and a reasonable knowledge of the Selective Service System with special emphasis on the Selective Service Act of 1967. This course will in no way attempt to sway the opinion or general consideration of the student, but moreover to inform them of their rights and responsibilities under the Selective Service law." It is felt that this course can be very valuable to MC students and is not only restricted to males. Meeting time is presently set for 9 p.m. in one of the SAC classrooms. Watch the bulletin board.

Please add the correction to the REACT schedule that Basic Automobile Repairs will meet in SAC 1 and not the Green Hall Garage.

For REACT courses to start after Easter include -- Basic Photography, Judo, Elementary Cooking and Introduction to Practical Medical Technology. A special course, "Selective Service Education," lead by a professional draft counselor from the Indiana Inter-Faith Center, John H. Imbler, will begin this coming Wed., March 19. Mr. Imbler states that the purpose of the course, "is to promote a general understanding and a reasonable knowledge of the Selective Service System with special emphasis on the Selective Service Act of 1967. Notice of MARIAN'S REACT program is now expanding to include the assistance of Mike Consolino, Rana Senninger, Mike Miller, John Mahoney and Dave Hollingsworth. The formal Board for this summer and next year will be formed later this semester.

The paperbacks for the Black Subculture course are expected in the bookstore soon -- we hope.

Tentative plans are presently being made for an old fashioned Doyle Hall coffee hour, Monday evening, March 31. The hour will center around panel discussions on "Sex and/or Love: six views." Panel participants are planned to include a married couple, two single college students and a priest and a sister. Additional information will be set forth on REACT also.

Watch for the magic REACT buttons - coming soon.
