In Passing

You have seen it as you have passed on your way to the cafeteria. It is small and simple in size, yet in beauty hidden within silk and gold rests the Treasure of the world. And that Treasure is yours, if only you would take a few moments out of your daily work to make a visit to Our Lord in the Blessed Sacrament. This small sanctuary in Clare Hall is yours at will. Drop by today—tell Him we sent you.

Music

A convention for Music Educators will be held in Louisville: May 1-4. Attending will be Sister Vitalis, President of the Archdiocesan unit, and member of the National Advisory Board; Sister Ruth Isaac, Moderator of the Student Chapter, Irene McCarthy, Jo Anne Krieger, Margaret Windsor, Mary Kops, Rose-Mary Glaser and Mary Ann Lindeman.

Irene and Jo Anne will participate in a National Voice contest on Monday. The others will attend meetings on Monday and Tuesday.

Introducing

It is with great pleasure and personal gratification that the Carbon announces to Marian College students the forthcoming Music Recital to be given Saturday evening at 8:15. The Recital by two graduating Seniors, Irene McCarthy and Jo Anne Krieger, promises to be most worthwhile and entertaining. This Recital, which will be given in the Auditorium, is open not only to us students, but to the public as well. So we encourage not only you to come, but also ask you to bring all your friends and families as well. This should be a must for all. Good luck to you both, Jo Anne and Irene!

"In Spring, a young man's fancy turns to thoughts of .... " You may fill in the space as you like, for we are sure that individual tastes would certainly dislike the idea of monopolizing Spring's connotation. But the lesson behind that old, time-worn bit of wisdom is this. Spring is the time of year when all nature, starting from the lowest form thereof to the highest, man, greets life with a new vitality and energy. To sum up the two adjectives, we'll call them "SPIRIT."

Spirit plays a controlling factor in our lives, for without it we are no more than our surroundings which would form us. Spirit is that which makes us move forward— it is our success or failure.

Now that most of us have overcome our spring fever, we feel lively and active. We want to do things. We feel freshness with the verdant green things of nature, we feel ambition surging within us as high as the brilliant blue skies—in other words, we have spirit.

Spirit, as any motion, must be guided. For this drive could easily take us down many blind alleys, spending us both with no compensation. For those who have and feel this spirit, guide it like a tried and proven helmsman, harness tight and fast this windy Pegasus to your will... and then yours will be the rewards of the spirit.
GOODIES, GOODIES, GOODIES

ATTENTION COMPOSERS!

The Song Contest has not ended. The closing date has been moved to May 13. There is still time to give your entry to Sister Mary Vitalis or Sister Ruth. Don't let Marion end the school year without a song.

QUIET PLEASE

We are all guilty of a very bad habit. It seems that the moment we leave chapel we must begin talking to the person next to us. This must cease in the vestibule, which is considered a part of the Chapel. From now on, silence is the word. Thanks.
