QUEEN OF THE CAMPUS

Voting for the Campus Queen is going on even as this is being put to press. Unfortunately we cannot hold the CARBON up to find out the results of the election. All Senior girls are eligible for the honor. We hope that everyone has turned out to vote and that the choice is yours.

FIORETTI FUND

Hey there! You with the coins in your pocket--or extra coins on your pants. The Fioretti is in need of some Drachmas in order to be published. You can either contribute or get some private or business patrons to the tune of $1.50. Let's see what we can do.

EDITORIAL

Due to the fact that my cohort decided to go conventioning instead of spending some late hours over the typewriter, there will be no COFFEE CORNER today. Perhaps in the next edition of the CARBON my wandering partner will review some of the more educational points of the Music Convention. This may not happen though, for I already have talked with him and all I can gather in the way of interesting news was a little anecdote concerning a glass he brought back with him. $1.50 you say? Really?

BEWARE OF SEA MONSTERS

From the deep, dark bottom of the Lake came an unknown monster. Marian was being invaded. The monster first appeared in the Mixed Lounge, causing a panic among the female students. The boys captured the monster and carried it away to the Chemistry lab for further inspection. After some experimentation and much deliberation the monster was christened Turtle. But beware of future sea monsters, accompanied by male students.

COMING ATTRACTION

FALL IS JUST AROUND THE CORNER

Registration for the present Juniors and Sophomores will be held the week of May 9, in the Dean's Office.

Registration for the present Freshmen will be held the following week in the Dean's Office.

A list of subjects to be offered next semester will be posted on the main Bulletin Board. Be sure to check this list and also to check with the head of your major department to decide on your program of study.

ROW, ROW, ROW YOUR BOAT

The boats are on the Lake. They are locked to their moorings and are minus oars. This state of affairs can be taken care of by a trip to Sister Mary Berther's office. She will give you the key and the oars. The equipment must be returned to her office.

Any damage done to the boats or oars will have to be made good by the culprit.

PLAY BALL!!

The Marian Knights have won one and lost one to the Fall Creek Athletica. The score of the first game was 4-3, in favor of Marian. The second game was lost 14-7.

While we are on the subject of sports, just a reminder. It has been decided by the Faculty and the Student Board that there will be no more ice skating on the Lake for the remainder of the semester.

JUST A REMINDER

As the weather improves and you begin to spend more time out of doors, please be careful about papers, cigarettes, and such. Keep them in their proper place--the waste paper basket.
