"WELCOME"

The Carbon wishes to take this opportunity to welcome the new students. We hope that you will find that one of the advantages of being in a small college is a "sense of belonging and not just one of the mob."

P.S. Stay away from the bridge games.

CAUTION

All students are requested to be very careful when they start cutting classes. Let's not have the trouble we had last semester concerning this. You know the student can come out only second best in this bout.

WHAT HAPPENED?

The semester marks made a slight impression on the members of the basketball team. The boys didn't suffer too much. The remaining four members of the original team were given emergency first aid when they were informed of the marks, but they are now in fair condition.

Ed Seyfried had to comb the highways and byways of Marian to floor a team for the game against St. Joe. Considering the short time they had to practice, they did a fine job.

QUOTABLE QUOTES!

Mr. Cannibal Cook: "Shall I boil the missionary?"

Mrs. Cannibal Cook: "Don't be silly. That's a friar!"
**DEAN'S LIST**

It's consoling to look at the bulletin board and see that there are some students here that are not on probation. Let's hope the marks this semester will be better than those of last semester. All it takes is a little study and attention in class.

**IN MEMORIAM**

"The doors swing in, the doors swing out; some pass in, while others pass out." As usual at the end of the semester you have new students coming in and old students going out. Some of the familiar and friendly faces will be seen no more in these parts for a while. Some of the departed transferred to other colleges and others found greener pastures elsewhere.
