FIELD DAY

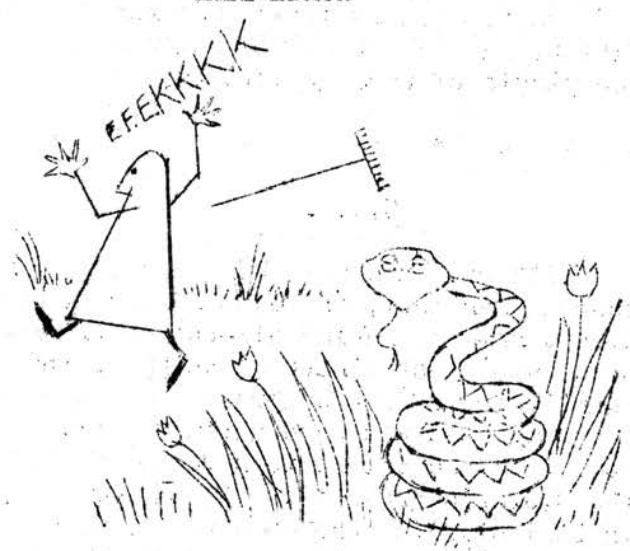

The Field Day, for which we are indebted to the A.R.A. and the M-Men's Club, was indeed a magnificent spectacle. Never have so many enjoyed themselves so much for so long. But, as happens everytime some of our students are allowed to talk to girls, there was a childish display of gradeschool nonsense. No names will be mentioned, but it seems to the CARBON that those imbeciles could at least act in a manner becoming to a college student, even if their mentality is almost nil. Have you ever heard of college students chasing girls for the explicit purpose of stuffing grass down their backs?

Despite all this, we're sure that everyone attending that clambake had a real nice time. The games provided fun and entertainment for participants and spectators alike. We doubt if you could find any cheaper and any more wholesome recreation anywhere!

FAMILIAR SCENE

by
GAIL EBACH

BASEBALL

On May 22nd the baseball team journeys over to Riverside Park to play host to Huntington. This is within walking distance of school, so how about a little support for the team? Let's all go over and watch the game.

ALL-SCHOOL DANCE

On June 1, 1956 there is going to be an all-school dance. This will be the last affair of the year, so y'all come! Only \$1.50 a couple. The Commanders will provide the entertainment. It's semi-formal, but don't you think there should be more than one formal dance a year????

HAYRIDE

Tonight there's gonna be a hayride! Sponsored by the M-Men's Club, this glorious affair will kick off at 6:45 with a caravan leaving school to go to DeHart's farm where the festivities will commence. Only \$1.50 a couple...not bad! Oh, yes, we almost forgot to mention this- NO ALCOHOL!

FLOATS

The M-Men's Club float, which provided many laughs at its satire and originality at the Field Day parade, was the brain-storm of Mike Kramer. And the other float, which provided the Residence Hall with the other five dollar prize, used four thousand napkins. Because both floats were so good, they couldn't decide between them, so both won first prize!

SOPHOMORE CO-OPS

The test results for the Sophomore Co-ops can be obtained from Monsignor Doyle any afternoon in the Chaplain's Office. Said office occupies the last vestibule of the Chapel. The Monsignor is available Tuesdays at 10:30 and Wednesdays at 9:30; also any afternoon or after Benediction in the evening for the resident girls.

WHY?

Why aren't the tennis courts lined off? When the question was asked the answer was vague. Wasn't that supposed to be done two months ago??

DEBATE

Today at 12:30 the newly-formed Marian College Debate Team will make their first public appearance in front of the students and faculty. The subject for debate will be whether or not the weekly Thursday morning assemblies should be compulsory. If you have class during this period, contact your teacher for permission to attend. This will be a very interesting assembly, so, if it's possible, be sure to attend!

ORCHIDS AND ONIONS

ORCHIDS...to the lettermen and women of Marian College, who won their awards last Tuesday evening!

ONIONS...to a certain student who keeps insisting that he sees pink sisters!

WATER POLO GAME

The Marian College Boys Water Polo team will play a game next Sunday afternoon. Time: 1:00. Place: I.U. Medical Center. That's next Sunday, May the 20th. Why not drop over?

GIRLS' SWIM MEET

The Girls' Swim Meet scheduled for next Saturday afternoon with the Purdue Club has been canceled. This was to have been the last meet of the year for the girls' club, so they'll be all finished until next year!

CONGRATULATIONS

Congratulations to Therese McCarthy for being chosen "Outstanding Woman Athlete of the Year." Congratulations also to Lillium Gonzales and Erna Gibson, who were the only women recipients of varsity letters.

C.C.C.

With only a couple of weeks of this school year left, the Campus Conservation Corps are making all-out effort to do some last minute cleaning up and beautifying of our campus.

Many students have already donated much time and effort to several of the C.C.C.'s projects. The campus is beginning to take on a new Spring look. Much more, however, must be done before the end of semester, if the campus is to look lovely next Fall.

Any student having some spare time and energy should contact Sister Adelaide in the Biology Lab.
