Our college was recently accepted in two national organizations; The American Association of Colleges and Universities and The American Council on Education. What does this mean to you? 1) The prestige of the college is heightened by such membership. 2) Both organizations offer important and useful educational services, and 3) Membership makes the college eligible for grants restricted to members.

The circulation figures in the Phoenix give cause to wonder about the students who have been talking about ways to better library services. Seems like what we have is more than most people want.

Knights Again Victorious

We Won! Friday night last the Marian Knights triumphed over Concordia at Fort Wayne, the final score being 87-64. Bill Swatts led the team with 22. Charlie Boehm and Bill Murphy ran a close second with 20 points each.

Last night’s game was not quite as satisfying as Manchester took the game with a score of 95 to 67. Many comments about refereeing seemed to indicate that the fans were disappointed in more than the score.

Coming Up:

The next game, the last of this season will be on February 28 versus Huntington College at 8:00 p.m. in the Cathedral gym. Let’s end the season with a record attendance. All those associated with the team are working for a tremendous turnout, so let’s back them all the way. As usual all you need is your Student I.D. for admission; it will be 50¢ for adults and 25¢ for students.

Called "The Last Chance" there will be dancing from 8:30 to 11:30 in the Lounge. Admission will depend upon your height - 10¢ a foot. Thus if you are a giant the tab will be a little high but most of you will pay 50¢ or 60¢. The dance is a d.j. dance and the name of the d.j. is still a secret.
