

WEEKEND FOR PARENTS

The week-end of May 5-7 will provide the campus with visitors and many scheduled events in honor of Parents. Sponsored by the Social Council under the direction of Jeanne Whalen, the college welcomes the parents of resident and day students and the faculty.

This is the first year that an entire week-end of activities has been planned for the parents. Friday the registration begins, a theatre production will be presented at 8:00 p.m. and an Ice Cream Jubilee will be held in the Perc from 7:00-11:30. Saturday

morning the Continental Service begins and Open House in Clare and Doyle Halls will be held beginning at 12:30 ending at 5:00. The 'Beer Garden' is scheduled from 1:00-3:00 p.m. outside the Perc. Mass, the second theatre performance and a special in the Perc, line up Saturday's schedule. Sunday, which anticipates the largest crowd, hosts another Open House, the Drum and Bugle performance at 1:00 p.m., the Style Show at 1:30, and the Marian vs. Butler baseball game at 2:00 p.m. An Honors Convocation in the Library Auditorium

at 3:00 p.m. precedes Dr. Gatto's reception at the Allison Mansion from 3:30-5:30.

Housing arrangements have been made this year also. The 14 doubles occupancy rooms that were available in Doyle are now filled.

Faculty members are encouraged to attend activities in order to become better acquainted with the parents.

The Social Council hopes that the interaction of students, parents, and faculty will be of benefit to all.

Requirement Cutback !

The modification of the philosophy - theology requirements was discussed at a general faculty meeting held Thursday, April 27, at 12:30 in Rm. 251. The plan adopted by the Faculty Council the previous Thursday states that ALL students take a total of 15 hours in philosophy-theology, with a minimum of six hours in each area and the other three from either area. This reduction will go into effect for all students in September, 1972. That ALL students, i.e., non-Catholics as well as Catholics, will be expected to take the philosophy and theology courses will begin with the freshman class of September 1972.

Since no particular courses are specified within the 15 hours, part of the discussion centered around suggestion from the philosophy and theology depart-

ments as to which courses might be best for students to take. It was pointed out that Logic, because it deals with correct reasoning which is necessary for every college course, is of great value. Ethics, Philosophy of Man, and Metaphysics (Philosophy of Being) were other suggestions of important philosophy courses for student consideration.

The theology department is devising a new course entitled Studies in God and Man which may be of great value to the student. It was also suggested that Christian Morality and New Testament ought to be highly recommended.

This reduction in hours does not mean that these areas of study are no longer as important for the student as they formerly

were. It means that the college sees the value in giving the students more flexibility in planning their own program of studies. Hopefully, students will see the importance of philosophy and theology in their education and opt for more than the 15 hours required.

Implementation of Guest Hours Ahead

On April 26, 1972, the Board of Trustees of Marian College approved a new Guest Hours Policy for Residence Halls. However, as of May 1, no decision has been made as to when the proposal will go into effect.

The conditions under which

the Guest Hours Policy were approved are as follows:

1. It is on a trial basis for one year subject to evaluation at that time.

2. Students and staff are responsible for the success of its implementation.

3. Persistent rumors about improper use of the system could cause the continuance of the program to be seriously jeopardized.

'The Guest Hours Policy was initiated, developed, and proposed by students. It should be particularly satisfying for students to see the proposals adopted. I'm sure that students will use the privileges afforded in the policy in a responsible manner,' stated Dean Brames.

'This policy, of course, is not limited to 'student' guests, but parents, other relatives and friends of students, as well as faculty, may be guests of students,' he further stated.

On Monday, May 1, both Clare and Doyle Hall residence staffs and student leaders along with Dean Brames discussed the implementation of the policy. Today, Wednesday, May 3, at 9:30 p.m., there will be a meeting for all Clare Hall residents and at 10:30 p.m. for all Doyle Hall residents. The purpose of the meetings is to discuss the implementation of the new policy.

Jean Grady was crowned queen at Saturday's prom, "Patterns of Happiness." To the right stands Bruce Miller, Miss Grady's escort for the evening.

PRE-REGISTRATION

Pre-registration for Fall 1972-73 will take place this week and next week. Next year's seniors and juniors are to meet with their Department Chairman sometime during this week before Friday. Thursday and Friday, May 4 and 5, class lists will be signed in the Reading Room 207. The times are as follows: 8:30-11:45 am and 1:00-4:00 pm.

The following Monday thru Thursday, May 8-11, next year's sophomores and second semester

freshmen are to meet with faculty advisors in the Academic Advisement Center or with their Department Chairman. Class lists will be signed on Thursday and Friday, May 11 and 12, in the Day Student Study Lounge (ground floor, MH) as follows: 8:30-11:45am and 1:00-4:00pm

The following information concerns students on the Teacher Training program. Those students seeking advice on the Elementary education program should see either Sister M. Patrick or Sister Stephanie in Room 201. Students in Secondary Education seeking advice should see Sister Marilynn in Room 202.

For consultation on the Honors Program, students should see Sister Adele in Room 204.

MARIAN MANS BOOTH AT EXHIBITION

In an effort to salute business in the state of Indiana, the Chamber of Commerce is sponsoring an exhibition to be held in Convention Hall, May 5-14.

Marian College will man a booth that will offer information and slides depicting student life and the educational opportunities offered here, at Marian.

Marian College is one of the few schools to be represented. This will enable the general public to become aware of Marian and what it has to offer. Approximately 30 faculty and staff will participate in this project, from noon to 10:00 p.m., during the 10-day spread.

Responsible for this opportunity are the Admissions people. Faced with only positive results, Mark Rutledge had this to say, "The primary reasons Marian College is at the Indianapolis exposition center are two-fold: first, to acquaint the public with the role Marian College is playing in education and secondly, to provide any information for students who may still be undecided regarding their college future."

CONVOCATION

On Sunday, May 7, from 3:00 to 3:30 p.m., the Honors Convocation will be held in the library auditorium. The convocation will honor those students, primarily seniors, who have been elected to honor societies, whether general or departmental, those who have been selected for Who's Who Among American College Students, those completing the Honors Program, those who are candidates for an honor degree, those receiving grants or fellowships, and those who have received special departmental honors. Dr. Gatto will give a short talk for the students and their parents. Immediately following the convocation there will be a general reception in the Allison Mansion for Dr. Gatto and his wife, and for the students who were honored at the convocation and their parents. All are invited to attend the convocation and the reception.

Marian students rehearse for the next theatre production, SMART Bug.

MORE STUDENT CHOICE

The lowering of requirements in the Philosophy and Theology courses should prove to be beneficial to many. Perhaps some students have felt that too much emphasis has been put on religion and philosophy courses in the past. It seems that the Theology and Philosophy courses require much time and participation, yet the participation and discussion enables the student to express his thoughts openly and inquire about current events, problems that are interesting, and different views of man. Theology is a basic part of a liberal arts education and it

does enable one to open his mind to critical evaluation. Yet the lowering of it, along with Philosophy requirements, will still allow the student to benefit from these disciplines in a Christian way and make time for other subjects that might be required.

This gradual lowering of requirements will now allow time for students to put more emphasis on their major. All in all, this may be the first step and one of many which will hopefully take place in the future.

Recognize this area? This is how the stairs to the lake and the surrounding area looked around 1945. In the picture can be found some concerned ecologists of the past. Some of these and others returned to Marian Sunday, April 30, to celebrate 25 years of Biology.

HELICOPTERS SIGHTED AT MARIAN

Early Friday, April 28, they arrived—two helicopters belonging to the Indianapolis Police Department. Under the direction of Sargeant Steige, students and visitors were introduced to the physics of flight in a real demonstration with the helicopters. Sargeant Steige was aided by Lieutenant Lawrence, who was able to add much interest, as he heads the police helicopter service in charge of rescue and spotting operations.

When asked to comment, Professor Schultz of the Physics Department, the person responsible for the helicopter's appearance, said, "This demonstration is a very positive and effective means of learning the complex functions of air foils, controls, gyroscopic effects, lift, drag, and communications equipment."

Pictured at left is a member of the Police department showing some students the works of his helicopter.

All Set For Field Day

Field Day 1972 will be held in the field near the Drum and Bugle Corps Building Wednesday May 10. All classes from 11:30 on will be cancelled so that both day and dorm students can participate in the activities. The schedule of activities is extensive and varied as Booster Club seeks to spark the interest of all students and faculty.

After a lunch served for both day and dorm students, the intramural sports awards will be presented. At 12:30 the games begin with the egg toss. The thought of raw eggs flying through the air gives definite encouragement to those who love to wear old clothes. Pre-championship powder puff football games are next on the agenda. After the girls finish their battles, the guys begin with their own "war" each class trying to pull their opponent into the mud by tugging at opposite ends of the strongest rope they can find. In memory of the great Homecoming Week, Booster Club has next scheduled a pig chase, but with the tables turned- girls will be chasing the pigs this time. By three o'clock the he-she game, a new addition to Field Day Activities, will be getting underway. Come and see what it is all about. Pie-eating is next, followed by relay races beginning at 3:30. Then everyone gets a rest, except the players, as the girls determine the 1972 powder puff champions. After the game, the Field Day trophy will be presented to the class with the highest number of points accumulated in the day's activities. The day will be rounded out with the intramural championship softball game.

Taking a break from observing wildlife around Eagle Creek are Dr. Michael Eoff and several members of the Biology and Conservation Club. The group took a field trip to the reservoir last Saturday.

Spotlighting

Sherry Meyer and Carol Wethington

Behind the door of the Fioretti room in the SAC building the two co-editors of the literary magazine are busy typing up last-minute details for the spring issue. Sherry Meyer and Carol Wethington say students can expect the Fioretti the third week of May.

The two English majors have varied interests outside their common pursuit in compiling the literary magazine.

Sherry is a junior who plans to teach high school after graduation. Working 20 hours a week at a card and gift shop near her home takes up most of Sherry's free time. However, she does find time to write poetry on her own and manage a menagerie of fish, four turtles, and her dog, "Snowball."

The Fioretti automatically sparks a series of comments from this co-editor. "I'm pleased with the results of our efforts. I see so many different contributions. Our material is collected from the students and I feel it should appeal to quite a number of the student body."

As a speech minor, Sherry has been active in the past few theater productions. "I would like to do more, but time and transportation often is a problem," she said.

The situation of the day student at Marian College is acutely felt by Sherry. "I feel that being a day student involves problems with college life but I don't think they are insurmountable. If both sides can become conscious of the difficulties, then communication may help alleviate the dilemma," she commented.

Carol likewise feels that the upcoming Fioretti will be especially worthwhile. "One can see the talent that is there," she said in regard to the numerous student contributions. "Because she is planning a high school teaching career, she feels her hours of work will pay off. "I'm getting plenty of experience working with offset printing and with organizing material," she added.

Most of Carol's spare time during the day is spent working on the Fioretti. Twenty hours a week she is a telephone operator, one of the many things she does while on the job at a downtown department store.

With little time left over, Carol likes to do "small things" or "I enjoy arranging flowers for the house, embroidering, or reading," she said. Her tastes in reading are both contemporary and classical. Janice Holt Giles is her favorite modern author, and Blood Sweat and Tears and Bob Dylan typify the music Carol enjoys.

Both Sherry and Carol feel that the "Renaissance" theme of the Fioretti will be interesting and rewarding to all who pick up a copy of "the book" as they call it.

DIAMOND MEN SEEK N.A.I.A. BERTH

KNIGHTS SPLIT PAIR

Despite the washing out of a scheduled twin bill here on Saturday, the Marian Knight baseball squad still managed to tack on another win this week as they derailed the Rose-Hulman Engineers by a 9-2 count in the first game of a doubleheader on Wednesday at Terra Haute.

Coach Lynn Morrell's baseballers, despite losing the second game, now stand at a very fine 14-5 on the season and have a very good chance of gaining a berth in the N.A.I.A. playoffs. Here are the details.

MARIAN 9
ROSE-HULMAN 2

The Knights must have put their hitting shoes on the way down because they immediately exploded for three big runs in the top of the first.

Larry Unser, sacrificing his body, was hit by a pitch and came all the way around to score when Ted Ahaus rocketed a double to left center field. Ahaus, in turn, scored on Ken

Tyrrell's two bagger for run number two and then watched as Tyrrell rode home on Paul Norman's live shot up the middle to make it 3-0.

Marian counted their final four scores in the sixth and it was all over but the shouting. Jongleaux ignited the rally when he doubled to left. After moving to third on a passed ball, Jongleaux scooted home on Unser's sacrifice fly and the fireworks began. Ahaus was safe on an error, Pawlik walked, and Tyrrell singled to plate another run and promptly singled home Pawlik and set the stage for Tyrrell's scoring on Gary Ambrecht's sacrifice fly.

Rose Hulman scored a couple of meaningless runs in the late innings, but were too far behind to catch the talented Knights.

Ted Ahaus, turning in his second straight sparkling performance on the mound, racked up six big strikeouts and walked only one.

ROSE-HULMAN 1
MARIAN 0

Marian must have used up all their hits in the first game as they connected for only two safetys and fell victim to a fine pitching performance.

Ahaus and Pawlik lined back to back singles in the fourth, and coupled with Tyrrell's walk, loaded the bases with one out.

Duffers Up To Par Against Quakers

Coach Roy Pille's linksmen now beginning to round into form, suffered two heart-breaking defeats last week as they were edged by a mere five strokes against both Rose Hulman and Wright State.

Against Rose Hulman on Tuesday, the Marian turf crunchers performed at near perfection yet still fell to defeat.

Team captain Mike Pacheco shot a 75, Tom Ewald and Joe Kuzmitz 76's, Tom Blank a 77, and Mike Isban a 78 to round out the Knights top five finishers.

Traveling to Earlham on Friday, to battle with the host

But the rally fell through and the Knights were forced to settle for a split.

Pat Zapp turned in a real good performance as he too yielded only two hits. But you can't win without runs and Zapp was made the loser.

Zapp's loss was probably hard-

er for him to take than anyone because his brother from Rose Hulman was the winning pitcher. As anyone with a brother would know, it is bad enough to get beat, but getting beat by your brother is doubly hard to take.

school and Wright State, Coach Pille's duffers once again were edged by only five strokes. "Ace" Ewald toured the course with a 76, Tom Blank, who didn't shank, fired a 78, and Mike Pacheco, perhaps worrying about a test taken earlier in the day, added a 79.

"Joe Kuzmitz," said Joe Kuzmitz, "played his usual great game and roared into the clubhouse with an 83." Al Dorko,

noted for his brilliant control of his temper, was one behind with an 84. "Pretty Boy" Isban, said by his teammates to spend as much time in front of the mirror as he does on the golf course, had an off day and recorded a 90.

Marian did, however, beat Earlham and it was by a gigantic 21 strokes. Perhaps this was the stepping stone the golf team needed to start a big win streak.

(K)Nights' Netters Netted

Marian's youthful racketeers despite displaying an unusual tenacity and a burning desire to win, once again fell victim to fate as they were defeated by Thomas More in a close 5-4 encounter.

Coaches Ed Schilling and Joe Kempf, doing a remarkable job of improving the Knights, had the netters charged for this one, their first home match of the season, but a victory just wasn't to be.

Classy Tom Babione and determined Ray Burger recorded key wins in singles play, and then teamed up to grab the top seeded doubles match to account for three of the Knights' points. Larry Gullas, with a little help from partner Tom Sluss, ripped off another doubles match for

point number four and gave the blue and gold their highest point total of the year.

The match, played on the "beautiful" asphalt courts here at Marian, was watched by a small number of spectators, curious to see what tennis is all about.

The Marian College Athletic Department will sponsor an Athletic Banquet to honor all those involved in the athletic events of this year. This prestigious happening will occur on May 15, at 7:00p.m. in the Clare Hall Dining Room. The meal will be buffet style. Price is \$3.50 per person, and resident students will be admitted for \$1.50. Everyone is invited!

*"Hello, Liberty Foundry?
The bell you sent us
just cracked."*

More and more companies are publishing long distance telephone numbers for customers to report manufacturing defects. They know it's the easiest way to iron out problems. More economical, too. For example, you can call Philadelphia, Pa. for less than \$1.00 when you dial direct after 5:00 p.m. Next time you want faster action on any problem, get it the easy, economical way. Dial direct.
