- WARA Badminton, I C Gym, 8:00-10:00

THURSDAY, APRIL 20: Sophomore Area Tests, 8:30-11:30 a.m.

# CARBON

The views expressed are those of the individual writer and not of the institution as a whole!

## 1972-1973 STUDENT BOARD OFFICERS

President - Mike Mottram  
 Vice-President - Marigrace Platt  
 Secretary - Camilla Consolino  
 Treasurer - Vince Ryan  
 Academic Affairs - Nancy Perkins  
 Student Service - Ed McCord  
 Social Council Chairman - Ray Burger  
 Social Council Vice-Chairman - Sarah Bergin

## EDITORS

Carbon - Pam Murray and Ed McCord  
 Phoenix - Agnes Baccala and Kathy Giesting  
 Fioretti - Ellen Dugan and Sherry Meyer

## Student Representatives in Faculty Council

On April 11, Faculty Council passed a motion concerning Student representatives in

the Council which had originated in Student Board. According to the motion the President of the Student Board, one other Executive Officer, the Student Services Committee Representative, and the Academic Affairs Representative will be full Faculty Council members with debating and voting powers. Two other representatives appointed by the Board for specific issues will have debating but no voting power, when that issue arises. Formerly only the President of Student Board was allowed to sit on Faculty Council with Debating though no voting power. Two other observers were allowed to attend and could be recognized to speak.

This motion was the first real step in giving students real participation in College policy making. Faculty Council should be complimented for this sign of trust in students.

EMc

## To the Marian College Community

Plans have been made to sponsor a book drive in order to collect books for Indiana prison libraries. This project (The Campus Community Book Drive) will run from April 24th to May 10th. We are asking for any books--all kinds. These will be transported to Indiana Women's Prison, Indiana State Prison at Michigan City, Indiana State Reformatory at Pendleton, and Indiana Girls and Boys Schools.

The idea for the book drive originated at I.U. in Bloomington, where most of the groundwork for organization, publicity, and transportation has been completed. Questionnaires have been sent to several state penal institutions, and based upon requests from these institutions and their library needs and facilities, the above 5 were selected for the project's concentration.

Students at Butler, I.U. (Indianapolis), and Marian are working with the organization in Bloomington to collect books in the Indianapolis area. We ask you to go through your "collection" of books and pick out those you don't want anymore to give to the drive. The prisons need books-- all different types (from textbooks to magazines) and for all reading levels (especially 4th grade through college).

Also, if any clubs, classes, or organizations are planning on sponsoring a free activity, we ask that they charge an admission of one book. The Sophomore class is sponsoring a Coffeehouse Saturday (8:30 to 11:30) and has given its support to this project with immediate co-operation. Admission to the Coffeehouse will be a book (even comic books are OK). It is this kind of support that is needed by the entire community to help serve the needs of the prison libraries.

When the drive officially opens (April 24) boxes will be placed in various locations on campus into which books may be dropped. The need is tremendous, as the prisoners depend on personal contributions for reading materials available in their libraries. (there's not all that much to do in prison, so the library is for the most part the "hub" of activity)

If you have any questions, please contact me. If you have any extra books, don't throw them away.

## Editorial

A half hour after the last Carbon came out before Easter I received a phone call from Dean Brames concerning my editorial on academic requirements for a candidate. I had contended that this regulation was a college requirement enforced by the Office of Student Services. Dean Brames wished to make it clear that it was a college requirement and that his office does not enforce it. He said that each organization should itself enforce it. If this was not done it would then probably be the responsibility of the Academic Dean. I immediately got in touch with a member of the Election Committee. She said that when asked if Sarah Bergin could be declared a candidate, the Academic Dean told the committee that it would be up to the Dean of Student Services. Whether Student Services is responsible for the enforcement of this policy is therefore unclear.

I suppose from Dean Brames's point of view the interview he had with Sarah was merely informing her of the college policy at her request. From the other side, following from the Academic Dean's statement, it was taken as an enforcement, and was influential in keeping Sarah's name off the ballot.

I therefore stand by the accuracy of my editorial in actuality, though the buck-passing on who is responsible in theory for enforcement of the regulation continues.

## CLARE HALL ELECTIONS

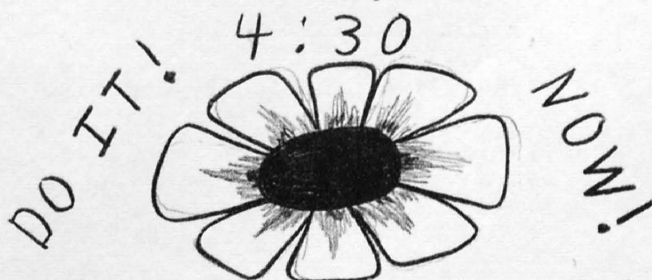

President - Ruth Mauer  
Vice President - Terriann Schiering  
Secretary - Jeanne Eliason  
Treasurer - Brigid Flannery  
Social Council - Rita Kirchgassner

## NOMINATIONS

open for:

Two Day Student  
Representatives  
to the Student Board,

in the Perc,  
until Monday, April 17,

Mixed Volleyball

Well fellow droogs, the volleyball season has opened as of Wednesday. The right side league saw Meep Meep and the Roadrunners race be team #1; Luscious Legs liquidated the Net Profits; Henway surprized Good Golly! Missed Volley! even thought Jack Cannon brought the crowd to its feet when his left shoe came untied and he suffered a jammed finger trying to tie it. Neither the Six Pack or the Totem trash Bags played so a double forfeiture is pending in Commissioner Mill's office. The left side league saw Subject To Change beat the Cricket Clic, Salt and Pepper pulled down the P.J.'s, Seagrams 7 blasted Blasted Area. Your humble friend and narrator was there as Hamm's Six Pack used the old in out in out to defeat the Mokers. The clock-work like precision of Ratsee Curran, leaping Cathy Boyle, and Spike Yunker was overpowering. The Mokers were impressive as Carol Sue Smith constantly set up Vlad McNimery with her slams off the ceiling.

Current Standings:

<u>Left Side League</u>	<u>Won</u>	<u>Lost</u>
Subject to Change	1	0
Salt and Pepper	1	0
Seagrams 7	1	0
Hamm's Six Pack	1	0
Cricket Clic	0	1
P.J.'s	0	1
The Mokers	0	1
Blasted Area	0	1

<u>Right Side League</u>	<u>Won</u>	<u>Lost</u>
M.M. and R.	1	0
Luscious Legs	1	0
Henway	1	0
Good Golly Missed Volley	0	1
Net Profits	0	1
#1	0	1
Six Pack		
Totem Trash Bags		

Softball

What is a softball? What is a Lonnie Litmer? The first question has been answered recently, but the second remains unsolved. No one seems to have a record of wins and losses so no statistics are presently available, but if someone will let me know who wins what, or someone gets phatom Litmer to post a schedule for the season, there may be something to report. Meanwhile, the search for the elusive organizational moguls continues. Vince Ryan is offering a pair of his corrective tennis shoes as a reward for the puzzle solver.

Hamm

APPLAUDS:

- Faculty Council
- Baseball team
- Golf team
- Jay Farrell and the Sophomore class
- new dish racks in Caf
- The Light Show (thank you, Mother Nature)
- Spring Vacation

HISSES:

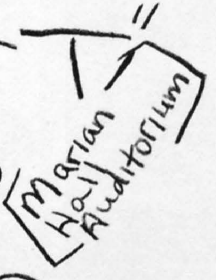

- lack of Day Student Reps
- guard in library for ringing bell and turning off lights at the same time
- outside fishermen at lake (why do Marian students need IDs and they don't?)
- doorknobs in Caf
- bugs in Carbon office (and Pam's coke)

Saturday  
April 15<sup>th</sup> -

FRIDAY 8:00  
sponsored by  
CLARE HALL BOARD

## INDOCHINA BOMBING

PROGRESS REPORTS OR  
CAMPUS OUTS & ABOUTS

Make no mistake about it, the essential strategy of "Vietnamization" is the direction of the most intense air bombardment in human history against the population of Indochina. The US has dropped over 6,500,000 tons of bombs; more than twice the total of WW II. This is 300 lbs. of bombs for every man, woman and child in Indochina, and 22 tons of bombs per square mile in Indochina. Over 50% of the total has been dropped since Nixon came to office. Large sections of the Indochina countryside resemble a surreal moonscape, defoliated and pocketed with thousands of huge bomb craters. It is impossible to accurately ascertain or comprehend the civilian casualties. Perhaps more than 1 million have been killed by the air war; many more have been wounded and maimed (there is literally no civilian medical programs on the part of the US or puppet regimes). Millions more cling to a marginal existence in "refugee camps" or the wretched urban slums of Saigon, DaNang or Vietnane.

It is evident that the US intends to maintain the air war at a constant or increased level for an indefinite period. This represents the most massive, murderous technological onslaught in the annals of human history. The most technological developed society in history using its technology against relatively small, underdeveloped, mostly peasant societies in order to crush and terrorize them into submission.

Taken from The Air War,  
Rich Hall, Committee of  
Concerned Asian Scholars

## "HATS OFF TO ALAN"

Much apology to Alan Roell for the unintentional omission of his name in the "Hotel Paradiso" (P)Review in the last Carbon. For those who saw "Hotel", I don't have to tell you how good he was. His role was one of a bungling, bureaucratic, nearsighted man that was characteristic of the whole show.

**COFFEE**

Sophomore  
CLASS

In the **HOUSE**

Perc

**SAT. - 8:30**

Admission: 1 Book,

(any kind), to be donated to

Indiana Prison Libraries

Food Reduced Prices! - Entertainment!

A representative group of students, administrators and faculty met with two members of the Committee on Student Affairs from the Board of Trustees. The purpose of this meeting was to discuss the Guest Hours Policy. The Board of Trustees will vote on this crucial issue on April 26.

Look for voting on the MCSA Constitution in the upcoming week.

Five student leaders (?) plus one administrator will be attending a student leadership conference on April 21, 22, 23 in Utica, Illinois -- to facilitate leadership.

Coming soon sports equipment for Clare Hall women and new bicycles -- to facilitate fitness and femininity.

Finalization of the Yearbook -- hang in there staff -- hate to refund all that money.

**FREE ANGELA!**

Hear her sister,  
Fania Davis Jordan,  
speak at
