" THE LAST CHRISTIAN . . .

Nov. 7

the view from here

October of 1966 was the arrival time for the Student Board's program for Academic Freedom. The CARBON hopes this very same program will not succumb to the cold winds of November, as all indications point to this situation. The CARBON seeks the re-vitalization of this vital program, one which could affect all of us, and all who might choose to attend Marian College.

A glamorous opening discussion immediately captured the emotions of all on campus, but the Board has never captured the minds of these same people. To state it simply, the program has lost the enthusiasm of the student body; and the defecting populace is not to blame. The Board's task is to provide the guidance for such a program, and it now appears that they are failing. The second meeting under the title program lacked direction and conviction; some discussion groups' most important question was whether to smoke or not. Board members must take it upon themselves to revive this dying effort, or follow it to the graveyard of previous unsuccessful attempts.

Circumstances, perhaps beyond the control of the Student Board, made discussion #2, "in loco parentis" appear rather unprepared. In order to give both the students and the administration a meaningful program, the Board must reveal the problems, not create them. Prior to their first meeting, the CARBON visioned the Board's task as long and arduous. The mammoth program would demand time far beyond this year. Once again, the CARBON urges the Student Board to give Marian College their total effort. This should be more than enough.

PBR'S SMASH TERRIBLE TOM'S - INTRAMURAL CROWN

After playing bridesmaid for 3 years, the senior dominated PBR's demolished the AFL Champs the Terrible Tom's by 42-0 count. Larry Hart threw 5 TD passes for the champs, while his team mates manged six interceptions. Stymied by a crushing defense and an inconsistent offense, the Tom's spent the entire afternoon with their backs to the goal line.

Never in recent years has such a devastating attack been seen in intramural play. Center Jim Peggs played his usual animal game and completed a perfect hike season. Several stars have already been drafted by the big leagues, ie; they're seniors. Commons, Cardis, Sanders, Kirchner are all ready for bigger things. A CARBON tip of the cap to the 1966 Champions, the PBR's.

AND -- BASKETBALL OUTLOOK IS ROSY (not Thomas)

MC hardcourt fans got a look at the '66-'67 version of Cleon's kids last Saturday in the annual Varsity-Alumni game. The "old men" fell behind early and could never catch up. The Varsity won 96-74. The Knights travel to Huntington this Sat. night to lift the lid. (sports by JT)

A MATTER OF TRIVIAL CONCERN

We were there when they opened the envelop marked "Top Secret." We were there with the judge, trying to be objective, laboring painlessly over the many entries--both of them. We were ecstatic at the thought of someone getting two passes to a good uptown movie downtown. It looked official.

We were infinitely more ecstatic because of the friendly aspect of the game. We were glad that the winner of trivia and the writer of trivia shared the same washbasin--were susie-suitemates behind Rootie Kazootie's back.

We want to see more of this but on a bigger scale. As a public service we present the Van Doren tip of the week:

A	I	M		M	E	N

ACTION PRESENTS

a step in the direction of Community Awareness. Are you 21? Voting Tuesday? No? Fine. Yes? Better. The Action Education Committee is sponsoring an Elections Coffee Hour Mon., Nov. 7, 7:00 P.M., Men's Lounge.

Hosted will be an official representative from the Republican and Democratic parties to present the issues on the National and local scene and answer all your questions. Whether you will vote in Tuesday's election or not, this should prove an excellent opportunity for you to get in the political know!

BOARD REPORTS

Judy Rexing squinted, Welch's mouth opened and closed but nothing came out, and O'Kane mumbled something about making the right and just decision. The other Board members stared into space struck with the realization that this was truly a momentous decision. After a quarter of an hour someone suggested forming a committee to investigate whether the extra ping pong paddle in the Board office should be used in the mixed lounge or in the men's dorm. Thus postponing the major decisions of the year until further facts could be learned. We congratulate the Board on its temperance and prudence.

THEY COULD HAVE GLANCED ALL NIGHT

Praise, honor and glory to the stalwart protectors of the cement tree. Ever vigilant ever alert to rumors of imminent attack upon the symbol of knowledge, they succeeded in undermining the attempt at sabotage that came from within the very confine that is graced by the presence of the jewel-studded sapling. The insidious plot preyed upon the gambling instincts of the Greeks from across 38th St., by organizing a pool among them, the booty going to those who successfully de-stated the lawn of the knight's quarters. Faced with the possibility of an attack during the pre-dawn hours, those tireless guardians of all that is sacred forsook the pleasures of sleep to ward off the Hellenic forces. What more can any student do than to give up his sleep for his statue?

LETTER TO THE EDITOR:

Congratulations to the M-Club and Major Schneiders on the memorable success of the M.C. Dance. If the hours of hard work and determination of the M.Club is indicative of the upcoming athletic campaigns, our college will have a winning varsity schedule with some well deserving fans. After a few misunderstandings, the fighting spirit of an athlete through.

YOUR NIGHTMARE GIRL

Now's your chance, fellows, to get back at those Marian Maids. Didn't get asked to Sadie Hawkins, did you? Well, don't vote for that ingrate for Homecoming queen. Yes, the annual election time is here, Nov. 7, to choose two, not just one, beautiful girls from each class, for Homecoming candidates. Although they say beauty is relative, well while it's relative... That's Mon., Nov. 7 two candidates from each class, 8:30-4:30 in front of the auditorium.

Future CARBONS will feature featured Homecoming features. Watch for your very own Homecoming calendars next week.

RELIGION IN TOWN

Community Action Committee Meeting , Tues., 12:30, Room 251. Mr Robert Owen of Catholic Charities will speak on the opportunities for service to the community of Indpls..

The quiet little freshman co-ed from the country was on her first college date, and thrilled beyond words. She didn't want to appear contrified; she had put on her prettiest dress, got a sophisticated hair-do and was all prepared to talk understaningly about music, art or politics. Her hero took her to the favorite college cafe, and ordered two beers.

She, not to be outdone, murmured:
"The same for me."
