DISAPPOINTED

This year's senior class is following the pattern of last year's graduating class in regard to interviewing on campus with potential employers. Most of the schedules go empty or at most half full. Seventy-five percent of the possible interview slots to date went unfilled! This is not only tragic in the sense of missed opportunities for employment, referrals to other employers, advice and tips from the recruiter, presentation of your skills, interests, career goals and background, practice at negotiating with employers, etc. -- it is also tragic for Marian College and subsequent graduating classes. Employers contact schools where they have a working relationship, and employ past graduates whose performances speak well for the institution. Cancelling interview schedules due to no interviewees is hardly a good working relationship.

Last year, 14 employers after scheduling on-campus interviews did not come due to lack of students. Of these, only two rescheduled this year. If we have a similar response due to this year's cancelled schedules, we will be in trouble bringing employers to campus. (Being a small college we already have difficulty in getting employers on campus.)

Most of the 71 interview slots that were filled this year (25% of the possible slots) were prospective teachers, accountants, or business managers (in that order) with those academic areas supplying the students. The liberal arts majors, who traditionally experience the most difficulty in securing employment, have not interviewed or established placement credentials except for a few people. If all of you have finalized post-graduation plans, I can understand the cancelled schedules (your plans must have been finalized by early second semester). I hope all of you gain satisfying entry level professional positions, and will help you whenever you come in, but you have passed up some very good opportunities. I will not be surprised if your options are not the best when you do start to seriously explore the job market. Please, wake up and be proactive in working on your future.

Sincerely,
Merle Tebbe

Aargh, me, buckos. See Peter reporting. What's gnu? (Chortle, chortle) Oww! That hurt, Bette! Okay to the news The news is (how's that for a nifty transition?): One-acts and art shows! On the art front, we have an all-artist show, concerning anyone in the arts department and featuring sculpture and painting and a few surprises! It's going up this weekend, so be sure to see it, And remember-no flashbulbs, and copies are available in the gift shop. And on your right we have-where am I? Oh, sorry! Anyway, the theatre department will present one-acts in a few short weeks. Offerings include; "Mrs. Dally Takes a Lover", with Pam (Polish Princess) Wetula and Jim (the Stomach) Carroll; "The Brute", with Mary (Yummers) Hazel and Maark (Type-cast Again Dammit) Trierweiler; "The Nightbird Siggeth Before Dawn" with Vicki (In Your Dreams) Gioscio and Michele (Elite) Ellis; and dates and other particulars later.

Now, as I was saying-what? Oh, Okay. Take over, Bette. Bye! Hello, Dahlings. Bette here. I've gotten rid of that fat fool and sent Margo and Ben off to Iceland. Really, dears, I can't believe how I've been ignored these past few columns. All that's changed. You want to hear a joke? Tough, I'm telling it anyway. What's red and green and goes up and down? Give up? It's a frog in a blender. Oh well. GONG! What the...? Take your hands off me! Let me go!! Tah!

Bette (I've been supporting my local bar for years. Mom needs the business.)

See Peter (early and gag the rest of the day)

P.S. a one-woman tour-de-force from Marcia (NOT MARSHA!) Russell. -- sorry Miss Blaine!

1978 - 79 College Work-Study

Students currently employed through the College Work-study program are reminded they have the option of selecting their job or jobs for the next year. The following stipulations are placed on this option, however.

First, students must contact the supervisor in the department they wish to work. This should be done prior to the conclusion of this semester. Supervisors will have the right to decide whether or not they wish to have a particular student working in their department. The supervisor must provide the Financial Aid Office written notification of those students he or she wishes to hire.

Second, the Financial Aid Office reserves the right to deny departmental requests for particular workers should it be determined that the department has a sufficient number of workers to meet departmental needs.

Third, all requests must be finalized before August 1, 1978. The Financial Aid Office will be unable to honor requests after this date. Student workers not formally requested by a particular department will be assigned by the Financial Aid Office. Therefore, if you have a specific department you wish to work for, you should contact the supervisor as soon as possible. Additionally, you should be sure that if that department wishes to hire you, they make a written request to the Financial Aid Office.

It must be pointed out that the fact a student is employed through the College Work-Study program this year does not necessarily mean he or she will be employed through this program next year. However by contacting the supervisor in the department of his or her choice, the student improves the chances of working in a job of interest should he or she remain in the College Work-Study program.

SCOR Corps

Even though there will be no formal Big Brother/ Big Sister Program, several students have inquired about the possibility of corresponding with an accepted student for the fall semester. If you are interested, please contact the Admissions Office, Ext. 218 and we will assign someone to you, matching closely as possible, the locality or interests of the persons involved. Since many students will be coming to pre-register, it certainly would create a sense of belonging if you were available to contact as host or hostess to them while they are on campus.

TO THE MASSES:

On Tuesday, April 25, at 6:30 p.m., Dorothy Smoot, who lived at Marian College last fall, will be receiving the sacrament of Confirmation. All members of the Marian community are invited.

TO THE MASSES:

Indianapolis Alumnae Chapter of Mortar Board has invited Marian foreign students to a reception in their honor: Sunday, April 23, 2:30 p.m., in the home of IUPUI President and Mrs. Glenn W. Irwin.

As a climax to their year's study of international relations, the chapter members hope, through this personal contact, to gain a better knowledge and understanding of people from other lands, according to Mrs. Wm. G. Schaefer, president.

Mortar Board is a national honorary with active chapters in more than ninety American universities. Active and alumnae chapters promote scholarship, leadership, and service on college campuses. They also sponsor a national foundation to provide financial aid for members in graduate study.

Reception guests should contact Marian staff member Sister Marie Pierre Batelle at 924-3291 or Mrs. Schaefer at 253-8561 to make reservations.

A SUBTLE COMPLAINT

It has been brought to my attention that the Mens' restroom in Clare Hall leaves little to be desired. Most of the time (9 times out of 10) the restroom reeks. This is not entirely the fault of those who maintain Clare, but also the fault of the guys who use the facility.

It's not bad enough that this is the only Mens' room in the building, but it is worse when one enters and then would rather wait until he returned to the dorm.

SNOW WHITE

Snow White and the Pillow People bade good-bye last Sunday evening after a week of lively performance. Though the play did not enthrall the "College Kids" so much, the cast did impress them by its acting effort. This time many of the Theater majors backed off back stage giving a chance for the others to expose their hidden potentials.

What is important here is how they entertained the hundreds of tots who trotted into Marian Hall for some moments of entertainment. And from what we saw on their faces as they came out of the hall one could see how much they enjoyed the play.

Snow white did light up their spirits. What's more they were even able to meet in person, their stars after the show. I think every Marianite should be proud that their college was able to make these lovable and adorable people happy. WE are happy when others are happy.
