### Alcohol Policy

Last Sunday at the Student Board Meeting, a special committee was formed to draw up a new Alcoholic Beverage Policy. This type of policy is not new to Student Board, for they had one presented to Faculty Council last year only to be defeated. A lot has been learned by the Board concerning such a policy and I feel that the decision to draw up a new policy is a good one. Certain state restrictions regarding alcohol on a college campus are currently being investigated and the formal policy should be submitted to faculty council by December.

I believe it is imperative that the student body, as a whole, back this policy once it is formulated. Last year, one of the major reasons why the policy failed was the lack of student support. This is not to say that students did not agree with the policy, but the general lack of vocal support on the part of students impaired the policy greatly. I genuinely feel that students were afraid to speak out on this proposal for fear of some factions of the college community looking down on them.

Much has been said concerning alcohol on campus from faculty and administration. Much of it is well taken, but on the other hand, many of the comments illustrate a general mistrust of students to make responsible and mature decisions concerning alcohol. Most students know the implications concerning the use of alcohol. This is not to say that any decision made by a student (or anyone for that matter) concerning alcohol will be a good one, for wrong decisions are made by everyone, even 21 yr. olds. One must keep in mind that there is a definite distinction between irresponsible and responsible drinking.

I would like those who sit on Faculty Council to re-examine their opinions concerning  
(don't on page 2, col. 2)

Dear Carbon,

On Sunday last, Sept. 30, 1973, Student Board unanimously approved a proposal of great importance and potential value to the Marian student. This was the Proposal for a Student Representative to the Board of Trustees. The proposal is an excellent one I feel, but I take issue with Board's proposed selection of this representative. The following passage is taken directly from the proposal as it was voted on by Student Board:

"The Student Representative to the Board of Trustees will be elected by the Executive Board of the Marian College Student Association in May, in order to serve for the following academic year. Only the officers of the Executive Board of the Marian College Student Association can be nominated for this position."

Specifically, I take issue with the Board limiting the candidate for representative to Executive Board members, and the voting to the Student Board members. A position of such potential importance to the Student Body should be elected in a general election, and the Representative should not be limited to an Executive Board member, but to any one who would meet the requirements to be elected to Student Board.

President of the Board, Mary Grace Platt, and the other members who unanimously agreed with her, based her rationale on this item that the Marian Student is not informed, qualified, intelligent, interested, etc., enough to be trusted with the task of selecting this important person. She stressed only a Board member has competent enough to select this person, and only an executive member to hold the office.

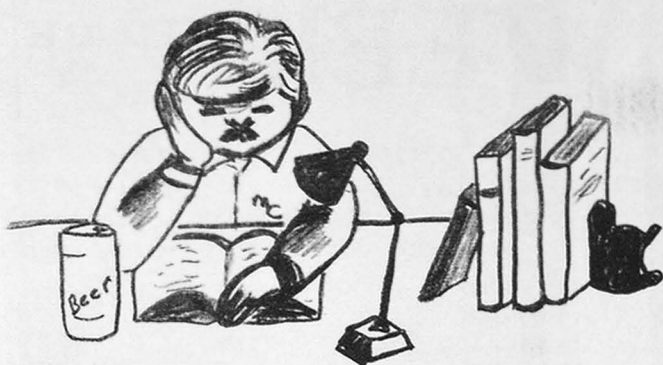

To a great extent she is right. The mere fact that this proposal passed 11-0 in favor of, without ever being presented to the Student Body in a Referendum is evident of the Marian Student apathy.

I for one, feel qualified enough to select a competent Student Representative, and I can think of a number of qualified students to hold the position in question besides the Executive Board officers.

The Board claims that the students will be, indirectly, voting through their elected Board members. This is not true. Would Mary Grace like to see the President of the U.S. elected via the House of Representatives??

I hope the Marian Student will take the initiative to protest this part of the proposal by contacting a Board member and expressing your displeasure, or petitioning, anything at least. Show Mary Grace & her elitist Board that the Marian Student does have an interest in Student Government. It is important that the Board be answerable to the students who elect them, and not above them.

Coyt Walters.

an Alcoholic Beverage Policy. Isn't it a fact that one of the goals of the college is to enable students to "develop a capacity for judgement." Doesn't this capacity for good judgement apply to students' ability to make mature decisions, right or wrong?

#### Student Board

Agenda- For Oct. 7 meeting Social Council Room  
7:30 pm

#### Old Business

- 1) Marian College Association of Collegiate Veterans' Constitution.
- 2) Amendments to the proposal for Student Representatives.

#### New Business

- 1) Money motion for adding machine for Student Board.

#### Minutes - Sept. 30, 1973

The meeting was called to order; the minutes were read. The Clare rep. announced that an ice machine was purchased for Clare Hall Women. The Junior Class announced that the Marrot Hotel was chosen for the Prom's location. Academic Affairs Rep. announced that the proposal to drop the P.E. requirement will be presented at the next Faculty Council meeting.

Under old business, Marita Schiedler and Theresa Densberger were nominated and approved by the board for Religious Affairs Committee. Jeanne Whalen moved that the Student Board withdraw her previous motion of revising the Social Council Constitution. This was seconded and agreed to by consent. The Board also discussed the U.B.I. budget of 625.00 was agreed upon by the Board and passed 10-0-1. The Manasa Budget was passed 10-0-1 after Jay Farrell explained the error in making up their budget.

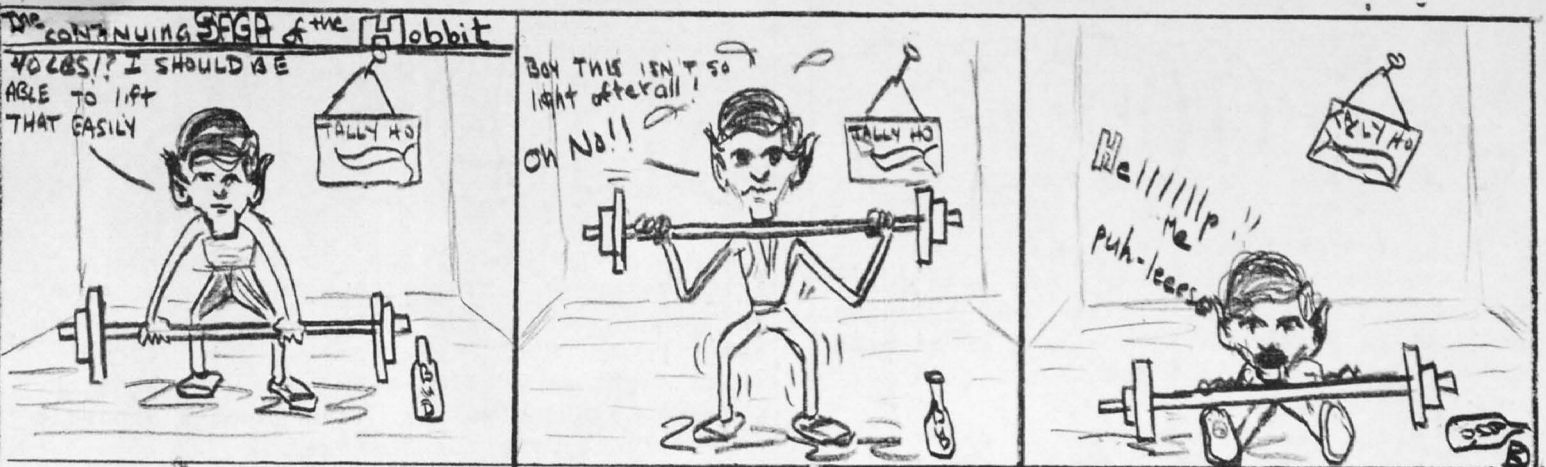

Under New Business, the proposal for a Student Representative to the Board of Trustees was discussed and passed 11-0-0. Also, a special committee to draw up a new Alcoholic Beverage Policy was set up. The meeting adjourned by everyone's consent.

I remember the good old days, when men were men and life was simple. My three years here have brought me many fond memories. But most of all, I remember Hobbit.

Dan "Hobbit" Ryan is probably best known on Marian's campus for his ability to hold his beers. (He holds them with his ears instead of his hands.) Yea, he was quite a W.B. Fields back in the old days. Once he got going, he wouldn't quit until he finished his weekly quart of beer.

The most famous of Hobbit's adventures occurred freshman year. He had had a rough week and decided he was really going to "hang one on". He starting drinking his quart about 7:00 and was already half-way at 9:00. I could tell he was really in a drinking mood that nite. About 9:00, "the gang" dedided to go over to the Perc for some fun and games. Dan decided to stay behind and finish the rest of his quart. We figured he would be done with it by 11:00, but soon it was 11:30 and there was still no sign of him. I began to worry. After all, a quart of beer was quite a lot to drink, even for the Hobbit. We decided to head back and see what had become of that sly little fox.

Upon entering the hallway, we could faintly hear the cries of the Hobbit. Moose was scared and asked me for my key so he could check out the situation. He ran down and opened the door. "Oh, my God," he screamed. We flew down the hall to see what could be the matter. There was the "immortal clancy" (Hobbit) laying on his bed, moaning, and reaching for the phone. A set of weights laid across his chest; trapped. "Help me, please," he cried. Moose grabbed the weights with one hand and laid them on the floor. Evidently, Hobbit had felt a tremendous surge of strength after finishing his quart, and had decided to try and do something he had never done before; lift 40 pounds. Ah, the things some people try when their drunk. The weights proved to be too much for him and forced him back onto the bed. He was trapped beneath them for 2 hrs. He tried to reach the phone to call for help, but to no avail. "Thanks," he whispered as Moose left the room. Yea, the Hobbit was quite a drinker. He drinks about as well as he weightlifts.

# SPORTS SHORTS

The past week's games proved once again that the league is well balanced, as no team lost by more than 35 points. In the opening contest, the Degenerates scored in the last 30 seconds for the second week in a row to defeat the Dirty Dozen 12-7.

The second game saw the Vice Lords trounce the Nutcrackers 32-0. The offense, consisted of quarterback, Pat Zapp, throwing to receivers Dave Jongleaux, Jay Farrell, and Paul Gerth, with John Purcell and Moose doing most of the blocking. This team seems nearly impossible to stop.

The Bad Joses kept pace with the Lords defeating the Stoned Rangers 32-0. The game was close at half, but the Rangers couldn't contain the Joses forever. In a game that nobody cares about, the Bruins defeated the Playboys 13-0.

In Wednesday night's game the Degenerates again were extremely lucky as two Vice Lords touchdown were called back late in the second half. The Vice Lords won that contest 35-0.

## STANDINGS:

The beginning has begun and now we will begin at the beginning with Monday night. After the opening ceremonies by the Drum & Bugle Corp featuring the M.C. Pages, action got underway and all went as predicted----- The highlight of Monday evening was the 9:30 game as Schuck's Garden plowed over the Snatches.

The second night of the beginning the upsets began with the Amazons and the Snatches actually picking up their first win. After the games Mom (Lynn) and the kids had a victory snack of cookies and milk, while the Snatches found their own way to celebrate. Stickettes taking the win over Wild, Wild West, had a minor injury when Kathy Harbor and Carol Ubelhor went after the same ball.

With Humanities calling we're striking 3 and heading for the bench.

Little Wap, Main, & Starkie.
